About us

Ideal Design & Display is a "one stop shop" for design, engineering & manufacturing of POS displays & retail store fixtures and engineering services. We are multi-ISO certified and take pride in providing C2M (concept-to-manufacturing) turnkey solutions, all under one roof.

With an expert team of designers, engineers and material experts, we continue to innovate and explore using the latest machines and high-end CAD/CAM software, turning ideas into tangible solutions.

Started in 1997, we have worked with numerous regional and multinational companies around the globe, providing high quality products at highly competitive prices.

Our solutions are developed and produced primarily in sheet metal that is accentuated with acrylic, thermoformed plastics and glass, using state-of-the-art CNC machineries. We have an in-house powder coating unit, providing durable, quality finishes coupled with a print department that comprises of the latest flat bed UV & wide format digital printers. This has enabled us to provide diverse POP & retail solutions that are second to none!

All of this is carried out at our modern manufacturing facilities in Dubai & Bangalore (India) with the capacity to handle both large & small scale projects.

- ▶ Point of Sale Displays
- ▶ Shop-in-Shop
- ▶ ATM Enclosures
- ▶ Interactive Kiosks
- ▶ Engineering services

Eco-Friendly

To achieve a green environment, we use recyclable materials and have a unique powder coating plant that is eco-friendly. It is a gas catalytic technology that is environment friendly, using a pre-wash treatment called N2O which is a green chemical, with 0% Carbon Monoxide, 0% Nitrogen Dioxide, 0% Sulphur Dioxide and 0% Particulates and Mercury. We are ISO-14001 certified for Environment and are constantly looking for ways to reduce our carbon footprint.

- ▶ In-House Design and Production
- ▶ CNC Controlled
- ▶ Modular Construction
- ▶ Environment Friendly
- ▶ Sustainable, Recyclable & Durable
- ▶ Powder Coated
- ▶ Quick Turnaround
