# ABOUT US

## Welcome

ACME Building Materials Trading LLC is one of the leaders in the Timber Industry offering a broad range of premium quality products. Our products are renowned for their durability, variety, reliability and expertise. ACME's major commitment is to build on experience and to expand using our capabilities and expertise with our premium quality products and customer centric approach.

## Company History

In the year 1999 ACME opened its doors by Mr. Harish Sherigar, our Managing Director into the highly competitive Timber Market in Dubai after which the day has never ended and ACME never looked back. A business graduate and an experienced vocation in the same meadow, he is known for his sharp business acumen, focused vision and professionalism. He has been able to take the organization to its present level of growth in an amazing short span of time.

ACME has crossed a long way and has a collective presence in several markets spanning the Middle East, Africa, Asia and Europe.

Quality has always been a defining factor for ACME and the organization has been successful in continuing its tradition of always superseding the client's expectations.
