# Business Profile

We introduce ourselves as a leading supplier of HVACR (Heating, Ventilation, Air Conditioning & Refrigeration) products, components, tools & accessories. Our company which is based in Deira - Dubai, was established in 1997 and have since conducted our business while never compromising on our ethos and the belief that our customers are important stakeholders in our growth. As a result, we have been able to establish and maintain successful business relations with several industry leaders through out the UAE and MENA region. In 2013, we inaugurated our new branch in Mussaffah to better serve our customers in the Abu Dhabi region, and now in 2019, we have added a new branch in Sharjah for our customers situated in the Northern Emirates of the UAE.

Our products are catered to several business sectors, such as facilities management companies, electromechanical companies, real estate firms, hotels & restaurant chains, ship chandlers, A/C & refrigeration systems installation companies and the automobile industry.

We see our customers as partners in our business and therefore strive to achieve satisfaction of our clients by constantly improving on key contributing factors:-

- Competitive pricing.
- Prompt response & quick turn around from enquiry to final delivery.
- Close & personal relationships and great flexibility to align our offering better to our customer requirements & needs.
- Pre-determining future demand for our clients and hence better supply chain management.

Assuring you of our best services at all times.
