Who We Are

BAHMANI Group with more than 38 years in Dubai, is today the largest and leading company in providing sustainable energy solutions and real estate development.

We are rapidly growing company with track record of providing quality products and services to our customers. We are a trusted name in the Middle East and Africa markets.

What We Do

We are specialized in designing, engineering and producing high quality of Diesel Power Generator Sets for wide range of industries and applications.

We are also specialized in designing, engineering and producing high quality of Solar Panel Modules in Dubai.

We are the first and the only largest manufacturer of Solar Panel Modules in the UAE.

We recognize that the world's demand for energy is increasing, and we are fully committed to meeting this demand in environmentally responsible manner.

We are proud of how helping thousands of our customers in 70+ countries, providing them with efficient, reliable, affordable and sustainable energy solutions to power their houses, offices, factories and to help their businesses keep up and running.

VISION

Our vision is to lead the global market in manufacturing and distributing top-tier Diesel Generator Sets and PV Solar Panel Modules, providing sustainable energy solutions to businesses and communities worldwide. Simultaneously, we are dedicated to redefining luxury living in Dubai by offering the utmost in luxurious, elegant, and sophisticated properties, setting new benchmarks for unparalleled lifestyle experiences.

MISSION

Our mission is to engineer excellence in every product we offer, ensuring strict quality standards and innovative practices. We provide affordable, reliable, and sustainable energy solutions globally, fostering growth for businesses and communities alike. Simultaneously, we are pioneering a new era of luxury living in Dubai with unparalleled dedication to quality, enriching the lives of residents and investors alike.

OUR CORE VALUES

Core Values

Our values are the basis for our commitment we are committed to:

1 RESPECT

Our culture is based on a deep respect for our customers, the environment and our staff which reflects all our activities and decision making.

2 INTEGRITY

We conduct our business with honesty, transparency, and ethical principles, and we foster a culture of integrity and accountability throughout the organization.

3 QUALITY

We are dedicated to maintain the highest standards of quality of the industry and reliability in our products and services.

4 INNOVATION

We strive to continuously innovate and improve our technology, processes, and products to deliver the best possible solutions for our customers.

5 SUSTAINABILITY

We are committed to promote sustainable development and reducing environmental impact of our operations and products.
