COMPANY

Profile

Ever since its inception 1971, the Company has pioneer in the field of General Engineering in the UAE.

We undertake general engineering jobs for all over the UAE. Milling operations, Tuning works, Plaining, Forging Press work, Fabrication, Erection works, Electrical winding, General repairs, Industrial wiring, Industrial structural steel fabrication is undertaken in small and medium category, Project related Misc steel work is also undertaken.

ALL KIND OF STAINLESS STEEL WORK INCLUDING , KITCHEN, SHOWROOM & STRUCTURE

An organization involved in undertaking all kinds of Mechanical and Electrical Works since its birth as one of the Leading Engineering Concerns for General Fabrication and Engineering Works.

Year of Establishment	: 1972
Year of UAE license	: 1972
Company Type	: Electrical and Mechanical Engineering Works including Maintenance Projects
Property	: Companies own labour accommodation with 50 rooms to accommodate Staff Capacity of 300 persons
Partners	: Mr. Salahuddin Chaudhry
Represented by	: Mr. Salahuddin Chaudhry 050 4574193 emlengg@eim.ae
Location	: Al Ramool, Rashidiya
Staff	: Technicians of Company's Visa 35
Management	: 18
Miscellaneous	: 30

ACTIVITIES

Ever since its inception in 1967, the company has pioneering the field of General Engineering in the United Arab Emirates. The Company has spread its wings to encompass various disciplines in the field of Engineering. The main spheres of activities, the company engaged itself in, are :

Fabrication

Industrial Structural Steel Fabrications, Steel Mezzanine Floors, Stainless Steel Fabrication and Manufacturing Items, General Projects of Small and Medium Category with Miscellaneous steel works

FOUNDRY

One of the oldest and experienced foundries in Dubai. It undertakes casting jobs in Aluminium, Brass and Bronze with alloys of Cast Iron and Steel. Jobs undertaken are Aluminium Gates and Grills, Industrial Casting Jobs and Ironmongery

ELECTRICAL

It Undertakes all Kinds of Motor Winding and Rewinding, Servicing, Electrical Panels, General and Submersible Pumps, Gearbox Motors, Generators and Compressors Motors and Industrial wiring.

MACHINE SHOP

It undertakes general engineering jobs for the industries all over the UAE. Job types include Milling Operations, Turning Works, Plaining & Leveling of Heavy Duty Jobs, Stroke Press Works, Steel Forging, Fabrication and Erection Works.

STAINLESS STEEL

We undertakes all kind of Stainless Steel works including Mall Shops, Showrooms, Kitchen Works, Interior decoration, Structure, Pumping Stations Accessories (Cat ladders and Grills), Water tanks and Bollards of different kinds.

VALUE ADDITION

Machinery & Equipment

Safety

Motivated staff in safety awareness would reduce possible accidents

Mobilization

We can mobilize appropriate quantity and quality of personnel in a short notice

Experienced and Trained personnel

Our trained and experienced personnel are capable of fulfilling your specialized industrial requirements including all kinds of machining works, manufacturing and fabrication needs, installation and dismantling of equipments structure etc

Sense of Responsibility

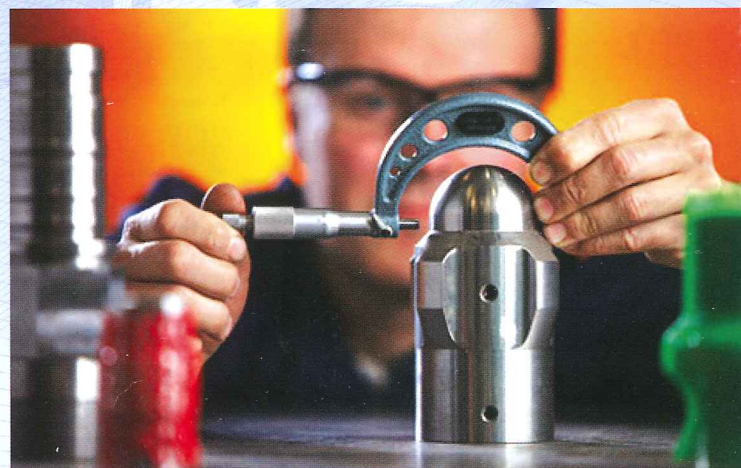

We have developed sense of Responsibility in our staff members for completion of projects in an effective and efficient manner, assuring products update on schedule

Reliability and Quality

Performance, Quality and Reliability are values imbued in our personnel

Adaptability and Flexibility

Customer's request would be given highest priority even it is beyond the sense of general terms and conditions of the Contract, hence enhancing flexibility

MACHINE TYPE	SIZE	DESCRIPTION	QTY (IN NUMBERS)
Lathe	6 feet	Turning	12
Lathe	8 feet	Turning	04
Lathe	12 feet	Turning	02
Vertical Machine Centre	Turning	01
Heavy Duty Lathe	8feet	Turning	01
Plainer	16feet	Plaining	01
Shaper	18inch	Shaping	02
Shaper	24inch	Shaping	02
Shaper	40inch	Shaping	01
Milling Machine	No.2	Milling	02
Milling Machine	No.3	Milling	02
Milling Machine	No.4	Milling	01
Drill Pillar	Small	Drilling	03
Drill Radial	3'ARM	Drilling	01
Drill Radial	5'ARM	Drilling	02
Mechanical Press	50 Tones	Press Working	03
Shearing Machine	10mm	Shearing	01
Shearing Machine	4mm	Shearing	01
Press Break	100 Tones	Bending	01
Press Break	50 Tones	Bending	01
Hydraulic Press	100 Tones	Pressing	01
Hydraulic Press	50 Tones	Pressing	02
Iron Worker	Larger	Punching / Cutting	01
Bending Rolls	8mm	Sheet Rolling	01
Thread Rolling	Large / Pipe	Threading Pipes	01

Machinery & Equipment

MACHINE TYPE	SIZE	DESCRIPTION	QTY (IN NUMBERS)
Thread Cutting	Medium	Threading Rods	02
Plasma Cutting	6mm	Non-ferrous Cutting	01
Mig Welding			01
Tig Welding			02
Stick Welding			12
Boring Machine		Boring	02
Surface Grinder		Grinding	02
Crank		Grinder	01
Spot Welder			01
Pressure Testing Machine			01
Honing Machines		Honing	06
