MAKING BRANDS SHINE SINCE 1948

A close-up photograph of a person's arm and hand, wearing a teal-colored apron. The hand is resting on the apron, and the fingers are slightly spread. The background is a plain, light-colored wall.

## WHY CHOOSE DETPAK?

We design, manufacture, and supply the food service, grocery and fast moving consumer goods industry with world-class sustainable paper and cardboard packaging solutions.

A family-owned, Australian business with a worldwide network of manufacturing and sales locations, Detpak has been making brands shine since 1948.

#### DETMOLD GROUP

- Sales
- Manufacturing & Sales

#### DID YOU KNOW?

Detpak's extensive network of sales and business development teams means we know the local and global markets inside out.

## YOUR PACKAGING PARTNER CHECKLIST

If you want only the best for your brand, here's what you should expect from a world-class packaging specialist:

- Innovative packaging solutions with customisation that gets your products noticed
- Premium quality with 99.99% defect-free rate to protect the consistency of your brand
- Global, agile supply chain with multi-country production capability
- Accredited to all major food safety accreditations (BRC, ISO, HACCP, and AIB)
- Customised marketing solutions that drive your business and brand
- Trusted to deliver by the world's biggest brands, including McDonald's, Starbucks, KFC and Disney.

## MAKE YOUR BRAND SHINE

Detpak offer over 1,000 paper and board packaging solutions including Cups & Cup Accessories, Cartons, Bags, Napkins, Trays and Wraps.

Our world-class design and printing service has earned us a reputation as a provider of high quality, custom printed packaging solutions. All of our products can be customised to bring your brand to life and our team of graphic designers can help create a unique, stand-out design for your packaging suite.

The biggest brands around the world choose us for their branded packaging. We make our comprehensive range customisable to help you make your brand shine.

### DID YOU KNOW?

Detpak can design your artwork for you using your logo and idea of what you would like to achieve, or we can provide you with a template which your graphic designer can place artwork into. Either way, we are here to help make your brand shine.

## SUSTAINING OUR COMMUNITY

At Detpak, our approach to the environment is all encompassing. We are a company with an industry leading position in sustainable packaging.

We champion Recycling as the ultimate environmental solution for single-use packaging, innovating to enable our products to live again as part of a circular economy. Moving to a circular economy is about designing out waste and keeping resources at their highest value for as long as possible. Transitioning to a circular economy is a vital element in rethinking economic progress to sustain our planet for the future.

And our impact goes further than the products we manufacture. As a family-owned company, we choose to positively impact our local communities all around the world, from our headquarters in Adelaide, to supporting initiatives in the countries where we operate all over the world.

### DID YOU KNOW?

Many of our charitable initiatives focus on improving our communities for a sustainable future. Some of our recent initiatives have included donating packaging to Dubai based food and events platform INKED, who donated over 8,000 meals to healthcare workers and people in need in Abu Dhabi and Dubai.

## A SUSTAINABILITY GUIDE TO OUR MATERIALS

Use this chart to better understand the packaging materials we use in our products. Materials are classed as whether they are recyclable, commercially compostable or made from sustainably sourced materials.

\* Remove window before recycling    ^ Defined by EU Standard 13432  
 - Only when collected for Commercial Composting

#### Recyclable

The product can be readily recycled via kerbside recycling, or placed into a dedicated collection system or bag, such as RecycleMe™.

#### Compostable

The product is suitable for treatment in a commercial facility, where it will break down within 90 days as defined by EU standard 13432.

#### Sustainable

The paper or board material used in this product is sourced from responsible forestry, and the supplier has been audited for evidence of sustainable and ethical practices.

## OUR COMMITMENT TO INNOVATION

Detpak has long been an innovator in the food packaging market. At our core is an entrepreneurial spirit and passion to make brands shine through superior quality, service, value, and commitment to the customer.

Our team of graphic and industrial designers, and technical paper and board product experts design and create innovative packaging solutions that work. Our LaunchPad team can also create customised packaging prototypes to provide a competitive advantage to our customers in a fast-moving market.

All of our customers benefit from our innovation, with Detpak's standard product offering updated with new products, improvements, and range expansions based on the work of our expert innovation team.

### DID YOU KNOW?

Our LaunchPad team produces hundreds of unique packaging designs every year for some of the world's largest brands, right through to home grown locals.

## YOUR FOOD ON THE MOVE

Our comprehensive range of packaging solutions considers key functionality requirements to get your food on the move.

Promoting food integrity, presentation and freshness, our extensive range covers a variety of cuisines and needs – from food delivery to takeaway food designed for on-the-go consumption.

From our innovative delivery range to support an extension of your restaurant to your customers' homes, to our range for events or food trucks – our packaging solutions can help get your food on the move.

### DID YOU KNOW?

Detpak Market Trays are made of unlined Kraft board, so they are recyclable and commercially compostable. Switching from a plastic or foam tray can dramatically reduce the amount of single use plastic used in produce packaging.

# Clams

Clams are made from single-side coated board, and include vent holes, to ensure food won't get soggy. They're pre-formed, saving time in-store. They can be easily branded with stickers.

DID YOU KNOW?

Carnauba Wax, used to coat the cutlery in our wooden cutlery pack, is derived from the leaves of the 'Copernicia prunifera', a tree native to the Brazilian regions of Piauí, Ceará, Maranhão, Bahia, and Rio Grande do Norte. The use of this wax creates a smooth, premium surface and means the cutlery can be commercially composted.
