- Electrical & Air-conditioning

ACCIDENTAL MOTOR WORKS

Our staff are fully qualified and trained using up to date technical information whilst working to manufacturer's times and repair methods. Our quality control process guarantees that your repair will be to the very highest standard and all vehicles are thoroughly checked before return.

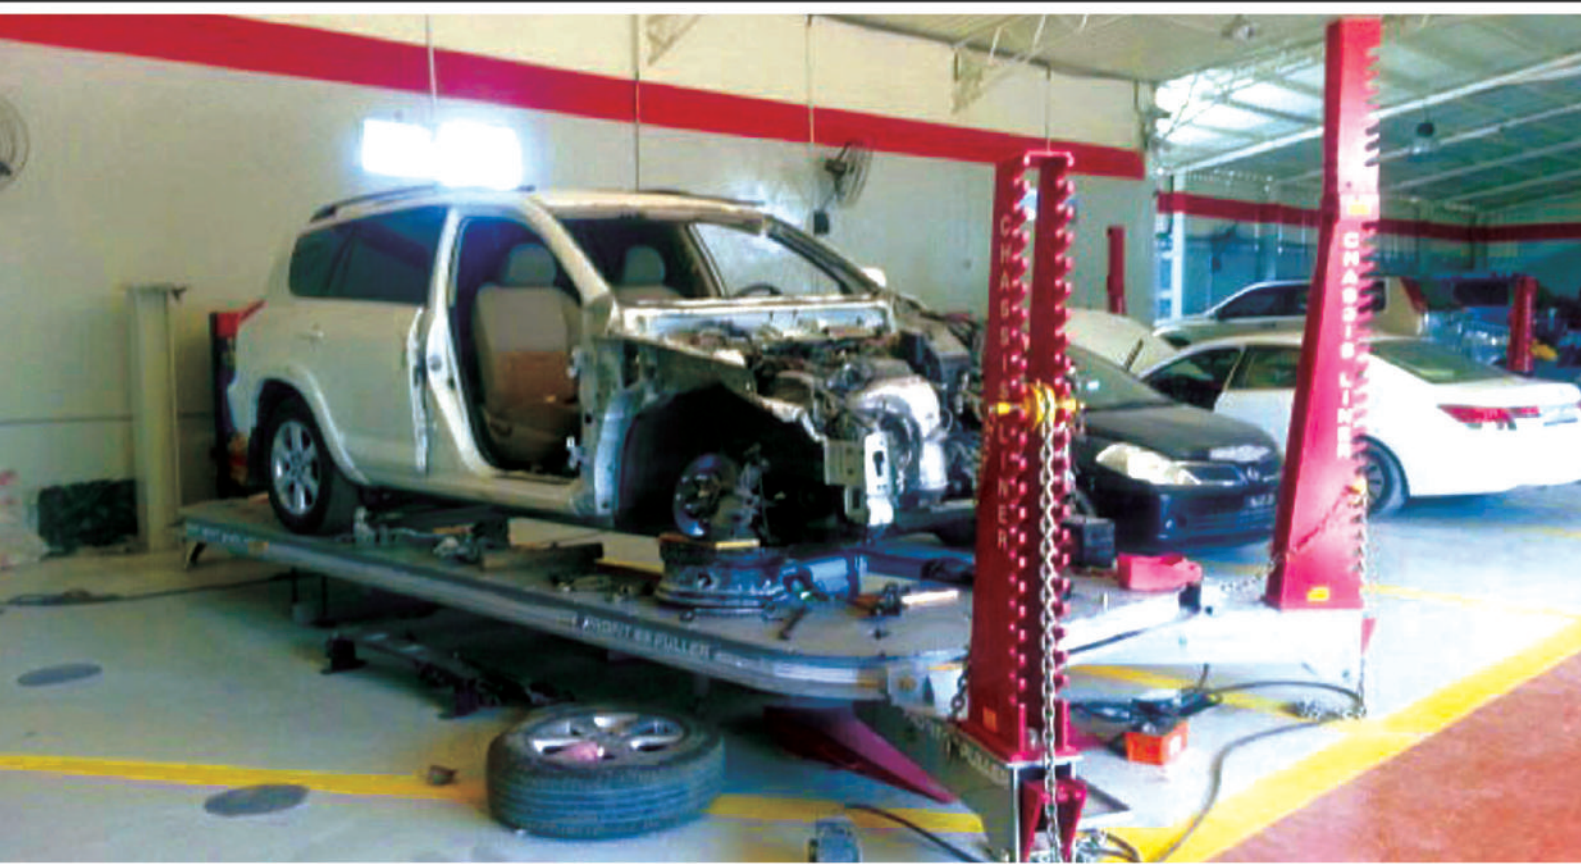

MECHANICAL WORKS

We carry our repairs and maintenance on all vehicles. From complete replacements to day-to-day servicing, all your mechanical repairs can be carried out at the workshop.

