Whether you are in search of shelf ready packaging or just a small box, we have it all. Global Carton provides you with a comprehensive design, manufacture and printing services. Our four colour printing machine allows us to create high quality print for cardboard boxes that bring out a nice visual impact on the end. The print is applied directly to the surface of the corrugated board which is ideal for small production runs and it's a very cost-effective printing solution.

Our genius construction of corrugated boxes offers rigidity and resistance for fragile products. With so many types of corrugated boards and the infinite variety of shapes and sizes, Global Carton makes sure to meet all customer expectations.

Our range of die cut products are versatile and come with the following features:

- They are self-closing that closes automatically when packed on your product line
- The bottom of the carton box pops into place when given a slight push with a crash lock mechanism.
- The sides pop up as you pack with a self-erecting feature.
- The handles on the either sides facilitate comfortable & easy handling.
