Purpose & Scope:

The purpose of this document is to outline the services provide by Modern Age shipping in relation to Handling of Dangerous Goods.

Introduction:

Modern Age Shipping is a 25 year old freight forwarding company operating in the Middle East with a vision to serve the industry and setting higher standards of service.

MOD DG:

MOD DG is the dangerous goods handling division of Modern Age Shipping, serving the freight industry with world class services of DG handling, packing, documentation and storage.

Over the years Modern Age Shipping has evolved as one of the major players in the industry, DG cargo handling with 80% of market share.

We are the **certified in handling:**

Services

Our specialized operation is based on trust and customer service where we align with the fellow freight forwarders and logistics Companies, for them to give the best of service and rates to end users.

We ensure complete solutions for any DG jobs as we are registered with all the concerned authorities making approvals and paperwork easy.

Staff strength

MOD DG has a strength of 18 staff of which 8-10 will be always IATA CAT-6 trained and the packers are all trained in IATA CAT 2 as well as safety.

With a fleet of 15 vehicles and a team of enthusiastic DG executives, we are providing 24 hours×7days service to the industry. To ensure this we have a special system of staff turn whereby a full team will be available at any point of time to handle and pack emergency DG shipment which keeps us far ahead in service levels provided by other DG handling providers.

Safety:

Handling a shipment of dangerous goods can pose significant risk to health or safety. That is why we consider it at most priority to handle them properly. To ensure this we follow the guidelines, S.O.P and safety manual in accordance with the GCAA and UN regulations.

Packing Division

Our packing supply division is incorporated in such a way that all packages are designed, manufactured and tested to UN approval without any fault to ensure safety and error free shipment execution.

