# About New Vision

## An ISO 9001 Certified Metal Fabricator.

As an ISO 9001: 2015 Certified Company, New Vision is proud to have established strict adherence to international standards in the manufacturing process. This is done by monitoring and auditing compliance levels and this significantly contributes to the quality of work and service provided. At New Vision, we assure our clients quality on-time work at most economic rates. To achieve this goal, company has acquired the most modern equipment and very reliable manpower.

### Project Management

Successfully Completed more than 1250+ projects across UAE, Africa & Middle East. Main Focus of our projects are in Oil & Gas Industries, Marine Industrial, Waste management system etc.

### Time Management

With our expertise project planning & management has left New Vision an excellent track record for completion of projects with high quality & client satisfaction.

# Mission, Vision & Core Values

## Our Mission

Our mission at New Vision continues to be a dynamic and progressive supplier to the Industries by: Creating long-term partnerships, delivering remarkable customer service, maximizing profitability and providing an environment of encouragement and support for our employees' continuous improvement

## Our Vision

New Vision will be an innovative, customer focused leader in the chemical industry, recognized for integrity and superior performance through a highly skilled and dedicated team

## Our Core Values

New Vision is an exciting company and an exceptional place to work. These core values, that guide our actions, are the primary reasons for our success. By sustaining these core values with passion and determination, we will remain successful and preserve the unique spirit of our company.

# Quality Policy

"We at New Vision are committed to achieve total customer satisfaction by adapting itself to understand and meet evolving customer expectations by adopting National / International Standards, Codes / Statutory regulations in quality of the Fabrication products and services delivered to the customer. As a company we shall strive to continually improve all the processes by effective implementation of Quality Management Systems, involving all levels of employees and associates."

## Our Certifications

# New Vision Facility

Factory Size: 20,000 sqm

Warehouses: 4 Nos

Shed 1

: 1850 sqm

Shed 2

: 1850 sqm

Shed 3

: 1850 sqm

Open Yard with overhead crane

: 1560 sqm

Blasting and Painting Warehouse

: 1500 sqm

Open Yard

: 6550 sqm

Storage facility

: 2000 sqm

# COMPANY ROADMAP

2005

NVM was established in 2005 with 15 employees focusing on Shop fabrication of tanks, piping etc.

2008

NVM was awarded a 30 million tank farm.  
No of employees increased to 300+.

2012

Started a division focusing on pipe spool fabrication for carbon steel and stainless steel materials.

2018

Branched out projects to the Oman market.

2022

Received ADNOC approval for tanks, silos and piping works

2007

Received ISO Certification.  
Started Waste Treatment Plant manufacturing.

2010

Diversified into Stainless Steel Fabrication providing SS316 and SS306 fabrication works.

2016

Started a Branch in Kuwait.  
Employed 600 Employees across middle-east

2020

Started manufacturing of Thermal Energy Tanks.

2023

Moved to a new yard with 20,000sqm area with 5 warehouses.

# GROUP OF COMPANIES

## MIDDLE EAST SURVEY ENGINEERING

An ADNOC approved surveying company providing services in land, marine, aerial and drone survey. MES has excellent capabilities in providing terrestrial scanning, utility mapping, traffic survey and monitoring.

## NEW VISION METAL CONSTRUCTION INDUSTRY LLC

NVM is an EPC contractor providing total integrated solutions to the global energy and infrastructure market. We are an ISO Certified Company specializing in Design, Engineering, Procurement, Fabrication, Testing, Construction, Manufacturing and Site Installation of Heavy Engineering Equipment, Process Skids and Modules, Pipe Spools and Piping Systems and Tank Farms.

## GULF STAR CONTRACTING LLC

Offering services for infrastructure contracting, service line coring and ditching (NDRC), enabling works, road contracting, piling, shoring, dewatering, pipeline and station contracting.

## MIDDLE EAST ROAD MARKING

Leading Manufacturer and supplier of traffic management products in UAE. Provides services such as road marking, road gantries, guard rails, streetlamps poles, aluminum railing and other traffic management products.

## REVIVE MIDDLE EAST PAINTS AND METAL SHEETS IND LLC

An SRTA & RTA approved contractor providing manufacturing and installation of Traffic Sign Boards & Construction Signs. Revive Middle East manufacturing road marking paints and are available in 6 standard colors.

## TERRASEARCH GULF

Provides high precision services for geotechnical investigation and material testing services across UAE.

