

FIBER FORMS[®]
MIDDLE EAST CONTRACTING LLC

PRE-QUALIFICATION

About US

Dubai Municipality Approved Contractor

Established in 1991, Fiber forms was one of the first companies in UAE that was into in the field of GRP products and achieved a remarkable name in GRP shades, bath tubs, swimming pools, advertising samples, kiosks, ship and yachts repairs, GRP Products of artistic and architectural touch etc.

We are a comprehensive, vertically-integrated company. We have our own in-house experts in Risk Assessment & Feasibility Studies, Proposal and Contract Review, Conceptual Design, 3D/CAD Rendering, Engineering, Scheduling, Steel & Fabric Fabrication, Project Management and Construction. We handle everything from concept to completion, and we are the “one stop shop” for all your shade requirements.

WHY CHOOSE US?

We have wide range of Portfolios

STEEL & ALUMINIUM FABRICATION:

ALL TYPE OF FIBERGLASS PRODUCTS:

STEEL STRUCTURE CONSULTING:

INTERIOR SOLUTIONS

COMPLETE SHADE SYSTEM SOLUTIONS

WOOD JOINERY

SBR / EPDM / EPOXY FLOORING

LANDSCAPE SOLUTIONS

Our Services

ALL TYPE OF STEEL & ALUMINIUM FABRICATION

Our highly proficient team work relentlessly with emphasis on quality and design, to produce a wide range of steel and aluminium products such as mezzanine floors, spiral ladders, bins, chain link fences etc that are visually appealing and perform par excellence. Right from the preliminary plans and designs, and their development and installation , each and every aspect of our service is suitably designed for ensuring the best in durability, utility and performance.

Comprehensive Product Range

- Steel & Aluminium structures
- Metal claddings and composite panels
- Structural Steel Erection & Installation
- MS & Handrail
- SS Grating & Chequered Plates
- Shed and warehouses
- Mezzanine floors

SHADE SYSTEMS

We have more than two decades of experience in design, engineering, fabrication and construction in the specialized field of shade structures. We deal in different type of shades like HDPE Shade, PVC Shade, Solar Shade, Aluminium Shade, Polycarbonate Shade, PTFE and ETFE fabrics .

Our shades are designed with the highest quality material that ensures durability and reliability for years to come. The superior quality and internationally acclaimed fabric and materials are designed under the supervision of our skilled craftsman and engineers to make sure that the shade offers maximum protection and safeguard against the high temperatures and extreme climatic conditions in the region. This confidence in our quality is reflected in the fact that we offer a 10-year warranty on all our shades.

Our Shade System includes:

- Solar Shade
- HDPE Shade
- PVC Shade
- Aluminium Shade
- Polycarbonate Shade
- PTFE and ETFE fabrics

GRP PRODUCTS

At Fiber Forms we manufacture a wide range of products that covers various industrial sectors. Our establishment provides project specific fiber glass manufacturing that cater mainly to the power sector, water treatment sector and the construction sector. We also provide other custom made composite materials for both industrial and home usage. Our products are manufactured to a high standard and have been tested to meet all the safety guidelines. With an expert in-house team, we provide our clients with technical assistance and design services. Contact us for more information on our product ranges.

