HYDRAULICS & PNEUMATICS

Hydraulics & Pneumatic
Solutions At Your Door Step

Our fields are hydraulics A- Z solutions. Providing; hoses, system components, pumps, cylinders, seals, valves, filters, mobile hydraulic parts, heavy equipment's hydraulic parts.

Pneumatics: Fittings, valves, cylinders, seals – other air related components.

Sewage Mobile Systems: Vacuum tank – pumps, primary shut off valves, secondary shut off valves, gate valves, hoses and other clamping systems

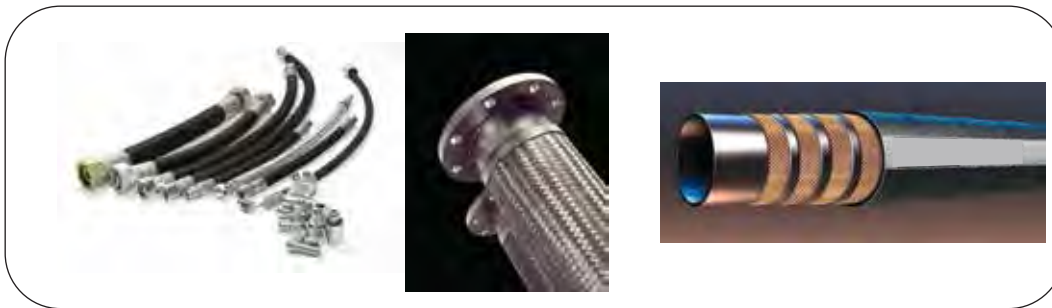

Hydraulic cylinder seals. Available in standard sizes and will fabricate as per sample provided in various temperature and chemical conditions, 'o' rings and cords.

Cylinders and in various purpose classification available as cylinders. honed tubes, hand chromed.

Rods – in standard sizes.

Pistons, rod ends, cap ends and glands as per sizes required.

Hydraulic hoses and fittings low/ medium/high/extreme high pressure ranges.

SAE 100 R1/R2/R5, four wire spiral hoses.

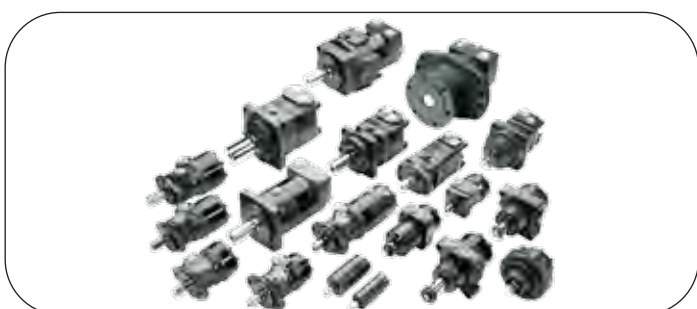

Fittings: JIC, SAE, DIN (metric, BSP, NPT, BSPT)

SS – chemical and special purpose hose and hose clamps.

Hydraulic valves. Sectional/ monoblock lever operated, solenoid and servo controlled .Industrial, mobile and heavy equipment applications.

Pressure regulated, flow controlled, sequential and etc. Check valves.

Hydraulic motors in various industrial and mobile applications.

Hydraulic Filters

Breather, Strainer, Return Filters
Pressure Filters, In different Microns
as per Industrial Standards.

Hydraulic Pumps

Gear Pumps
Vane Pumps
Piston Pumps
Closed Loop Pumps
Variable Pumps
and Pump Spairs

Hydraulic Power Packs

Related Components
Nylon Coupling
Bellows
Level Indicators
DC-Power Packs
and AC Power Packs

Quik Couplings

Low / Medium / High / VHP

Hydraulic Ball Valves

Low / Medium / High
2 way / 3 way valves

PNEUMATIC CYLINDERS

ISO standards cylinders
Square cylinders
Miniature cylinders
Compact ISO cylinders
Cylinder seal kits

VALVES

Compact valves –single and double solenoid operated.
Manually operated valves
Solenoid valves
Manual and mechanical valves

FITTINGS

One touch fittings – more than 300 models
Airline valves