DENTING WORKS

Our experts in removing dents from vehicles without affecting the original factory finish. Specially designed tools to reform body metal back to its original condition by our skilled technicians and our dent removal process is faster, less expensive and superior in quality to traditional body shop methods.

CHASSIS ALIGNMENT

Taking time to align your car is worth every minute and ounce of effort. Knowing where your car is pointed and eliminating any errors can save countless hours of frustration and a lot of wasted expense chasing an errant setup.

PAINTING WORKS (USI ITALIA)

Having installed two temperature controlled spray painting booths the painting process is both highly efficient and quality based. Customers can never make out the difference in the paintwork between the damaged and undamaged section of the vehicle.

Designed and formulated for superior quality, versatility (STANDOX) and ease of use, this innovative commercial vehicle refinishing system from Standox delivers genuine benefits for your car. No matter what the priorities of your car- standox will give more resistance, high-quality, easy application, environmental compatibility or efficiency-it has exactly the right solution for your vehicle.

VEHICLE RESTORATION

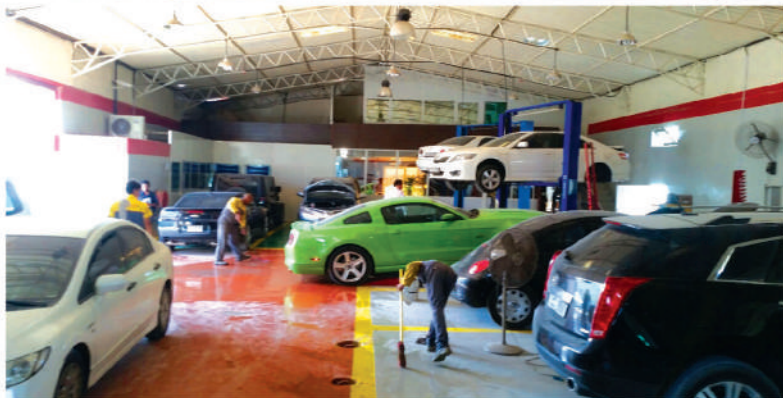

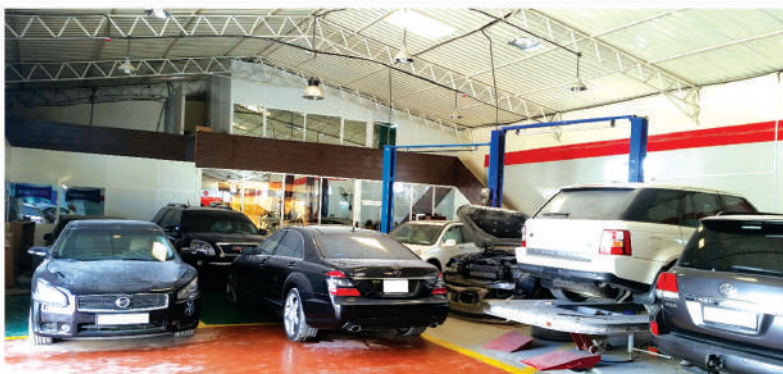

Over the years we have carried out renovations and restorations on many classic and rare vehicles, many of which arrive in almost 'junk-yard' condition. The workshop provides a fully comprehensive restoration service, from completely stripping down the vehicle to the chassis to repairing and rebuilding the vehicle. By using genuine and, if required, 2nd hand genuine parts the car will look as good as new with the car made to its original specifications.

COMMERCIAL & HEAVY VEHICLES SECTION

We undertake all kinds of commercial & heavy Vehicles repairs.