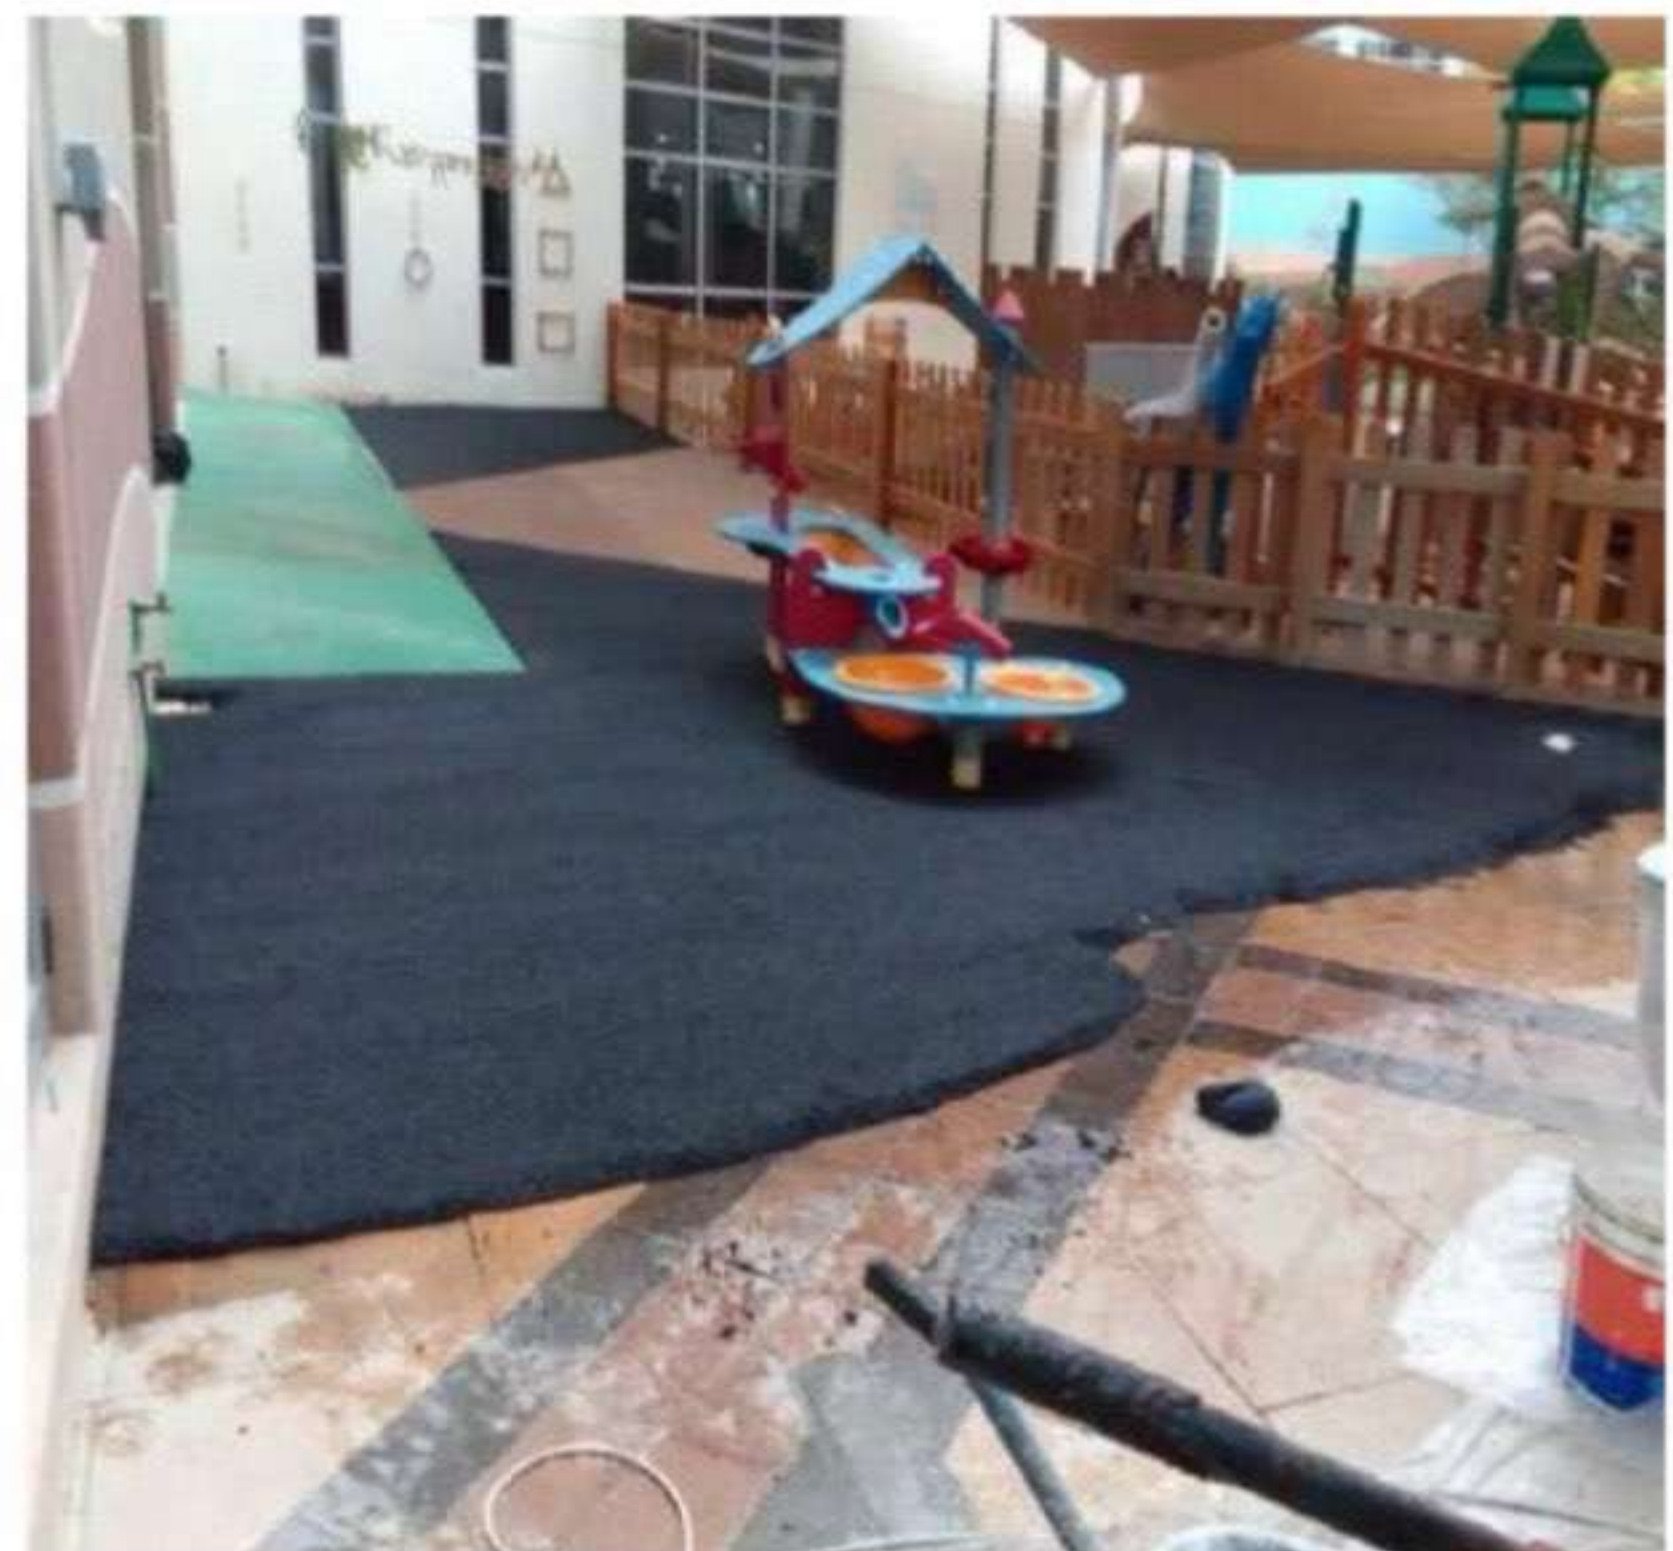

Our GRP Products include:

- GRP Sectional Panel Water Tanks
- GRP Cylindrical Water Tanks
- GRP Lining
- GRP Septic Tanks
- GRP Car Sheds
- GRP Ladders
- Swimming pools
- Advertising samples
- Kiosks
- Ship and yachts repairs

