

Mission Statement

To provide an excellent product supplying worldwide and to be the trusted environment friendly lubricant oil product understanding customer's vehicles and industrial needs.

Value Intention

TTO Tout Terrain Oil which are based on 100% Virgin Oil, blossomed to be a highly specialized, well integrated lubricant transformed into a total reliability for all its customers car engine. Its factory has a state-of-the-arts blending facility, equipped with labors and machineries that can manufacture over 50,000 metric tons of lubricant oil in a year.

TTO Promise

TTO Tout Terrain Oil strives to earn its client trust in reaching our goal to be a globally recognized high quality lubricant.

TTO Tout Terrain Oil Factory is located in Umm Al Quawain, United Arab Emirates. It completed ten great years of technical excellence and intense enthusiasm in making a reliable oil products.

TTO Tout Terrain Oil was introduced in 2007 by Faucon Du Sahel General Trading, LLC a trading company located at Jacky's Bldg, Baniyas Square Deira Dubai, United Arab Emirates. Owned and managed by Hamadou Issa Dit Alkairou . Since then TTO Tout Terrain Oil have given us a significant development in the company and provides growing opportunities in all its agents in different countries around African Region.

With more than ten years of experience in meeting customer's needs and demands, we continue in assuring quality products and services embraced with a timely delivery. Meeting customer's demand is TTO's utmost priority and it ensures that products meet the specified quality required by its dearest customers.

TTO Tout terrain Oil Owner, Mr. Hamadou Issa conduct TTO Tout Terrain Oil business according to latest millennial equipment and machineries. He is committed to preserving the environment by supplying the TTO Tout Terrain Oil in the global market. TTO is an environmentally and eco-friendly lubricant oil made from an oil blender equipped with state-of-the-art latest technology machineries.

We assure you of an excellence quality of assistance will be embraced with a timely delivery and we will offer you the best and competitive prices in the market today.

TTO Motor Oil SAE 5W20

TTO Motor Oil SAE 5W20 is synthetic motor oil meets the requirements of the industry's toughest standards and outperforms conventional motor oils. It is a high-performance motor oil for all types of cars where this viscosity is recommended. This includes high-performance turbo-charged, supercharged gasoline multi-valve fuel injected engines found in passenger cars, SUVs, light vans and trucks. It is not recommended for two-cycle or aviation engines, unless specifically approved by the manufacturer.

TTO Engine Essence Oil SAE 5W30

TTO Diesel Essence Oil SAE 5W30 is a high performance synthetic multi-grade gasoline engine oil made of high quality made from high quality synthetic base oil and selected additives. It is recommended for all modern gasoline engines running in severe conditions, especially designed for normal.

TTO Motor Oil SAE 5W40

TTO Diesel Essence Oil SAE 5W40 provides superior motor oil strength for engines that work harder due to higher engine pressures, helping your vehicle to maximize performance. It is a premium quality full synthetic motor oil, formulated for ultimate performance and protection under all operating conditions. Designed to fulfill the latest standards of leading engine in the market.

TTO Engine Essence Oil SAE 10W30

TTO Engine Essence Oil SAE 10W30 is a high performance semi-synthetic multi-grade gasoline engine oil, made up of high quality synthetic, mineral oil and selected additives to formulate a multi-grade oil for most recent technology gasoline engines. It is recommended for all modern gasoline engines running in severe conditions.

TTO Motor Oil SAE 10W40

TTO Motor Oil SAE 10W40 is multi-viscosity engine oil for use in autos and light trucks. It meets and exceeds API Service Classification CH-4. Recommended for naturally aspirated, turbocharged, and supercharged engines. It is designed to withstand higher temperature, and it will flow at much lower temperature than petroleum lubricants.

TTO Diesel Essence Oil SAE 15W40

TTO Diesel Essence Oil 15W40 is an extra premium quality heavy duty diesel engine oil. It is blended from high quality refined base stocks and with advance additives, that offer best possible lubrication. It assures excellent protection against high temperature engine deposits, oil degradation and corrosion resistance.

