YOUR TRUSTED PARTNER IN TRANSFORMING  
YOUR AQUATIC DREAMS INTO REALITY

## About Us

Established in 1999, Euro Gulf Swimming Pools, LLC. emerged with the mission to deliver outstanding design and construction services for residential and commercial pools, spas, and waterparks across the United Arab Emirates. Since its inception, the company has grown from a modest two-person team to a workforce of over 50 highly skilled professionals specializing in planning, design, and construction. Our rich history reflects our commitment to excellence, and we eagerly anticipate the opportunity to share our expertise with you.

## Our Vision

At Euro Gulf, our commitment is unwavering prioritizing our clients' needs remains paramount. As our clientele expands, we pledge to uphold personalized assurance to all. Diligently propelling Euro Gulf to become a recognized regional powerhouse, devoted to supporting our esteemed customers and dedicated employees.

## Mission Statement

We aspire to deliver enjoyment, serenity, therapeutic benefits, and even luxury through our products and services. Our commitment is to take pride in our offerings and adapt them to meet our customers' desires without compromising quality, performance, or overall value. As a leading force in the pool care industry, Euro Gulf strives to surpass customer expectations in terms of quality, accountability, and integrity. We aim to consistently provide timely and exceptional products and services, whether it's related to projects, maintenance, or retail.

## Our Portfolio

Having navigated our diverse portfolio across the United Arab Emirates, we possess the expertise required to adeptly manage projects in a wide array of environments. Our portfolio includes a variety of pool types that include, but aren't limited to, the following:

- ✓ Swimming Pool
- ✓ Fiberglass Pools
- ✓ Spas & Sauna
- ✓ Fountains & Water Features
- ✓ Deck Area
- ✓ Water play system
- ✓ Mosaic & Porcelain Tiles

# FIBER GLASS POOLS

Fiberglass pools are a popular and durable choice for residential swimming pools, distinguished from traditional concrete pools by their pre-moulded construction using reinforced fiberglass materials. This method offers benefits such as a smooth, non-porous surface that resists algae growth and demands less maintenance.

**EURO GULF**  
SWIMMING POOLS LLC

# UNLIMITED FIBERGLASS POOLS

These pools come in various shapes, including rectangles, kidney shapes, freeform designs, and lap pools, catering to different preferences and space constraints. Sizes range from compact models for smaller yards to larger options for ample swimming and recreation space. The versatility in shape and size makes fiberglass pools an adaptable and visually appealing choice for homeowners. The smooth finish not only enhances swimming comfort but also reduces the risk of abrasions, providing a luxurious experience for pool enthusiasts.

**With us, your pool remains a sparkling oasis, ready for your enjoyment at any moment.**

## FOUNTAIN & WATER FEATURES

We specialize in crafting captivating landscapes through our expertise in fountain and water feature construction and maintenance. Our process combines artistic vision and technical precision to seamlessly integrate enchanting fountains into various environments, from contemporary urban spaces to serene garden retreats.

Our skilled artisans and engineers collaborate to bring your ideas to life, using top-quality materials for longevity and visual impact. Beyond construction, our commitment extends to meticulous maintenance. We preserve the beauty and functionality of fountains through regular cleaning, water treatment, and equipment maintenance. With our expert care, your water feature remains a dynamic focal point, captivating the senses and enhancing your space's ambiance.

# WATER PLAY SYSTEM & WATER PARKS

Experience the delight of aquatic play with our expert construction and maintenance services for Water Play Systems. Specializing in creating vibrant and engaging water play areas, our team combines innovative design concepts with meticulous engineering to bring dynamic and interactive features to life. From splash pads to themed structures, our installations prioritize precision and safety, transforming spaces into captivating aquatic wonderlands.

Our commitment goes beyond construction to encompass the ongoing maintenance of these water play systems. With comprehensive services including regular inspections, cleaning, and equipment upkeep, we ensure the longevity and safety of each feature. Emphasizing hygiene and operational efficiency, we guarantee that your Water Play System remains a source of joy, providing countless hours of carefree fun for all ages.

Choose us for a seamless journey from conceptualization to construction and ongoing maintenance of Water Play Systems. With our expertise and dedication, we transform ordinary spaces into vibrant, interactive aquatic experiences for everyone to enjoy.

# FOUNTAIN TECHNOLOGY & EQUIPMENT'S BY MESSNER GMBH

## ABOUT MESSNER GMBH

Founded in 1970, the company initially focused on trading technical products and soon expanded into producing pumps and fittings for special machines, establishing a dedicated segment. The pivotal year of 1976 marked the inception of our venture into the realm of spray fountains, laying the foundation for numerous product lines in the field of pond technology.

In 1994, introduced first in-house line of pumps, initially featuring a limited range of models that rapidly evolved into a continuously expanding, comprehensive, and well-defined pump family. Over the years, Messner pumps have been meticulously developed to cater to virtually any garden pond application, offering a compact, complementary, and flexible range of products. From pumps tailored for filters, streams, waterfalls, and spray fountains to filter technology featuring UV-C lamps for discerning pond owners, our diverse range extends to lighting and a myriad of water features.
