# INTRODUCTION

**Aqua Middle East** Swimming Pools is based in the emirate of Abu Dhabi.

We have established ourselves as a progressive organization having operations in the emirate of Dubai, Fujairah, Ras Al Khaimah and Abu Dhabi, backed by group of professionals with considerable experience in the arena of pool construction and maintenance.

We, as pool solution providers, strive to ensure 100% quality in our products and services.

Besides making pools, we have gained expertise in making spas, steam rooms, sauna, fountains and water features. Our exceptional design solutions and cost effective construction techniques helped us to establish ourselves as one of the well reputed pool contractors and solution providers in Abu Dhabi.

We are also a well reputed supplier of swimming pool equipment's.

We are supported by various international brands like Astral, Certikin, Aqua, Pentair and Atec.

Since the inception of the company in the year 2006, we were able to mark our strong presence in the Abu Dhabi leisure industry
