

TRANS-TECH

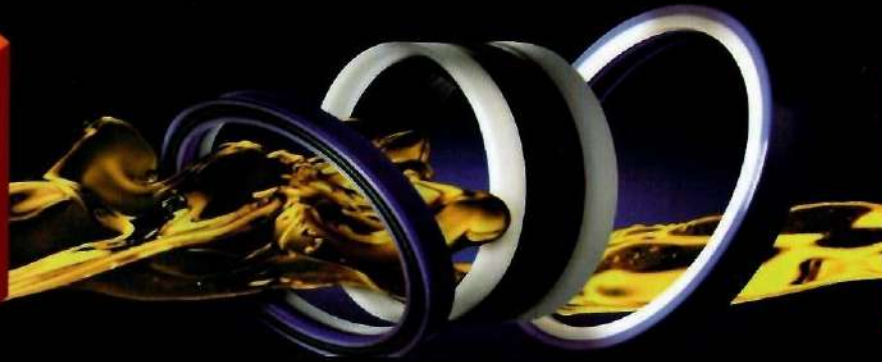

TRADING L.L.C.

Engineering Spares Specialists

The Company

Trans Tech Trading LLC is a Dubai based engineering products company. Since inception in 1991, our philosophy has been to stay ahead of the competition. We have fulfilled this by expanding our range of products over the years. In the UAE industrial market, Trans Tech has been recognized to solve various complex requirements of industries ranging from automotive to industrial.

Why Trans Tech

Personalised: We maintain staff of well experienced professionals who are well versed with engineering products and services.

Cost Effective: With a strong supply chain spread across the world, we make sure you get high quality products at competitive prices

Customized: Having a full-fledged workshop of our own enables us customize our products to meet all your needs.

Reliable: We source our products from the best factories in the world which enables us to provide quality products at competitive prices

Carbon Brushes

Normex Coupling Rubbers

Nylon Rods

Centamax Couplings

Disc Couplings

Neuplex Couplings

Mechanical Seals

Tyre Couplings

Mechanical Seals

TB Woods Dura Flex Coupling

Hydraulic Seals

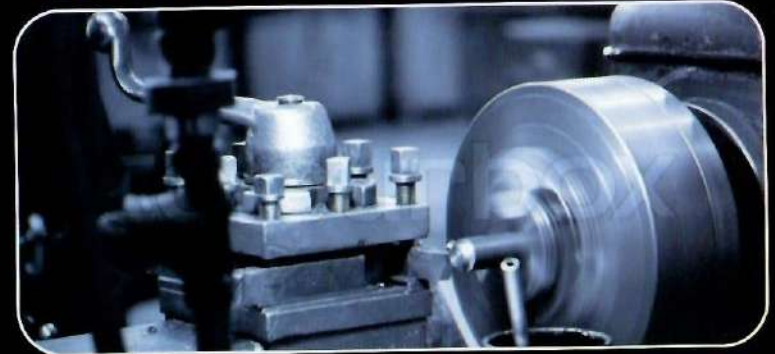

Centaflex A Couplings

Marine Mounts

Workshop Services:

- Seals Manufacturing by CNC Machining
- Spring Manufacturing
- Carbon Brush Manufacturing
- Manufacturing Water Pump Seals
- Machining Coupling Hubs,
Motor and Pump Parts
- Manufacturing Rubber Dies and Products
- Manufacturing Copper, Brass, Nylon,
PU and Plastic Products