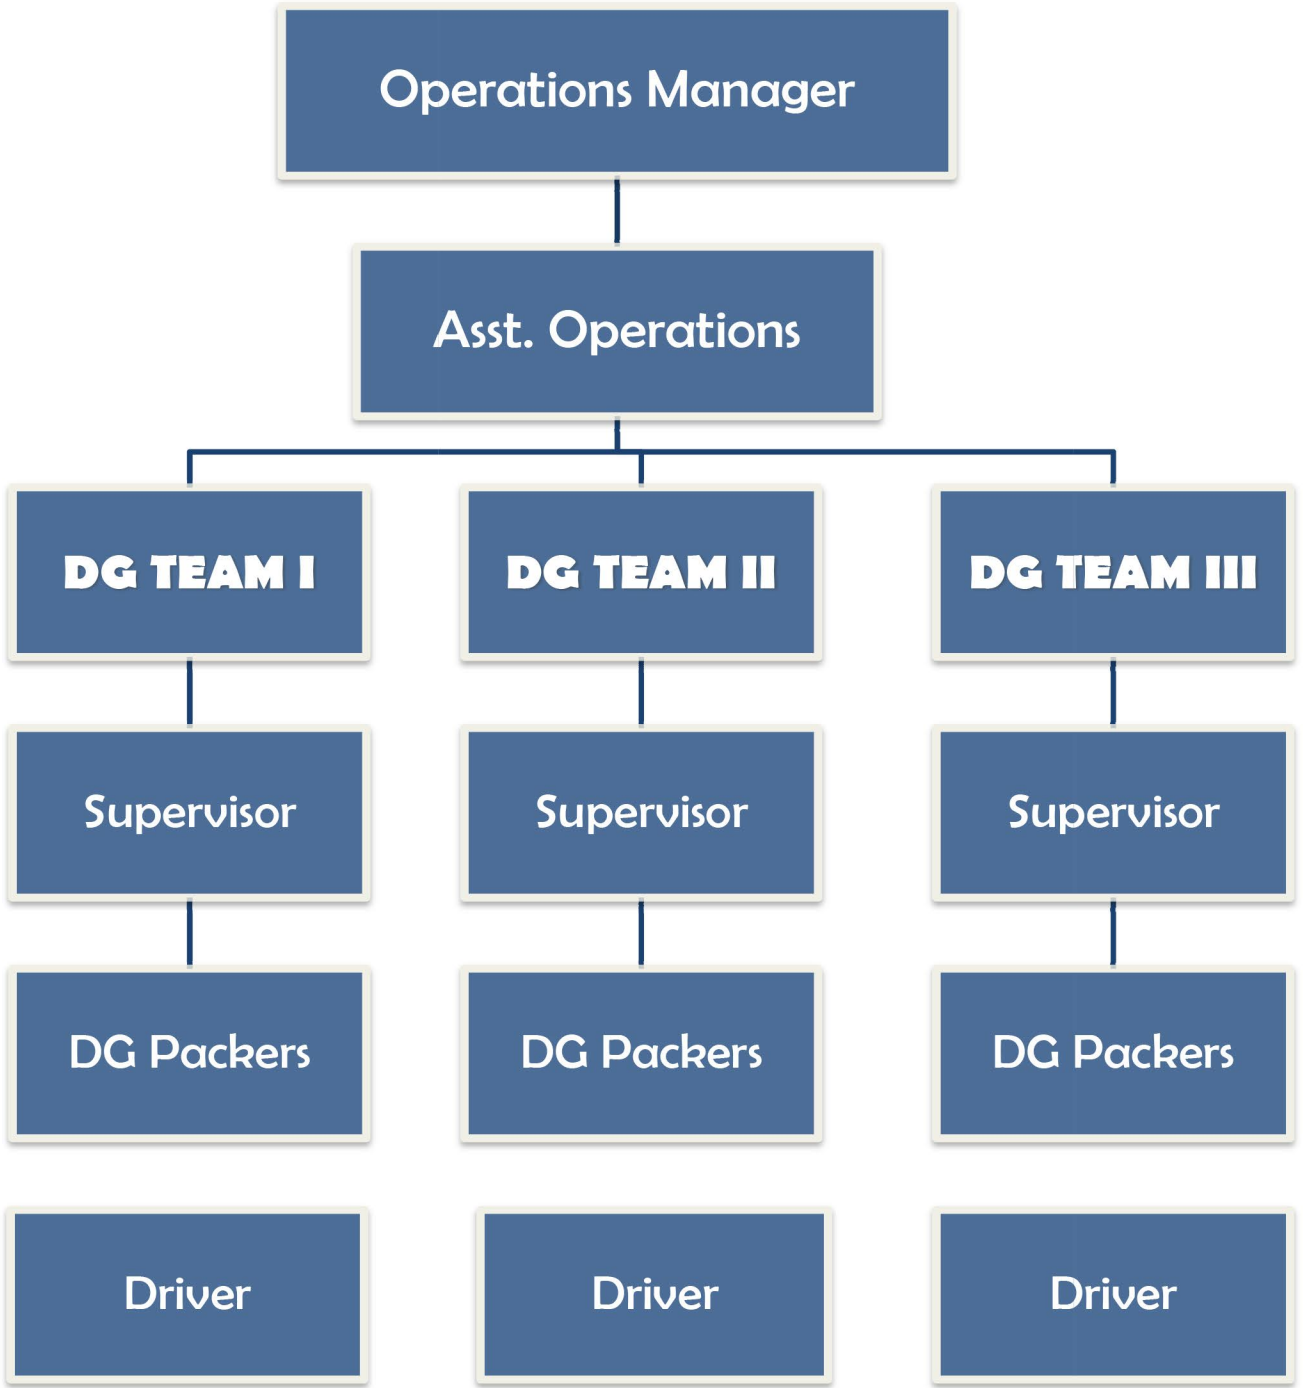

We manufacture our own UN approved Cartons in our facility in India which is audited by UN approved testing facilities and this ensures a steady stream of supply as well as quality.

Our Clientele:

Our customer base is spread all over the Middle East and to name a few please see the list below:
