

We take this opportunity to introduce ourselves as one of the leading Generators & Spare Parts supplier over the Middle East international market.

We have been an established and popular company with excellent track records for the best customer satisfaction. We have never compromised on the quality and the services provided to the customer. We believe in keeping the customer happy and providing them with products at a very competent price. We have excellent staffs who will guide you with their best ideas by keeping in constant touch with your company and informing about the market trends.

Our services are available 24X7, 365 days a year

Please feel free to keep in touch with us about any of our business related requirements/quires. Please note that we also specialize in Maintenance and services for Diesel Generator for promoting present activities in the market trends.

Royal Power Generators & Spare Parts (RPGS) was primarily deal with sales & services of Diesel Generators, Automatic and Manual Transfer Switches, Generator Synchronization and installation of Generators.

RPGS sells only new brand products from the branded companies such as: Perkins (UK), Cummins, Lister Petter and also alternator brand such as: Stamford, Leroy Somer and ABB.

RPGS is well known and widely trusted fabricator of Generator canopies and Generator cart/ trolleys. These are fabricated using premium quality material adhering to internationally accepted standards with customization being done as per customer's requirements. The Diesel Generator for Power Generation ranges from 9kva to 2250kva and are widely used in building, telecom, ships, field construction and industrial power supplying area etc. With the advanced economy, power, reliability, durability and environmental safety, our diesel generating set is widely accepted by the customers all over the world.

The merit of our company is to offer a comprehensive service (Design, Fabrication & Supply and Erection) in the field of Mechanical Engineering Services. We can ensure timely project completion, end-to-end quality management and budget control. Our every employee believes value engineering is an important part of our work, and we provide solutions, not just products. Our teams of qualified, experienced engineers and technicians can create and build to client specifications, whatever the challenge. Our clients are ensured the highest levels of product quality and workmanship including on-time completion. Our mission is to provide high quality service/ product combined with trusted client partnership, and to maintain high health and safety levels and solutions to the client's need.

Perkins Diesel Generators

Perkins is one of the world's leading diesel engine and diesel generating set manufacturers since 1932, nearly 400,000 Perkins diesel generator quickly occupies the world market for the full specification, good structure, reliable performance, easy maintenance, low exhaust, long period maintenance. In the auto car, construction, agriculture, industrial and marine markets, major original equipment manufacturers choose Perkins diesel generator, engines, Diesel generating sets because of its fuel consumption, reliable and durable use.

The PERKINS engines adopt the latest technology and high quality grind-proof materials to make sure first level products, furthermore match the world famous alternators, strict tests before sale, the technology and quality can reach the best international standard. It features at low oil consumption, stable performance, easy

Cummins Diesel Generator

Cummins Inc (USA) has 2 joint ventures in china. The prime product cover the Cummins diesel engine, Cummins diesel Generator and dynamic drive Generating Set of B, C, L, K and M11 series licensed by Cummins Inc in USA All Cummins diesel generator and engine are at word class advanced level and high speed and horsepower. The Diesel Generator for power generation ranges from 25kva to 1000kva and are widely used in building , telecom, ships, field construction and industrial power supplying area etc. with its advanced economy, power, reliability, durability and environmental safety, our diesel generating set is widely accepted by the customer all over the word.

Continuous improvement of RPGS genet may result in dimension change, therefore all information given is for guidance only and subject to alternation without prior notice.

1. Genset Rating- Rating are based on ISO Std ambient conditions, normal 380- 400v 3ph 50Hz and 416-418v 3ph 60Hz. For performance outside these parameters please consult RPGS
2. Engine and AC alternator- Multi cylinders diesel engine close couples to STAMFORD alternator.
3. Genset base frame- The engine and alternator are closed coupled and mounted on a common heavy duty fabricated steel base frame.

Sharjah Airport International Free Zone, Post Box : 9362 / United Arab Emirates

Telephone : +971 65 619 665, Fax : +971 65 619 665, Email: info@royalpowergenerators.com, Web: www.royalpowergenerators.com

4. Genset daily fuel tank- Genset chassis up to 500 kva comprises a built in daily fuel tank of a capacity for 9 hours continuous operation
5. Genset control panel- Either manual or logically control and protect the genset
6. Genset circuit breaker- Enclosed in separate enclosure, mounted on the genset frame
7. Exhaust silencer- Industrial or residential silencer can be supplied, according to noise level requirements

ACOUSTIC Enclosure/ Canopies

Sharjah Airport International Free Zone, Post Box : 9362 / United Arab Emirates

Telephone : +971 65 619 665, Fax : +971 65 619 665, Email: info@royalpowergenerators.com, Web: www.royalpowergenerators.com

Royal Power services is distinguished Acoustic Enclosures, supplier, established in U.A.E. our soundproof acoustic enclosure are widely used in the modern industrial world. Moreover, our sturdy RPGS acoustic enclosures have received an admiring glance from local as well as international market. Lastly we offer robust RPGS acoustic enclosures, which are available at the pocket friendly price.

RPGS services offer Acoustic-Canopies designed for quick assembly and dismantling for meeting critical requirements of noise suppression of RPGS sets. The types available include both fixed or trolley mounted versions.

We Specialize in the Following

- Weather Proof construction
- Robust modular construction assuring high durability
- High generator set availability.
- Low noise level/ super silent sound proof
- Lowest life cycle cost
- Availability of eco-friendly option
- Vibration free enclosure
- Low maintenance.

Tower Lights

Royal Power Generators & Spare parts services also manufacture Tower lights incorporating Perkins Engine or Lister Petter Engine and are widely used in mining, labor camps for lighting, desert camps and these are used to light up remote areas where it is difficult to arrange lighting

Royal Power Generators & Spare parts services Tower lights are branded as RPGS Towers and have stood the test of time and also won the price uniqueness in the design application.

Sharjah Airport International Free Zone, Post Box : 9362 / United Arab Emirates

Telephone : +971 65 619 665, Fax : +971 65 619 665, Email: info@royalpowergenerators.com, Web: www.royalpowergenerators.com

ATS & Synchro/ Control Panel

Royal Power Services also supply Control Panels, Automatic Transfer Switches, Synchronization Panels and we have a special department for these specialized items. We also have a separate department for the design and getting approval from the municipalities. We also handles Automatic main failure, parallel operations, backup power solutions, containerized power generation, silent power generation, distribution panels and LV/HV switchgear.

Installation & Shipping Services

Royal Power Services have a specialized set of items that are exclusively for the installation of the generators and they are certified professionals installing and commissioning the generators.

Royal Power services also specialize in the generator shifting. We have special fleet of vehicles custom made to do the generator shifting if the customer wants to shift the generator from one sight to another.

Parts & Servicing

Royal Power Services is one of the few companies stocking and selling the spare parts for Cummins, Perkins, Lister Petter, Deutz, Daewoo, Caterpillar, Man generators. Our corrosion resistant generator spare parts are widely used in

everyday life. Furthermore, we are specialized in the manufacturing of ultramodern generator spare parts, which are available at a reasonable price.

Royal Power services is the pioneer in the field of generators service, we were the first company to be established in UAE doing servicing for the generators sold by the other companies also and providing them the 24X7 support at the reasonable price.

Annual Maintenance Contract Services

Royal Power Services is a distinguished AMC service provider, who provides honest Annual Maintenance Contract Services. Royal Power Services other trustworthy services include annual maintenance contract services, generator annual maintenance, AMC service etc. Our entire services are exclusively admired by our esteemed clients. Royal Power Services is famed for providing outstanding services.