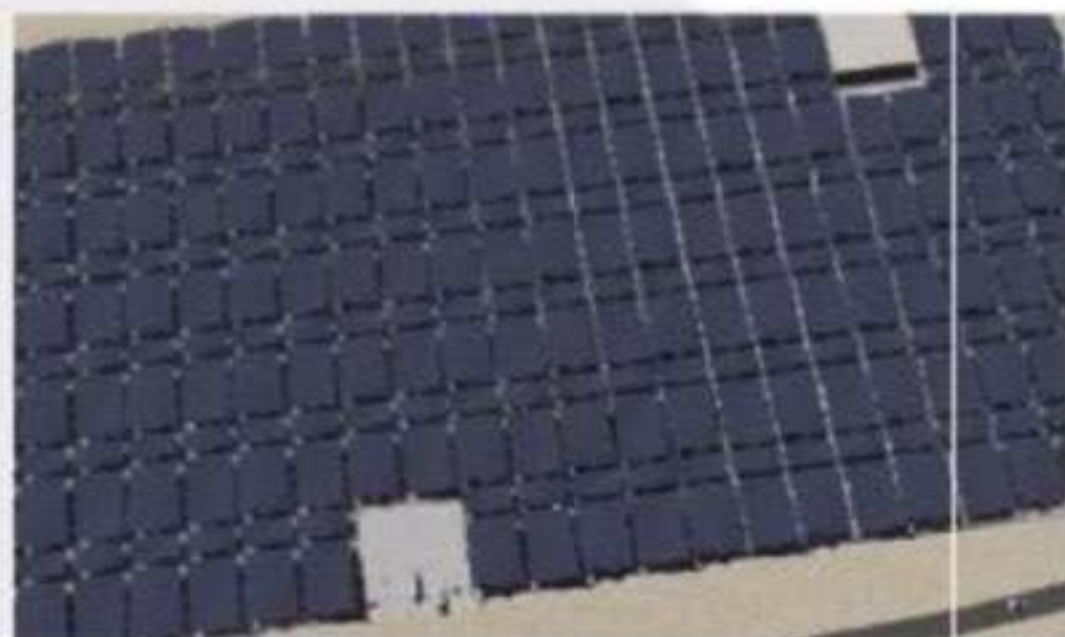

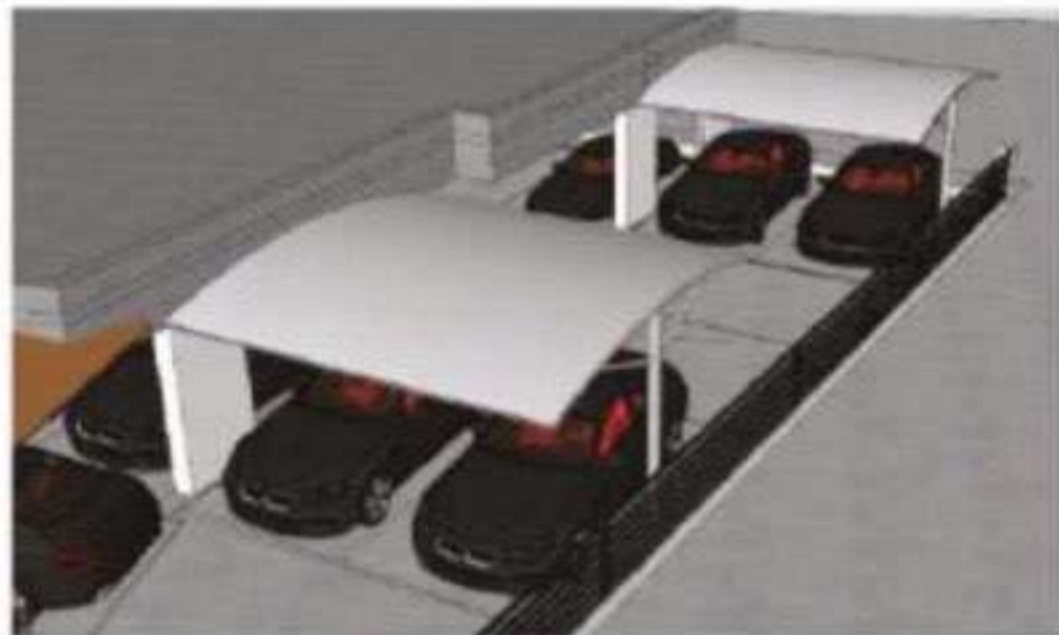

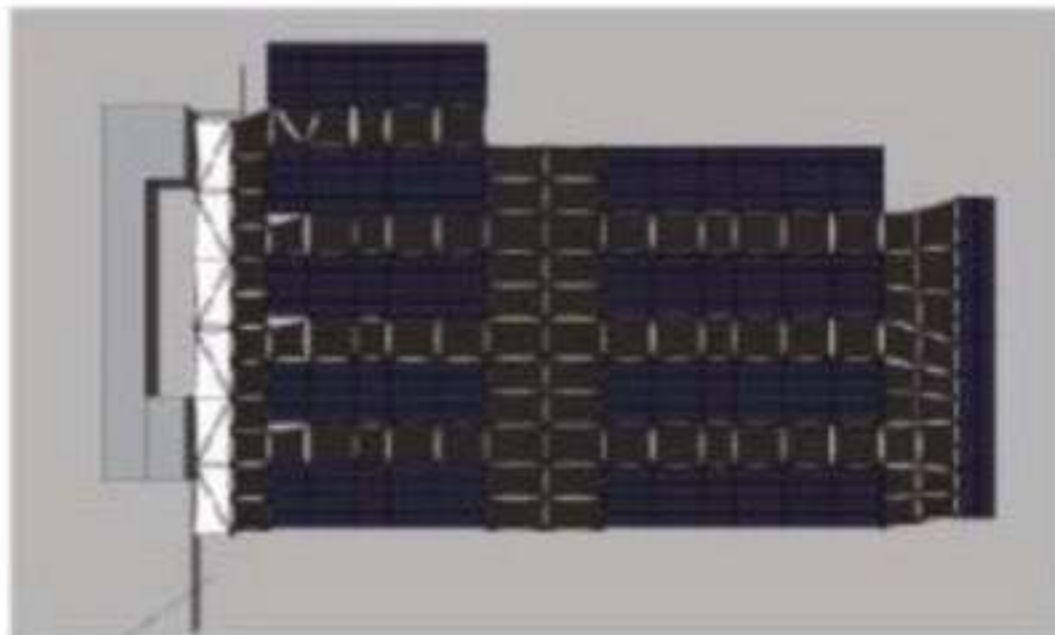

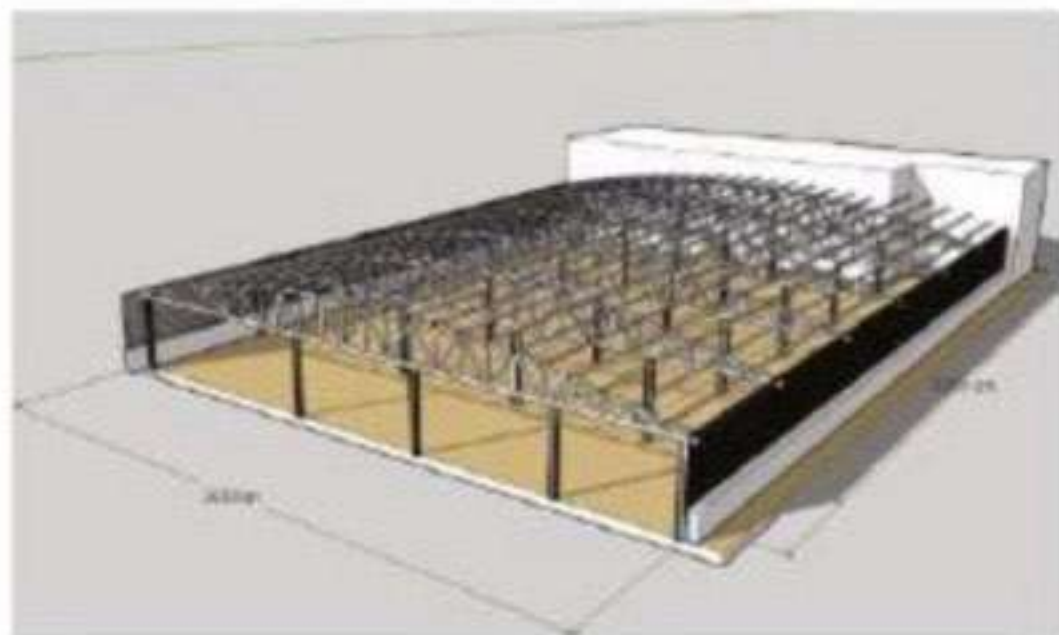

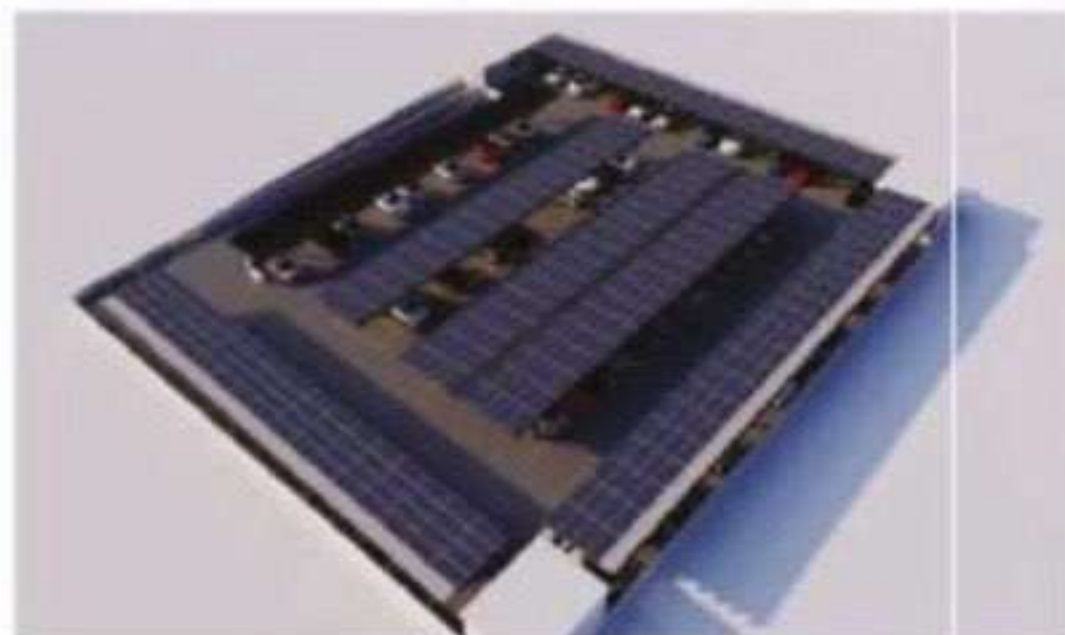

EPDM / SBR / EPOXY FLOORING

Fiber Forms being a dynamic establishment, have come forth with the venture of providing EPDM & SBR flooring that ensures both safety and durability without compromising on aesthetic parameters. Our products have the added advantage of good slip resistance both in wet and dry conditions. EPDM is ideal for designing playgrounds in schools, kindergartens and daycare facilities as they offer both educational and visual enhancement. Our services are also availed by nursing homes, rehabilitation centers, multi-generation recreation facilities, schoolyards, gymnasiums and walkways. At Fiber Forms, we have a dedicated team to assist our clients in every step of the way, from consultation to installation, ultimately delivering absolute satisfaction.

