About Us

Alpha Emirates was established in the year 1985 and evolved as a limited liability company under the ownership of Shaikh Faisal Bin Khalid Bin Sultan Al Qassemi, a member of Sharjah Ruling Family.

Alpha Emirates delivers a cohesive recycling and waste management facilities. We provide effortless collection of recyclable materials through effective and economic waste management solutions. We also help our customers to meet their demands for the supply of recycled material in manufacturing and production.

To achieve a target of cent percent recycling of materials and to expand our operation and services we have invested in large scale infrastructure developments and facilities associated with it. This not only delivers the continued support of the global trend of achieving sustainable use of raw materials through recovery and recycling but also offers financial benefits to our Clients and customers, both supply and purchase.

Protecting the environment is an important task and we need your help to be truly successful. As one of the largest recycling company in United Arab Emirates, Alpha Emirates is committed to working with communities, local schools, businesses and organizations to help educate everyone about the importance of proper recycling and waste management.

The Alpha Emirates team constantly devote their attention to provide the best possible service to its customers. We have over 35 years of experience to prove it.

We understand that all our customers are exclusive. At Alpha Emirates we listen to our customers and work to fit in with their needs, and offer solutions acceptable to all parties and we all work as a cohesive team.

Honesty, integrity, compliance, care for the environment and serving the community are cornerstones of our social responsibility. Alpha Emirates takes great pride in being a privately owned and professionally operated company.

Our team is always approachable proficiently & friendly and our trained Account Managers help Alpha Emirates, to help you. We work together to achieve a profitable Waste Management solution for all parties.

Alpha Emirates work alongside the United Arab Emirates best-known corporations as well as small enterprises and a variety of public sector bodies.

A "one stop" solution provider for an array of companies, Alpha Emirates deliver professional high-quality recycling services to our suppliers and buyers the world over.

Our services include:

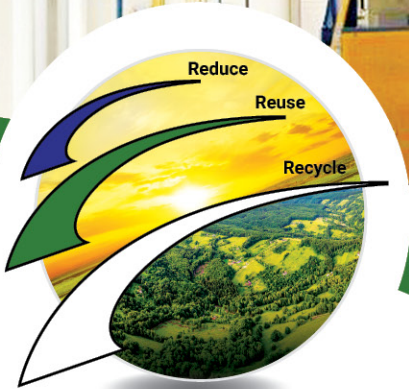

- **Paper recycling** – All Types of papers, News papers, Magazines, Paper cuttings etc.
- **Cardboard recycling** – All Types of Cardboard & Boxes.
- **Plastics recycling** – Films, Crates, Pipes & plastic products.
- Metal, Steel, Tins & Aluminum Cans.
- Municipality & Govt. compliance Certifications.
- Waste Management and Recycling solutions.
- Worldwide Import and Export Trading services of our materials.

There is no such thing as "away." When we throw anything away it must go somewhere.

"It's not how many customers we serve, but how we serve our customers."

*The company
was established
in the year 1985.*

Why Recycling?

By recycling one paper, we are saving Trees. Each ton of recycled paper can save 17 trees, 380 gallons of oil, three cubic yards of landfill space, 4000 kilowatts of energy, and 7000 gallons of water. This represents a 64% energy savings, a 58% water savings, and 60 pounds less of air pollution! We have been Greenifying Earth since 1985.

Environmental Protection

As a society, we must take steps to reduce the amount of waste that is clogging our landfills. Making sure that recyclable items don't end up in landfills is an important first step toward green living and conservation.

Waste Paper & Plastics Bins for Collection

Material Handling Vehicles

Kinds of Waste Paper Collection Vehicles

A waste collection vehicle is more generally known as garbage truck and dustbin lorry. These trucks are used for picking up waste and then moving it to landfills or other places where waste materials are managed and treated.
