Different size safety boxes are used to pack items of different sizes. We have all the proper packing materials to pack your entire household. We will provide specialty and so on. Crating when appropriate for items, such as chandeliers, oil painting our free in-home consultation will go over all of individual packing needs.

Export Packing & Stuffing

The first reason why you should have a professional packing care providers of goods intended for export is the craftsmanship. We are professional provider of packing for export with equipments, premium materials and professional crews to ensure that exported package is correctly and securely packed. We will also provide packages in accordance with industry standards and legal requirements for both countries of origin and destination. High standard packing is one area where we can easily demonstrate our high standard and professional approach to business.

When you are shipping a framed piece of art, or a fragile stuff, consider having a wooden crate custom built to protect your valuable asset. Wooden crates built using quality materials to minimize shock damage. We can custom pack almost any types of goods to ensure it arrives at its destination in the same condition as it left.

Project Cargo Packing & Industrial Removals

Industrial Packing solution means that we have systems and processes in place resulting from our company's ability to focus on customer needs and make the capital investments to achieve customer goals. Providing solution for today's industrial Packing challenges is not simply a matter of being able to deliver a box or a case or a carton to a customer's specifications. It is the ability to deliver a tailored solution to a specific customer problem and those problems are not solved by offering a product. They are solved by utilising the combined knowledge of an experienced team of packaging specialists whose sole aim is to ensure the customer can focus on what they do best without having to worry about the packaging.

Warehousing & Distribution Facilities

We have national and international network of storage facilities to provide flexible, secure storage services to all our valuable clients at the time of their move. We offer storage facilities both locally and internationally. We provide distribution facilities with closed and open Pickups in all over the U. A. E.
