Our SERVICE

06 Odor Removal

A signature fragrance exclusively from Red Carpet is being applied after the process of the carpet to ensure that you will receive a clean, fresh and pleasant smelling carpet delivered to you at your doorsteps.

07 Removal of Old Carpet & Installation of New Carpet

Your carpet professionals will meet and work with you closely to assess the condition of your floors, help you develop floor plans for the project area and discuss your options. From the removal and disposal of your old carpet to laying your new carpet and padding, the local installation team will make sure the job is done right, and to your satisfaction. This includes helping you select quality padding to install under your new carpet to help it last longer, feel softer, reduce noise and provide insulation. They also know the job isn't done until the installation area is vacuumed and free of debris.

01 Power Wash

The appropriate method of cleaning is best determined by the type of weave, fibre and dye used to make the carpet.

02 Deep Cleaning

Professional from Red Carpet eliminates dirt, dust, food particles, grease and other pollutants that collect in the fabric of your carpets, mattress, chandelier and sofa covers.

03 Stain Removal

Red Carpet professionals can expertly distinguish the type of carpet fibers and the type of stain to be removed, which is very essential to identify the ideal cleaning method and cleaning solutions to use that will certainly bring efficient results.

04 Carpet Sanitization
