ABOUT US

Safeway International Moving & Shipping LLC, a leading International removal and relocation company established in the year of 2008. For almost 10 years our name has been synonymous with high quality home & office moving. We provide the most advanced shipping and transportation methods of today in more than 40 countries. Safeway International has grown to become one of the largest and most respected providers of moving services, handling over 300 international moves and over 5000 domestic moves every year. First established in 2008, Safeway International is supported by over 40 employees. As part of our commitment to workforce diversity we employ a team of different nationalities. We are an accredited mover of IAM (International Association of Movers), IMA and X2 network.

- Dedicated customer support.

Professional House & Office Movers

Moving to a new house or apartment means dealing with tasks like finding a good neighbourhood for your kids, packing your household goods, and arranging for them all to be carted from your old house to the new one, and organising utility and internet connections. With all the stress associated with these tasks, wouldn't it be great if you could find a reliable and trusted local moving company who will simply take care of moving your furniture and belongings. When you choose to move with Safeway International, you will be delighted to find we have everything you need to make your move a seamless experience. Regardless it is moving a small office or an entire division, the process of office relocation is always difficult, time consuming and stressful. But with experts involved, the same process can become quick, easy and, of course, stress-free.

OUR KEY SERVICES

- Packing and Removal (Offices/Villas/Flats).
- Storage Services (AC and Non-Ac).
- Export Packing & forwarding (Sea/Air/Land).
- Industrial removals & Project Cargo.
- Transportation Service.
- Accredited Full Service Destination Agent.

Storage (AC and non AC)

Safeway International Moving & Shipping LLC warehouse is located at DUBAI & SHARJAH. The site is conveniently located close to the Emirates road and easy access from any emirate of the United Arab Emirates. All consignments for store have a comprehensive inventory completed in the home before transportation, and this inventory is checked as the goods are unloaded into store. Your furniture is either internationally wrapped or wrapped in furniture pads for protection. It is then loaded into our special built storage modules for security and protection and stacked neatly. Our 24 hours air-conditioned self storage is designed to access anytime and equipped with surveillance camera systems

Export Packing & Forwarding (Sea/Air/Land)

Safeway International has trained professionals, with years of experience that a pack your household goods. To provide maximum protection your upholstered pieces, appliances and wood furniture will be wrapped and padded in your home before being moved. Our free in-home consultation will go over all of individual packing needs. We are widely acknowledged amongst our clients for offering reliable Air, Sea and Land Freight Services. We utilise the best quality ocean freight and air cargo services. From the personal attention given to the exact requirements of each client, to the speed of transit, economical rates, and access to a truly worldwide shipping network.

Transportation Service

Safeway Offer hassle free transportation service to Local and GCC destinations. Our drivers are trained to handle your cargo in safe way and represent our company reputation to all places. All our trucks are closed and insured.

Industrial removals & Project Cargo

Industrial Packaging Solutions means that we employ systems and processes resulting from our company's ability to focus on customer needs and make the capital investments to achieve customer goals. Providing solutions for today's Industrial Packaging challenges is not simply a matter of being able to deliver a box or a case or a carton to a customer's specifications. It is the ability to deliver a tailored solution to a specific customer problem - and those problems are not solved by offering a product. They are solved by utilising the combined knowledge of an experienced team of packaging specialists whose sole aim is to ensure the customer can focus on what they do best without having to worry about the packaging.

Accredited Full Service Destination Agent

We are fully capable to handle any volume of import shipments of house hold goods to be delivered in UAE or any part of GCC countries. We can handle import shipment to any major ports in the UAE includes customs clearing, warehousing, delivery with unpacking, setup, removal of debris, special handling, handyman services etc.

INTERNATIONAL REMOVALS

Our International moving department ships to and from most worldwide destinations, including Australia, New Zealand, Canada, USA, South Africa, Turkey, India, Pakistan, Thailand, Malaysia and Indonesia.

With our International removal service we offer a regular service to most destinations around the World. We always select the most advantageous routing and give advice on the options of shared or exclusive deep-sea containers and in the case of urgent essentials the use of airfreight.

Our dedicated overseas consultants will guide you through the necessary customs regulations and will provide you with a detailed moving schedule, giving you peace of mind that everything is being taken care of.