2D & 3D STRUCTURAL DRAWING & STAAD CALCULATION

At Fiber Forms, we are proud to offer exceptional 2D & 3D Structural Drawing and STAAD Calculation services, setting new standards in precision and efficiency. With a keen understanding of the importance of meticulous detailing in construction projects, we deliver comprehensive structural drawings that ensure seamless execution. Our team of skilled professionals utilizes the latest software and technology to create accurate 2D and immersive 3D models, facilitating a clear visualization of the final structure. Additionally, our proficiency in STAAD Calculation guarantees the structural integrity and stability of designs. Whether it's architectural blueprints, engineering plans, or complex structural analysis, we cater to diverse industries with unwavering dedication and commitment to excellence. Partner with Fiber Forms, and experience the confidence of having your structural vision transformed into reality with utmost expertise and precision.

CNC PLASMA CUTTING

At Fiber Forms, we extend our expertise to CNC Plasma Cutting services, where precision meets innovation. Our dynamic establishment is committed to providing top-notch solutions that cater to various industries. With a focus on safety, durability, and aesthetics, our CNC Plasma Cutting services offer unparalleled quality. Whether it's intricate metal designs or robust structural components, our state-of-the-art equipment ensures flawless results. Our dedicated team of professionals is there to guide clients throughout the entire process, from initial consultation to expert installation, ensuring absolute satisfaction at every step. Trust Fiber Forms for all your CNC Plasma Cutting needs, as we bring together cutting-edge technology and unwavering commitment to excellence.
