

Offshore Marine Trading L.L.C., a leading business house catering to Oil & Gas and Marine Industries.

With focused attention to electrical spares, we stock complete solutions for electrical requirements of Marine, Ship-building and Oil & Gas Industries.

With 10 years of our exhaustive experience in electrical supplies we have successfully met all the challenges including meeting sharp deadlines. Today, with availability of comprehensive range of products ex-stock in our inventory; global sourcing capabilities and technical product knowledge, make us a reliable and ideal supplier for all your electrical needs.

Electrical supplies-list is really vast. And to list all the items we are stocking may take us years and may result in to a document with endless pages. Therefore, for a quick reference for our valued customers we have compiled this hand book providing details about some of the major brands in stock with us.

Our aim is to extend prompt service within your deadlines.
