ABOUT US

We are pleased to introduce Master Technovision as a leading enterprise communication solution provider grounded in Dubai, UAE. We specialize in installing all types of SMATV/IPTV Satellite Systems, Home Automation, LED Signage, CCTV, Audio Video Intercom, Access control / Time Attendance, and Gate barrier systems. Our valuable client includes bluechip corporations, residential villa, towers, appartments, education institutions, and worship places. The well tailored solutions from Master Technovision are sound enough to meet the demands of the latest AV scenario.

CORE VALUES

Service

Value

Integrity

Trust

Excellence

VISION

To be a competitive and unequaled quality value provider in the field of Electronic Security and surveillance services. To partner with international suppliers and provide the latest technology and services.

MISSION

To be accredited as the most dependable, affordable, and customer focused technology provide and to be the best preferred technological partner of our customers.

CCTV

CCTV Installation, Testing & commissioning is the core service of our business. Our business model is purely based on customer satisfaction and our dedicated CCTV support will be just a call away at any time.

You can ensure the theft prevention, safety, and security of your staff, customers & visitors by installing CCTV systems and monitoring the movement of your shops and businesses.

SMATV/IPTV HOTEL TV SOLUTION

With SMATV system (Satellite Master Antenna Television), you can become your own in-house cable company. SMATV systems make use of multiple satellite and broadcast signals to create a single cable signal for distribution to a cable company.

Internet Protocol Television (IPTV) is the delivery of television content over computer networks based on logical Internet Protocol (IP), rather than through traditional terrestrial, satellite, and cable television formats. Unlike downloaded media, IPTV offers the ability to stream the source media continuously. As a result, a client media player can begin playing the content immediately. This is known as streaming media.

LED DISPLAY SIGNAGES INDOOR | OUTDOOR SOLUTIONS

We are the leading indoor/outdoor LED Wall & Signage Board Integrators in UAE, we are providing Complete Package for indoor/outdoor led wall. As per the customer Request we are providing all ranges of pixel pitches and customized products.

LED Walls are mainly Providing,

- 1) Fixed Screen
- 2) Magnetic Screen
- 3) Flexible Screen
- 4) Curved Screens
- 5) Mesh Screens
- 6) Transparent Screens

We have a group of technical team to install the systems in all over the UAE, mainly the LED Walls are using like Shopping mall, Jewelry, Exchanges, Pharmacies, Hotels & Restaurants, Hospitals & Clinics.

WE DO

- Indoor Screens <
- Outdoor Screens <
- Poster Led/Lcd Wall <
- Curved Screens <
- Flexible Screens <
- Magnetic Screens <
- Transparent Screens <

The world is becoming more visual, and viewers expect bigger and better. Whether in a corporate, hospitality, or entertainment-centric setting, audiences and end-users expect an immersive experience that makes them feel like an integral part of their environment. Product warranty depends on brands.

SMART HOME SOLUTIONS

We are providing a complete package for Home Automation & Home Cinema, we have lot of brands in Home Automation like wireless and wired solution.

“Home Automation” refers to the automatic and electronic control of household features, activity, and appliances. in simple terms, it means you can easily control the utilities and features of your home via the internet to make life more convenient and secure, and even spend less on household bills.

WE DO

- Light control
- Climate control
- Curtain control
- Smart sensors
- Smart door lock
- Garden automation
- Home cinema with chairs

AUTOMATIC GARAGE DOORS

Our garage door deals with the supply of high quality automatic garage doors. We specialize in numerous products for the security of garages. We supply garage doors for residential and industrial applications. The products are made of a high grade metal highly resistant in all the weather UAE with the purpose to provide maintenance services and installation of various types of automatic security door products such as automatic garage doors, etc.

BRANDS

SWING GATE MOTOR

Just like your classic imagination, the swing gate is that which opens up before us. It consists of one or two leaves that usually open inward, rotating with respect to the pins or hinges fixed to columns or supporting pillars on both sides. This type of gate can be automated in various ways, by means of external or underground operators, depending on the functional and aesthetic requirements.

GATE BARRIER SYSTEM

Gate Barriers and Parking Management Systems, road barrier is the most functional and at the same time attractive solution for controlling public and private vehicle transit and access to rest areas, even with high traffic volumes

Master Techno vision LLC also offers all kinds of gates and security obstacles to its clients We provide our customers with the necessary products, support, and technical assistance to design and install a complete security system

SLIDING GATE MOTOR

Just like your classic imagination, the swing gate is that which opens up before us It consists of one or two leaves that usually open inward, rotating with respect to the pins or hinges fixed to columns or supporting pillars on both sides This type of gate can be automated in various ways, by means of external or underground operators, depending on the functional and aesthetic requirements

REMOTE CONTROL

AUDIO/ VIDEO INTERCOM

The audio and video entry security phones are very convenient for the verification & identification of people requesting entry. Our range of services includes many unique advantages with a wide variety of colours, digital entrance panels, and shapes of push button. Monitors can be supplied with monochrome or colour vision and image memory. Residential, as well as commercial purpose AV intercoms, are available.

ACCESS CONTROL & TIME ATTENDANCE SYSTEM

Access the capability to control and monitor the authorized and unauthorized access of staff, visitors, and trespassers with the help of time attendance system. Access control systems can be easily integrated with CCTV systems, door entry systems, fire systems, etc. MTV provides leading edge electronics to security management systems working on an enterprisewide network with entry level, single door access control systems to protect offices and workplaces.

WIFI / NETWORKING SOLUTIONS

Everything You Need to Get Started... Your business networking solution will enable data transfer and storage, it will enable any work on computers, will connect you to cloud tooling, and will allow even simple businesses processes like accepting credit cards.

Advanced networks that use strategic design, more access points, and better equipment to create reliable web connectivity for business users.

PBX / TELEPHONE STRUCTURED CABLING

A multi-line phone system used in a professional environment. For enterprises and small businesses alike, this has grown to include more advanced features for managing phone calls and modern communications solutions. More specifically, IP (internet protocol) technology has expanded the possibilities of phone systems. This includes integration with other business software.

PUBLIC ADDRESS /BGM SYSTEM

Our wide range of Public Addressing systems are often used in small venues such as school auditoriums, churches, and small bars. PA systems with many speakers are widely used to make announcements in public, institutional and commercial buildings and locations.

BGM system is meant to be a plug and play solution for any type of venue that requires Background Music to liven up and create ambiance in the room.

ANNUAL MAINTENANCE CONTRACT

We offer AMC contracts to resolve any technical issue and support in:

- SMATV
- CCTV
- GATE BARRIER
- INTERCOM

We are well equipped with an excellent and well educated team of engineers and technicians for system installation and maintenance.
