About Us:

Anchor Building Materials Trading LLC was established in 2001.

We are a supplier of Industrial Hardware & Packaging Materials.

Our product range includes hand, power and pneumatic tools, abrasive & adhesive products, fasteners, security locks, safety and welding equipment and materials, gauges, brushes, taps & drills, thermometer, tubing, lubricant, etc.

We serve customers from different industries such as Ship Building and repair, Oil and Gas, Construction, Food, Ship chandlers, Military and Government statutory boards, Hotels & Management council.

We also export to key markets in and around the Middle East region.

From a small hardware-trading house, we have since grown into a reputable supplier and trader of Industrial products and services. We are committed to deliver prompt quality services to our customers.

Our relentless pursuit of quality services means being supplier of choice for our customers.