TTO Motor Oil SAE 20W50

TTO Motor Oil SAE 20W50 is a gasoline motor oil, developed for use in engines operating under very high temperature and severe conditions. It is blended using high quality base oils and carefully selected and well balanced additives. It is recommended for diesel engines operating at moderate conditions and requiring the protection level of API CH specification.

TTO Diesel Essence Oil SAE 50

TTO Diesel Essence Oil SAE 50 is a heavy duty premium quality diesel oil, mixed fleet diesel oil meeting the performance requirement of all four strokes engines and turbo charged and supercharged diesel engines. It is manufactured using selected high viscosity index base oil and additives that provide maximum protection against sludge, ash deposit, rust, oxidation and corrosion. It is ideal for farm machinery, construction equipment and other heavy duty vehicles.

TTO Diesel Essence Oil SAE 40

TTO Diesel Essence Oil SAE 40 oils are heavy duty diesel engine oils, and are blended from highly refined, high viscosity index base stocks and contain appropriate dosages of detergent-dispersant and antioxidant additives to meet the stated performance standards. It provides superior equipment protection. It is designed to meet the changing needs of today's diesel engines in light and progressive emission standards. It provides low maintenance cost and longer engine life.

TTO Motor Oil SAE 30

TTO Diesel Essence Oil SAE 30 is engineered to improve engine cleanliness, engine performance and fuel efficiency, multi-grade gasoline engine oil formulated with Synthetic base oils for use in passenger car and light truck gasoline engines under all operating conditions. Preserves and protects engines maintains high power and in high performance conditions.

TTO Motor Oil SAE 20

TTO Motors Oil SAE 20 is a specialist range of high quality, low detergent/dispersant mono grade lubricants. These oils are suitable for use in naturally aspirated four stroke petrol and diesel engines and classic gearbox designs. It is recommended for use in veteran, classic and vintage cars, motorcycles, commercial vehicles and tractors.

TTO Motor Engine Oil SAE 10W

TTO Motor Engine Oil SAE 10W is a premium conventional, heavy-duty motor oil, for use in gasoline and diesel engines where the engine manufacturer recommends a single grade motor oil. High performance multi-grade motor oil formulated from a special blend of selected mineral oil, synthetic base fluids and selected additives for use in passenger car and light truck gasoline and diesel engines under all range of operating conditions. It prolongs engine life and preserves full power and performance.

TTO Hydraulic Oil AW ISO 220

TTO Hydraulic Oil AW ISO 220 is a premium hydraulic oil designed to meet the requirements of major pump manufacturers for the protection of hydraulic pumps. This oil have high oxidation stability that yields longer service life than conventional hydraulic fluids. It is designed for use in vane, piston and gear-type pumps of mobile and stationary equipment.

TTO Hydraulic Oil AW ISO 100

Hydraulic Oils AW ISO 100 are designed to give excellent protection in different engines and gear-type pumps. It provides high performance industrial applications even in susceptible areas. It is formulated with premium base oil technology and additive that provides excellent oxidation stability, foam suppression, and protection against wear, rust and corrosion. They are designed to meet or exceed the performance requirements of conventional anti-wear hydraulic oils.

TTO Hydraulic Oil AW ISO 150

TT Hydraulic Oil AW ISO 150 is engineered from a high quality virgin based oils with anti-wear additives and rust inhibitors, to provide high stable premium hydraulic fluids with quality reserve for excellent performance under severe operating condition in mobile industrial services.

ISO 9001:2008
Req. No.: RQ971/8481

T.T.O.
TOUT TERRAIN OIL

TTO Hydraulic Oil AW ISO 68

TTO Hydraulic Oil AW ISO 68 is designed to give excellent hydraulic pump protection. It is manufactured from a high quality virgin base oils with anti-wear additives. It provides high stable hydraulic fluids with excellent performance under severe conditions. It provides excellent anti-wear protection and corrosion inhibition.