FOCUSING TO FUTURE

ENGINEERING | MANUFACTURING | CONTRACTING

## Our Services

### Carbon Steel Fabrication

- Oil Storage Tanks
- Fire Water Tanks
- CS Pipeline
- Pressure Vessels

### Stainless Steel Fabrication

- Stainless Steel Tanks
- Gas & Chemical Storage Tanks
- SS Pipeline Fabrication
- Pressure Vessels

### Alloy Steel Fabrication

- Alloy Steel Tanks
- Alloy Steel Pressure Vessels
- Alloy Steel Pipeline fabrication
- Hastelloy Fabrication

### Tank Farm Refurbishment

- Bottom Plate Replacement
- Pipeline motivation
- Sand Blasting & Painting

## We Specialized In

01

### Storage Tanks

(Design, Construction And Installation)

Diesel storage tanks  
Field erected tanks  
Jet fuel storage tanks  
Thermal energy storage tanks  
Fire water tanks  
Chemical storage tanks  
Gas storage tanks  
Silos

02

### Sewage Treatment Plants

Settling, Aeration, Filter Feed Tank  
MBBR Tank  
MSP Lamella Clarifier Tank  
Aeration tank  
Nitrification tank  
Coagulation Tank  
Flocculation Tank  
Settling Tank | Chlorine contact tank

03

### Lubricant Plants

(Design, Construction And Installation)

Design ,Construction and Installation Of:  
Base Oil Tanks  
Additive Tanks  
Holding Tanks  
Blending Kettle  
Blending Kettle With Heating Coil  
Piping Fabrication Works

04

### Offshore Containers

DNV 2.7-1 Half Heights  
DNV 2.7-1 Baskets  
DNV 2.7-1 Reefer Containers  
DNV 2.7-1 Half Heights  
DNV 2.7-1 Baskets

05

### Pressure Vessels

Multi-Media Filters  
Sand Filters  
MSEP Filters  
Alloy Steel Pressure Vessels  
Stainless Steel Pressure Vessels

06

### Structural Works

Building Infrastructure  
Handrails | ladders | Jiggs |  
Structural Steel | Watch Tower  
Warehouse | Bottom Frames

# Projects

Fabrication | Erection | Painting

- Size : 78M Dia X 17M Height - 12 Nos.

Total Tonnage: 20,000Mt/Ton

Client : Kuwait Oil Company

Crude Oil Storage Tanks

1

Design | Procurement | Fabrication |  
Erection | Painting

- 19Mtrs Dia X 20Mtrs. Height – 1 Nos.
- 20Mtrs Dia x 20Mtrs. Height - 2 Nos.
- 15.5Mtrs. Dia x 20.4Mtrs Height – 1 No.
- 13.5Mts Dia x 10mtrs Height – 2 Nos.

Client : ECOMAR Refinery, Fujairah

Oil Storage Tank with  
Internal Piping

2

Design | Procurement | Fabrication |  
Erection | Painting

Tank Erection , Assembly , Welding and  
Testing of Storage Tanks at Fujairah

- 49Mtrs.Dia x 22mtrs. Height - 1 Nos.
- 39Mtrs Dia x 22Mtrs. Height - 2 Nos.
- 24Mtrs Dia x 18Mtrs Height - 1 No.

Client : Agean Terminal Fujairah.

API 650 Oil Storage Tank

3

# Projects

Design | Procurement | Fabrication |  
Erection | Painting

- Detail of the tank :
- 31.1 x 10 meter height – 1 No

Client : Pal Danat

Thermal Energy Tank

4

## Maddoc Lubricants, Dubai

7

Design | Procurement | Fabrication | Erection | Painting

- 4.25 Mtrs Dia X 14Mtrs Height – 2 No.
- 3 Mtrs Dia x 14 Mtrs Height – 4 No
- 2.5Mtrs Dia X 8 Mtrs Height – 1 No
- 2.54Mtrs Dia x 2mtrs Height – 4 No
- 2" , 3 " , 4" ,6" & 8 " CS Linest.
- Handrails, Ladders, Supports.
- Blending Kettle.
- Additive Kettle.

## M/s. Power Plus Lubes & Grease FZCO

8

Design | Procurement | Fabrication | Erection | Painting

- 7Mtrs Dia x 11Mtrs. Height – 3 Nos.
- 6.2Mtrs Dia x 11Mtrs. Height – 2 Nos.
- 3.12Mtrs Dia X 9Mtrs. - 4 Nos.
- 2" , 3 " , 4" ,6" & 8 " CS Linest.
- Blending Kettle
- Additive Kettle
- Holding Tank
- Base Oil Tank

## Dure Oil Middle East Establishment

9

Design | Procurement | Fabrication | Erection | Painting

- 4.7Mtrs Dia X 12Mtrs Height – 2 Nos.
- 4.75Mtrs Dia x 9Mtrs Height – 4 Nos
- 3.5Mtrs Dia X 3Mtrs Height – 1 No
- 2.54Mtrs Dia x 2mtrs Height – 4 Nos
- 2" , 3 " , 4" ,6" & 8 " CS Linest.
- Handrails, Ladders, Supports

