PHONE CASE-CAP-T.SHIRTS-MUG-PEN

# OUR MACHINERY

Technology by using technical fabrics within the range. Additionally there is a wide colour palette and size range in a collection which includes custom t shirts, vests, hoodies and more.

A DTF is the perfect application to add a logo, team crest or design to the athleisure range.

# EMBROIDERY

Choose your clothes that you want to embroider. And identify whether it's stretchy or not.

Get good quality embroider floss such as DMC or Anchor threads. You need good quality threads that don't color off or shrink in the washing when you want to embroider directly onto the clothes.

Get a long and thin needle.

You want to avoid to create to big holes in the garment with a top thick needle. And the length will help you to easier make resistant double sided stitches.