TTO Hydraulic Oil ZS 46

TTO Hydraulic Oil ZS 46 is very high performance anti-wear hydraulic oils. It is designed for use of all kind of hydraulic systems running under the most difficult conditions. It is suitable for use in many applications. It gives high protection against wear insuring maximum engine equipment life. It has superior thermal stability preventing sludge at high temperature.

TTO Hydraulic Oil ISO VG32

TTO Hydraulic Oil ISO VG32 is a premium refined mineral based hydraulic oils, ideal for industrial applications or for the hydraulic systems in cold weather regions. It provide excellent protection against oxidation, corrosion, excavators, lifts, presses, and injection molders. wear and foaming. This hydraulic oil is blended to ISO 32 viscosity grade requirements and is suitable for use in a wide range of mobile and static hydraulic equipment including forklifts, excavators, lifts, presses, and injection molders.

TTO Hydraulic Oil ISO 15

TTO Hydraulic Oil ISO 15 is formulated with quality hydraulic oil blended from virgin base stock, that enables power transfer on Hydraulic Pumps. It is made from high viscosity index solvent refined mineral base oils with additives to provide excellent protection against oxidation, corrosion, wear and foaming. It is recommended as suitable for use in a wide range of mobile or static equipment that have hydraulic applications including Tractor Hydraulic Oil, Combine Hydraulic Oil, Excavator Hydraulic Oil, Crane and Power Press.

TTO Gear Oil SAE 75W80

TTO Gear Oil SAE 75W80 is a full synthetic lubricant based on carefully selected very high quality base oils, which is recommended for the manual transmissions of most commercial vehicles. It is adapted to the requirements of transmissions,improving shift comfort, low temperature fluidity and longer service life. This product meets the requirements of many commercial vehicle builders.

TTO Gear Oil SAE 90

TTO Gear Oil SAE 90 is recommended for use in manual transmissions, transfer cases and rear axle assemblies of automotive, farm equipment where the manufacturer specifies an API GL-1 gear oil. It is a mineral based oil with high quality additives that provides excellent performance

TTO Gear Oil SAE 80W90

TTO Gear Oil SAE 80W90 is recommended for use in truck and automotive front or rear differentials, manual transmissions and lower gear units of marine engines that specify use of an API GL-5 or GL-4 fluid. It is non-corrosive to soft yellow metals and synchronizer safe Max Gear is an ultra-tough, high performance automotive gear oil designed to provide maximum protection to heavily loaded gears while maximizing power throughout the drive train. It performs ordinary gear oils by combining the highest quality synthetic oils with high quality additives. It makes gears run smoother, quieter and longer without overhauls.

TTO Gear Oil SAE 140

TTO Gear Oil SAE 140 is intended for high horsepower, high torque conditions. It is formulated with highest quality heavy synthetic base oils selected additives. It is extreme pressure lubricant specially engineered for shear stability and the demands of severe racing conditions. It absorbs impact by creating a barrier coating on gear surfaces for the critical line of protection against wear, pitting and scoring. It is designed for the Top Fuel and the off-road industry.

TTO Gear Oil SAE 85W90

TTO Gear Oil SAE 85W90 is an extra high performance, automotive gear lubricant formulated from carefully selected base oils and with an advanced additive system specifically for limited-slip differentials. This lubricant is recommended for use in heavy duty differentials, axles, and final drives where extreme pressures and shock loading are expected. It gives higher speeds, higher torque, heavier loads, and improved formulations to maximize differential life and optimize performance.

TTO Gear Oil SAE 140

TTO Gear Oil SAE 140 is intended for high horsepower, high torque conditions. It is formulated with highest quality heavy synthetic base oils selected additives. It is extreme pressure lubricant specially engineered for shear stability and the demands of severe racing conditions.

It absorbs impact by creating a barrier coating on gear surfaces for the critical line of protection against wear, pitting and scoring. It is designed for the Top Fuel and the off-road industry.