Client : Bin Butti Group

# Projects

Design | Procurement | Fabrication | Erection | Painting

- Pipe Sizes : 12", 8" and 6"
- Total Length of Pipeline : 10 KM
- Pipeline Support Structure

**Client : Vopak Horizon Fujairah Limited**

## Oil & Gas Tank Farm Pipeline

10

Design | Procurement | Fabrication | Erection | Painting

- Pipe Sizes : 20", 12", 10" and 6"
- Total Length of Pipeline : 10 KM
- Pipeline Supports

**Client : Agean Terminal Fujairah.**

## Oil & Gas Tank Farm Pipeline

11

Design | Procurement | Fabrication | Erection | Painting

- Pipe Sizes : 14", 8", 6", 4", 3" and 1"
- Total Length of Pipeline : 6 KM

**Client: Sharjah Oil Refinery**

## Tank Farm Pipeline

12

# Projects

Procurement | Fabrication | Erection | Painting

- Steel Structure- 90 Tons
- Total Quantity- 4 Nos

**Client : UAE Military**

## Steel Structure Watchtower

13

Design | Procurement | Fabrication | Erection | Painting

- Steel Structure Tonnage- 20 Tons

**Client : Bin Butti Group**

## Steel Structure for Equipments

14

Design | Procurement | Fabrication | Erection | Painting

- Steel Structure Tonnage: 40 Tons

**Client: Al Ain Flour Mill**

## Structural Platform

15

Design | Procurement | Fabrication | Erection | Painting

- 250MTon Capacity – 8 nos. Silos
- 209 M3 Capacity. – 10 Nos. Silos

**Client: Al Ghurair**

## Cement Industry- Silos

**16**

Design | Procurement | Fabrication | Erection | Painting

- Quantity : 20 Silos
- Weight of Supports : 15 Ton

**Client: Al Ain Flour mill**

## Food Industry- Silos

**17**

# DNV2.7-1 Offshore Containers

Offshore Cargo Containers Baskets are used for storing or transporting goods that are of unusual heights and dimensions. Cargo baskets are flexible units that come with lashing points to add tarpaulins or can be used as open tops.

New Vision offshore baskets are certified to DNV 2.7-1 and are available from our global depot network.

Some of the products we produce are:

- DNV 2.7-1 Half Heights
- DNV 2.7-1 Baskets
- DNV 2.7-1 Reefer Containers
- DNV 2.7-1 Half Heights
- DNV 2.7-1 Baskets

# Sewage & Water Treatment Plants

New Vision has been successfully working with high end water treatment companies worldwide. We have more than 15 years of experience in fabrication of various types of wastewater treatment tanks. All the equipment are fabricated and manufactured in our yard under the supervision of highly experienced professionals.

**Some of specialties include the fabrication of:**

- MBBR Tanks
- MSP Lamella Clarifier Tanks
- Flocculation Tanks
- Settling, Aeration and Filter Feed Tank
- Nitrification Tanks
- Coagulation Tank
- Chlorine Contact Tanks
- Oil Skimmer Tanks
- MSEP TPI Tanks

# Pressure Vessels

New Vision has been manufacturing pressure vessels as per ASME VIII Division I. New Vision Works has experience working with various industry for these works such as water treatments, power plants etc. We have capability and experience to manufacture:

1. Carbon Steel Pressure Vessels
2. Stainless Steel Pressure Vessels
3. Alloy Steel Pressure Vessels

## Oil Storage - Tank Farm

Fabrication | Erection | Painting

- 57Mtrs Dia X 20Mtrs Height – 1 No.
- 54Mtrs Dia X 20Mtrs Height – 2 Nos.
- 46Mtrs Dia X 20Mtrs Height – 7 nos.
- 40Mtrs Dia X 20Mtrs Height – 1 No.
- 38Mtrs Dia X 20mtrs Height – 4 Nos.
- 33Mtrs Dia X 20Mtrs Height – 2 Nos.
- 26Mtrs Dia X 20Mtrs Height – 1 No.
- 22Mtrs Dia X 17Mtrs Height – 1 No.
- 6.5Mtrs Dia X 12Mtrs Height – 1 No.

**Client : Fujairah Refinery FRCL.**

## EPC- Chemical Plant

Design | Procurement | Fabrication | Erection | Painting

### MECHANICAL WORKS:

Chemical Storage Tanks:

Tank Size :17.5Mtrs. Dia X 27mtrs. Height

Total Quantity – 20 Nos.

### CIVIL WORKS:

- Field survey.
- General excavations, backfilling and site preparation works, including compaction, testing, shoring and dewatering.
- Execution of all civil works consisting of:
  - Tank and vessel foundations
  - Equipment foundations.
  - Dyke walls and access ramps.
  - Sleepers and pipe support foundations, pipe culverts, etc.
  - U/G installations
