2

All our panels are assembled by qualified and trained personnel with the assistance of modern tools and machinery.

Trading Division

3

Has emerged as a leading supplier of all kinds of electrical goods, electrical fittings, lighting solutions and electrical accessories in United Arab Emirates.

COMPANY PROFILE

With a humble beginning in 1975, Al Murjan formerly known as General Electric Service started its journey with a handful of people. Mr. Badiul Alam the founder of Al Murjan had one purpose in mind and that was to deliver quality work at a very reasonable price. Based on strong ethics and his engineering excellence he was able to deliver high quality work at the lowest possible price. Because of his honesty, skills and hard work he made Al Murjan Electrical Installations as one of the most reputed Electrical Contracting Company in the United Arab Emirates.

The Difference, What differs Al Murjan from all other companies is that we do not under any circumstances, compromise on quality. Our affordability comes thorough engineering and planning because of which we can save our clients hard earned money. Delivering a project on time is important, but what is more important is to provide after support. We provide continued support for your project even after hand over.

To further enhance our services to our loyal customers we inaugurated Al Murjan Star General Trading LLC. Al Murjan Star General Trading imports and stocks all kinds of electrical goods and hardware required for electrical contracting projects.

Al Murjan Star General Trading offers a wide range of products that includes Wires, Cables, PVC materials, Flexible PVC pipes, GI conduits and accessories, GI pipes, GI flexible pipes, Exhaust fans, Electrical switches and sockets, Energy saving lamps, Tube lights, Halogen lights, Metal halide lamps, PVC glands, Brass cable glands as well as all kinds of hardware and tools used in the construction and building sectors.

OUR VISION

Our vision is to make our customers and clients life easy and make them believe that honesty still exists, it's not a myth. Our growth is important to us but what is more important is that how people remember us.

OUR MISSION

To provide our customers and clients with unparalleled customer service by delivering quality and genuine products on time.

OUR CORE VALUE

Client Satisfaction

Ultimately, satisfied clients are the building force of our company. We ensure to establish long and healthy relationship with our clients.

Employee Satisfaction

We share, we communicate, we help and we work as a team. Brick by brick our employees strive to build a strong foundation for themselves.

Integrity

Business with no ethics is a business for a day, Business with ethics is a business for life. We understand integrity and hard work is the key ingredient for a prosperous business venture.

Innovation & Excellence

"A day spent without learning is a day you have failed to grow." Our continuous research and development has helped us deliver better results at more competitive prices. Our research and development is the key to achieve excellence.

Team Work

Together Everyone Achieves More.

OUR COMMITMENT

"We were there for you yesterday, we are here for you now, we will be there for you tomorrow and we will be standing by your side all the time."

Registered Electrical Contractor:

Dubai Electricity and Water Authority (DEWA)

Member of:

Society of Engineers-United Arab Emirates.

CONTRACTING DIVISION

The first company to be established under Al Murjan Group in 1975. Founder and visionary Mr. Badiul Alam had nothing but faith and confidence in himself when he ventured into this business solo. And now Al Murjan Electrical Installation LLC is known as one of the most reputed Electrical Contracting, Maintenance and Switchgear Company in Dubai.

With our presence in the market for over 30 Years, we guarantee our work and assure you that 30 years of experience is put to work. Our company is registered with DEWA and we do all Load Schedule Design, Electrical Circuit Drawing and DEWA processing ourselves. We assemble Electrical Distribution Boards (Main to Final), Capacitor Banks, Metering cabinets and Control panels up to a maximum rating of 2500 Amps. Our panels are also approved by the Dubai Development Board. All our panels are assembled by qualified and trained personnel with the assistance of modern tools and machinery. We are therefore able to provide premium quality panels with a warranty for satisfactory performance, which is backed by our principal suppliers under whose authority and training our panels are designed, assembled and tested.

TRADING DIVISION

EVER SINCE ITS ESTABLISHMENT, AL MURJAN STAR GENERAL TRADING L.L.C.

The company's immense success can be attributed to the immense talents and experience of the company's CEO and General Manager, Mr. Mohammed Murshed Alam, who has been in this specialized field for many years and is a qualified Electrical Engineer having graduated from the prestigious State University of New York at Buffalo. His expertise and extensive knowledge of the field are primary factors in the company's runaway success.

Al Murjan Star General Trading offers a wide range of products that includes Wires, Cables, PVC materials, Flexible PVC pipes, GI conduits and accessories, GI pipes, GI flexible pipes, Exhaust fans, Electrical switches and sockets, Energy saving lamps, Tube lights, Halogen lights, Metal halide lamps, PVC glands, Brass cable glands as well as all kinds of hardware and tools used in the construction and building sectors.

Al Murjan Star General Trading imports and stocks all kinds of electrical goods and hardware required for electrical contracting projects. You will find everything under one roof thereby saving you time and money looking around and picking different materials from different places.

The company specializes in the assembly of electrical panels like LV Panels, Main Distribution Boards (MDBs), Sub-Main Distribution Boards (SMDB), Distribution Boards, Capacitor Banks as well as complete electrical Control Panels.

Most of the company's products are of European and Asian origin, mainly from leading and reputed manufacturers in Italy, France, Spain, China, Malaysia, Taiwan and India. Additionally, you can also find a complete line of locally manufactured products. All the products supplied by Al Murjan Star General Trading are extensively tested for quality and performance in our in house testing center.

Being the supplier of such a wide range of products, Al Murjan Star General Trading has emerged as a major supplier of all kinds of building materials, electrical goods, hardware and tools in the local, regional and international markets.

The high quality of the products supplied and distributed by the company has played a significant role in developing a loyal clientele. All products supplied by Al Murjan Star General Trading meet stringent international quality standards and are available in-stock at very competitive prices.