TTO Gear Oil SAE 80W140

TTO Gear Oil SAE 80W140 is a high-pressure gear oil for lubricating vehicle gearboxes, and axle drives with hypoid teeth, rear drives and planetary gears. It is a synthetic drive train lubricants engineered to meet the most demanding extended drain and warranty requirements. It delivers excellent performance for low and high temperature application, protection against thermal degradation and oxidation, reduced wear and corrosion, improved shear stability, and excellent fuel economy.

TTO Gear Oil SAE 85W140

TTO Gear Oil SAE 85W140 is a high performance, heavy duty gear lubricants blended from high performance base oils and an high quality additive system. These lubricants are engineered for automotive applications including heavy duty axles and final drives where extreme pressures and shock loading are expected. It is formulated with special anti-wear agents and lubricity agents to control wear and drag as well as special additives to control heat.

TTO ATF Dextron III

TTO ATF Dextron III is an automatic transmission and power steering fluid for use in many automatic transmissions. Recommended for many transmissions used in General Motors cars. It is a multi-purpose extreme pressure lubricant that meets the requirements of heavy-duty manual shift transmissions. It is premium quality blended with carefully selected base stocks. This oil has been specially developed for used in all transmission that requires transmission oil.

TTO ATF Dextron II

TTO ATF Dextron II Automatic transmission fluid is formulated with strictly selected mineral oils in order to meet requirements for automatic transmissions.

It is mainly used on ZF automatic transmissions, hydraulic systems, hydrostatic guide ways, ZF power steering. It is also very suitable for hydraulics systems, especially those operating under particularly low working temperatures, synchronized mechanical gearboxes of motor vehicles and oil injection rotary air compressors.

TTO ATF Dextron I

TTO ATF Dextron I Automatic Transmission Oil is a multi-vehicle, fully synthetic automatic transmission fluid that outperforms conventional automatic transmission fluids and offers exceptional thermal stability. It is designed to meet the demanding requirements of modern passenger vehicles. It is a multi vehicle formula developed for use in modern high performance automobiles, vans and other light trucks.

TTO Brake Fluid Dot 2

TTO Brake Fluid DOT 2 brake fluid is oil-based, and it isn't widely used in the automotive industry. It has the lowest wet and dry boiling points of all the brake fluids. It is formulated with high quality solvent based oil with anti-foam property.

TTO Brake Fluid Dot 3

TTO Brake Fluid DOT 3 is a high performance hydraulic brake fluid for use in automotive disc, drum and anti-skid brake systems and clutch systems. TTO Brake Fluid DOT 3 is based on polyethylene glycol ether technology to provide a high level of brake and clutch performance in automotive and commercial vehicles.

TTO Multi-Purpose Lithium Grease EP2

TTO Multi-Purpose Lithium Grease EP2 is high quality multipurpose lithium EP grease developed for lubrication of automotive, construction and industrial equipment working in normal temperature conditions. It is thickened lubricating grease formulated with mineral base oil and improved with extreme pressure – EP – additives to lubricate and protect even in heavy loaded circumstances.

TTO Calcium Grease M2

TTO Calcium Grease M2 has a calcium sulfate thickening system. Its thickening property system yield a grease with exceptional mechanical and thermal stability, excellent anti-wear and extreme pressure properties and unsurpassed corrosion protection and resistance to water and aqueous mill coolants. They are primarily developed for the lubrication of anti-friction work-roll and back-up roll bearings in ferrous and non-ferrous rolling mills.

Benefits in Using TTO Tout Terrain Lubricant Oil

- Reduce oil consumption
- Outstanding rust and corrosion protection
- Smooth operation
- Extended oil service
- Controls acid formation
- Good anti-wear property
- High viscosity index

TTO Tout Terrain Oil Product Knowledge

- TTO Lubricant Oil are cheaper than any other lubricant products that offers same quality in the market
- TTO Lubricant Oil is always ready for testing and can show performance at its best.
- TTO Lubricant Oil has variety of oil products and packages for automotives and industrial lubricant needs.
- TTO Lubricant Oil is always available for your lubricants needs.