WE ARE FULLY EQUIPED WITH

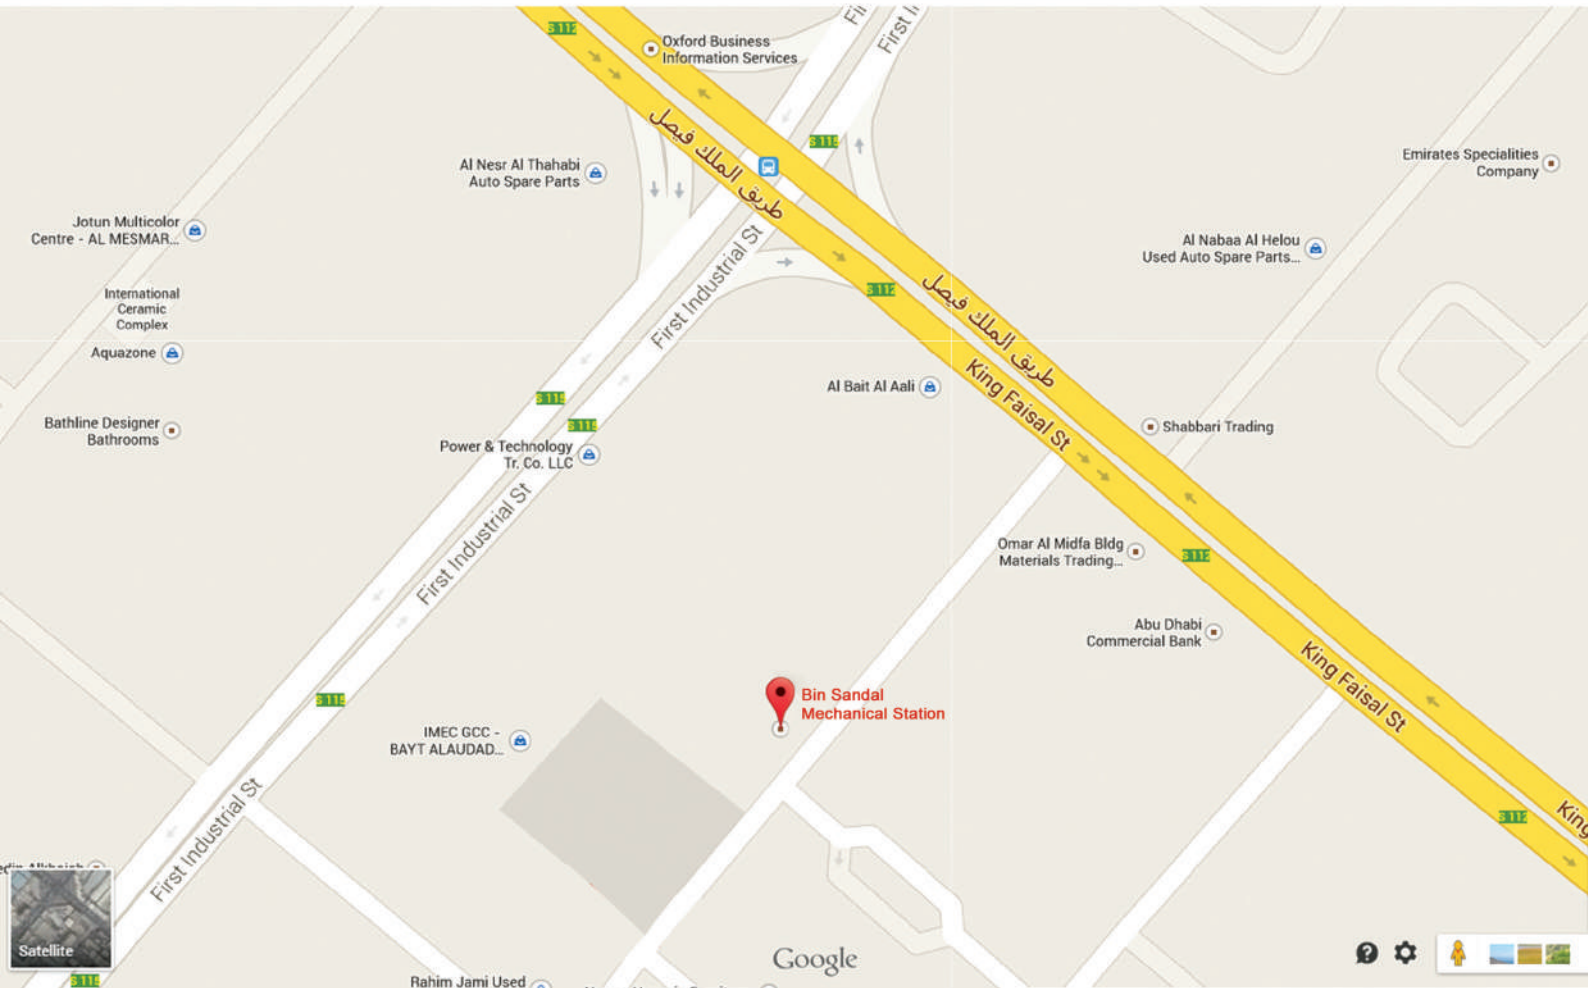

- 24 Hours Road Assistance
- Pick Up and Drop off Service
- Vehicle Registration Services
- Insurance Services
