MESSAGE FROM THE CEO

Fireman Safety Services was founded in the year 2006 and since then it has grown from strength to strength in the last few years, as the long term vision and strategy of the Team Fireman has come to fruition. Since our inception we have aggressively increased our market share in the field of Fire Protection System in UAE & QATAR. We are steadily marching towards our goal of becoming the premier institution in the field of Fire Protection business.

I'm proud to say that we have the most motivated, talented and competent people working in our various divisions and our storied experience in the region helps us to understand the market dynamics and local sensitivities of each project we undertake.

Fireman Safety Services with its strong basement and a wonderful technical team is marching towards our vision of establishing a national leadership position in Fire Protection System business.

Business growth apart, company is also intensely committed to planning a key role in discharging its social obligation by adhering to specified norms of legal, environmental and ethical practices. The aim is for as a company to be a professional and responsive corporate entity, which positively transforms the quality of Fire Protection System in the region.

HASSAN MOHAMED AL HASHEMI
CHIEF EXECUTIVE OFFICER

Fireman Safety Services is a leading Fire Protection Company headquartered in Musaffah, Abudhabi, UAE approved by Abudhabi Civil Defence since 2007 and is graded in A+ Category and is now operational in Qatar since 2013.

Fireman Safety Services is specialized in the field of active Fire Protection System which is very well managed by dedicated experts, well versed in all aspects of projects management who are well supported by a team of qualified engineers who have successfully passed the technical exams conducted by Abudhabi Civil Defence and Qatar Civil Defence Authority and technicians with years of experience to provide best quality service.

Hassan Mohammed Al Hashemi, CEO of Fireman Safety Services has a vision for a brighter future. His visions combined with the dedicated bunch of employees are striving to achieve the goal of becoming the premier company in the near future.

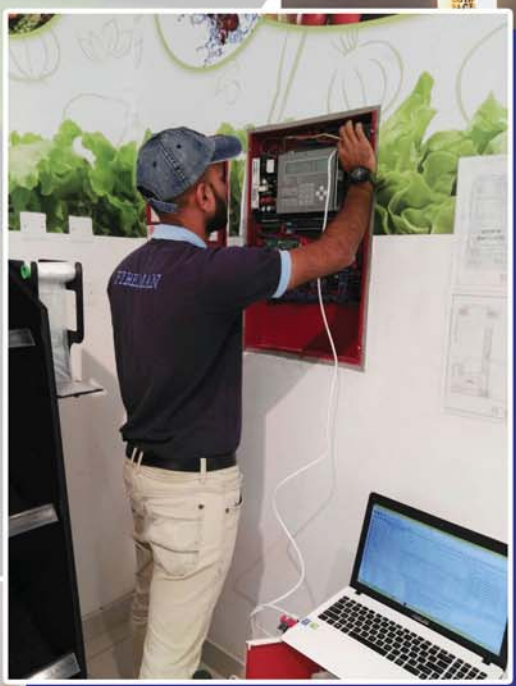

Fireman Safety Services has an outstanding track record of completing committed projects in time and providing services at regular intervals. This has enabled us to establish a strong client base and to obtain repeat order for various projects from different companies.

Fireman Safety Services has a 24x7 operational maintenance team comprising of Engineers, Coordinators and Technicians to provide preventive periodic maintenance of Fire Protection System.

Fireman Safety Services has a well equipped workshop to service and refill fire extinguishers and technicians who are well trained as per NFPA requirements.

Fireman Safety Services and its employees understand the mammoth responsibility associated with each projects and never compromises with the quality, and project entrusted to us is completed at a pace according to the need of the hour.

Fireman Safety Services believes in a workforce totally committed towards their profession and employee. Various steps are followed to make sure that the employees are trained professionally and are motivated at different levels to make sure that associated projects are executed with optimum quality as per local civil defence rules and NFPA regulations.

SAFETY & HEALTH

Fireman Safety Services aims to create and maintain an environment within which employees execute their activities in a healthy and safe environment. Furthermore the company is also committed to minimizing all risks pertaining to personal injury, diseases, company property and equipment.

We actively participate in safety loss control programs and ensure the involvement of all employees. We exercise strict measures to avoid injuries, fire explosions and conditions that may jeopardize the health of employees, negatively affect the environment or damage equipment. We comply with all applicable statutory requirements of the UAE labour ministry and Gulf standards as well as the international standards in the absence of appropriate legislation on the industrial best practice.

OUR COMMITMENT

1. To involve and consult with employees and where appropriate, their representatives and effectively communicate the health and safety matters.
2. Communicate health and safety rules and procedure to all parties.
3. Participate in the promotion of health and safety performance in our operations to meet international safety standards.
4. Proactively identify and control all potential risks or hazards
5. Committed to raising the awareness levels of every employee.
6. Dedicated to the continual review, development and improvement of all health and safety aspects in business.
7. To achieve world class standards in quality, health, safety and environment, in our processes, products and services.

ENVIRONMENT POLICY

Fireman Safety Services has a strong environmental protection responsibility towards the wider community of UAE. We are committed to sustaining natural resources, essential to life. In this way we aim to meet the needs of our present and future generations.

ENVIRONMENTAL PRINCIPLES

1. Manage and use land, raw materials and resource responsibly
2. We are committed to comply with all local and regional legislation applicable to Fireman Safety Services operations in the UAE, public Commission for the protection of Marine Resources, Environmental & Wildlife, products and services as well as customer specific issues.
3. Include environmental sustainability consideration in design and development.
4. Adopt the best affordable technology to manage any negative impacts on the environment
5. Practice the reduction, recovery and recycling of waste materials and rehabilitation of disturbed land
6. Promote environment awareness and responsibility among employees, customers and suppliers.
7. To prevent environmental pollution, or reduce it to minimum, even beyond the demands made by the relevant legal provisions.
8. Maintain transparent relations with employees, the authorities and the community
9. Promote continual improvement in the environmental management performance
10. Maintain and review the environmental performance of our operations and activities with in international standard.
