

INTERCOOL

"Better Cool and Better Care"

About Us

INTERCOOLAIR CONDITIONING L.L.C. was established in the year 2003 in the emirates of Dubai. In the era of development, every single second it's our pleasure to introduce ourselves as one of the leading Technical Contract in the United Arab Emirates. Hereby we express our keen interest to have a long-term and fruitful relationship with your company and accordingly we submit our proposal.

The background of the slide features a modern interior scene on the left, showing a white wall-mounted air conditioning unit, a staircase, and a dining area with white chairs. A large, diagonal graphic element, composed of a dark blue upper section and a red lower section, divides the slide. The right side of the slide has a light blue background with a pattern of small dots and faint, large-scale images of HVAC components like fans and coils.

Our Mission

To become the leading distribution network organization for A/C, HVAC, Duct Products and solutions. To be the organization that best understands and cater to the needs of the customers.

To achieve this goal, we work with the leading global companies, constantly researching new models of equipment with diverse applications.

Our Vision

To work in partnership with the global leaders in the industry to create suitable products and solutions to the customers. To be highly responsible towards health, safety and environment. We preserve and maintain honesty, integrity and commitment that are vital to drive our growth and success.

OUR SERVICES

1. HVAC CONTRACTING

INTERCOOL AIR CONDITIONING L.L.C. has made its own reliable, dependable and professional company ensuring every project is completed on time and to our customer's satisfaction.

The Company has enjoyed rapid growth in the past decade and the success can be measured by the excellence of the projects completed and percentage of repeated orders from their esteemed Clients. The expertise of the company can be seen from the diverse range of projects handled, Specialization in Central Air-conditioning, Ventilation, duct systems, (GI, PI, MS, Stainless steel) Chilled water piping and refrigeration pipes, designing, Supply, installation, Testing, and Commissioning of industrial, Commercial and luxury villas.
