OUR SERVICES

Soft Landscape

We provide soft features of a landscape in a cost effective, timely and sustainable way to improve the entire outside look of your home without the expense of major landscaping. We can provide you an estimate based on your Landscape Design Plan. Our experts can even advise on several plant and materials substitution to increase the value and look of the space and cut cost. Our soft landscaping services include planting diagrams, mulching and soil conditioning, new planting, turf installations, rotary hoeing, tree and stump removal, high level pruning, tree care and tree assessment, bobcat and excavation work.

Hard Landscape

We provide hard landscaping services such as walkways, patios, paving, natural stones using hard raw materials such as concrete, wood and granite. We understand that hard landscaping will form the template of your final garden design, its important to get it right from the very start so that finished product is both long lasting and scenic.

We assure our clients of their design implementation in cost effective and sustainable way through the aid of our skilled workforce. Our hard landscaping services include paving, drainage, fencing, retaining walls, pool coping, cladding, turfing, lawns, decking and verandas, and stone work

Irrigation System

An effective watering system in GCC is vital for sustenance of landscape. We specialize in the installation of automatic irrigation systems that delivers water where it is needed, when it is needed – efficiently.

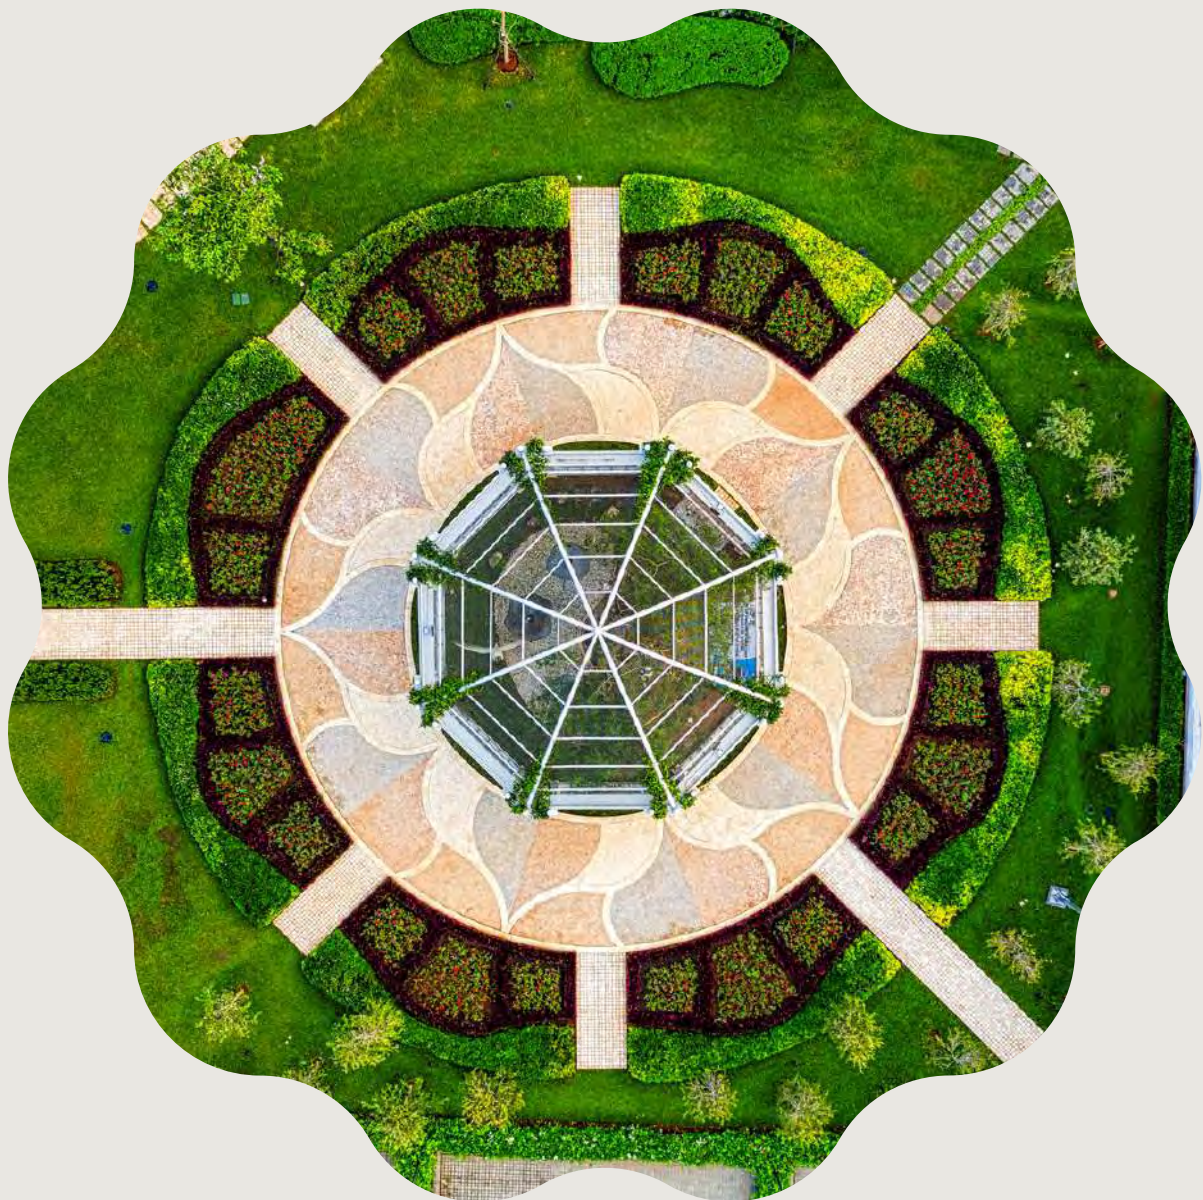

We use tried and tested resources, construction materials and machinery – as well as other craftsman and trades that we can be sure off to preserve your landscape. We can also advise you on drought-tolerant planting schemes, or landscape your garden to the best advantage using both systems. Green Image is able to deliver good value for money – working within your budget in versatile way.

Landscaping Design

Residential and commercial landscape designing is a specialty of Green Image, often after major rebuilding or refurbishment. Green Image has extensive experience designing gardens and outdoor spaces to enhance and complement an existing site, buildings and features; as well as the garden and recreational areas, this can involve driveways & paved areas as well as retaining walls, stairs and decking. We combine sights, smells, surfaces and sensitivity to space and light to mirror your own unique sensibility.

Green Image combine practical know-how and contemporary design expertise to realize your objective.

Landscaping Maintenance

Landscape maintenance is the crucial for long term sustenance of landscape scenic, and commercial value. Green Image offers annual and seasonal maintenance contracts to residential and commercial setups. Once signed in, we take complete responsibility of looking after your garden and the landscaping for the period agreed upon in the maintenance contract.

Additionally, we will advise you on markets trends and seasonal requirements. Maintenance services include the pruning of plants, weed control, administration of fertilizers and pesticides, and mowing of lawns.

Water Services - Swimming Pool

At Green Image we pride ourselves on taking simplicity of service to a new level. Thanks to our experienced team, we can create a completely bespoke pool and landscaping package for you. We work with you to determine exactly your envision for your backyard and we will tailor a design and construction package that best meets these needs.

We'll take budget, style and the available size into consideration and explore a number of alternatives. We will work to your conditions and create a stunning outdoor space that will enhance your lifestyle for years to come.
