## CORPORATE RESPONSIBILITY

Telcon is a socially responsible employer and is committed to maintain the highest standards in health, safety and environmental protection. We commit to a program of continual renewal and replenishment of HSE policy, goals and objectives in line with the aim of promoting Continuous improvement of process methodologies. Telcon's environmental policy covers all environmental aspects and measures all potential environmental impacts to eliminate or reduce any negative environmental impact to a level of local or international compliance. Key focus areas for the Group include:

- ▶ To maintain and improve upon HSE performance.
- ▶ To ensure the safety and welfare of our employees and the protection of our assets.
- ▶ To conserve natural resources through energy conservation.

**OUR SERVICES**

**SURFACE PREPARATION & PAINTING - HULL & INTERNAL TANKS TREATMENT:**

- Hydro blasting
- Sand blasting
- Grit blasting
- Spot blasting
- Bristle blasting
- Vacuum blasting
- Slurry blasting
- Mechanical surface preparation
- Airless spray painting
- Conventional spray painting
- Floor coatings
- Epoxy coatings
- FBE coatings
- Acrylic, emulsion & pu coatings
- Plural component coatings
- Eureka removal & application

**TANK CLEANING:**

- Marine vessels – offshore & onshore
- High pressure washing & cleaning of cargo holds
- Sludge tanks
- Ballast tanks
- Potable water tanks
- Cement tanks
- Product change & hot works standard cleaning
- Engine room bilges
- Spud can cleaning
- Oil storage tanks
- Slurry, solid sludge and liquid waste removal
- Solid & liquid waste disposal

**PIPELINE CLEANING:**

- Cleaning of corroded & clogged pipelines
- Retrojetting of pipe systems
- Cleaning of heat exchanger tubes

**SCAFFOLDING:**

- Tube & fittings
- Cuplock scaffolding
- Single scaffolding
- Double scaffolding
- Cantilever scaffolding
- Suspended scaffolding
- Trestle scaffolding
- Steel scaffolding
- Patented scaffolding

**OUR SERVICES**

**ROPE ACCESS:**

- High pressure washing
- Welding
- Sand blasting
- NDT
- Fabrication
- Hydro blasting
- Surface preparation & painting
- Cleaning (faccade, building)

**HIRE OF EQUIPMENTS:**

- UHP water jetting machines (40,000 psi)
- Sand blasting pots
- Airless spray painting machines
- High pressure washing pumps
- Air compressors
- Generators
- Retrojetting machines

**NDT SERVICES:**

- Thickness gauging (Class approved)
- Ultrasonic testing
- Radiographic testing
- Magnetic particle testing
- Die penetrant testing

**HIRE OF MANPOWER:**

- Hydro blasters
- Spray painters
- Riggers
- Tank cleaners
- Welders
- Electricians
- Mechanical fitters
- NDT technicians
- Supervisors
- Paint inspectors
- Scaffolding inspectors
- Sand blasters
- Brush painters
- Scaffolders
- General cleaners
- Fabricators
- Mechanics
- UHP technicians
- Rope access technicians
- Foremen
- Welding inspectors (CSWIP)
- HSE officers

**SIGNAGE SERVICES:**

- Safety signages
- Area markings
- Lockout tagout
- Self-laminating accident prevention tags
- High performance stainless steel cable markers
- Pipeline markings
- Valve tag identification
- Logistics labeling

**OTHER SERVICES:**

- Helideck painting & marking as per cap 437
- Helideck friction testing
- Hull naming & markings
- Chlorination of potable water tanks
- Pickling & passivation
- Steel & pipe fabrication
- Marine & oilfields supply
