PREFACE

Al Humaidi Enterprise, boast a legacy that has endured for more than a quarter of a century and continues to endure even today. From the early 1980s we have forged ourselves as dependable yet innovative traders and suppliers of fasteners and building materials, and since then, we have matured with each passing year, into one of the largest importers and stockists of standard and special fasteners, castor wheels, and a variety of other hardware consumables.

At our working space, we are aware of your needs. Which is why we adopt a spirit of constant innovation so that you experience nothing but the cutting edge in services and products. To make certain that we cater to your every need, and that we have a vibrant range of diverse products, we make it our business to import from all across the globe. Be it German or Italian, Swiss or British, Dutch or Taiwanese, Indian or Chinese, rest assured that we have what you need.

As our motto suggest, we try to build a better customer Experience by gaining their valuable Trust and providing them with complete Satisfaction in terms of value and quality.
