## About us

With over two decades of experience Aqua Arab Trading Co is a leading exporter and reseller of Hardware solutions and "Plumbing & sanitary fixtures" in the UAE. Ever since we incorporated a presence in the UAE in 2001, Aqua Arab Trading has focused on a relentless pursuit of customer satisfaction and has nurtured a reputation for delivering the highest quality at the lowest prices. Currently we operate out of our showroom & a branch office Sharjah supported by a dedicated wholesale office & Dispatch Department at the Sharjah Industrial Area.

AquaArab Trading offers an extensive array of Hardware solutions including a end-to-end portfolio of Plumbing and sanitary fixtures, Electrical Fittings, Hardware Tools not to mention other Fixtures & Fittings requirements for the construction industry. Customer satisfaction is at the crux of every transaction we perform, be it at the individual consumer level or broader engagements we handle as a trading establishment with MEP contractors.

We cater to customers of all sizes complemented by a wide range of products & brands suited to every budget. Our commitment to customer satisfaction is further reflected in the value added services we provide to customers be it consultative services or logistical support. We enable customers to leverage our extensive experience and in-house experts for developing proposals tailored to their budgetary requirements.

**Our Vision** - We aspire to become the leading provider and the trusted name for end to end building material requirements of clients in the Middle East.

**Our Mission** - We seek to delight our customers in every transaction and focus on this goal every day, and every day we renew our promise to bring this spirit to everything we do.

### Lines of Business

**Reseller Business** - One stop destination plumbing and sanitary fixtures and fittings and a range of other building materials for customers of all sizes in UAE. Aqua Arab represents some of the most reputed brands in the industry and also offers aligned services including logistical support for consigning and transportation.

**Trading and Distribution** - Given our longstanding relationships and goodwill in the market, Aqua Arab has emerged as a partner of choice for some of the leading hardware brands with numerous exclusive and non-exclusive distribution agreements for the United Arab Emirates.

**Exports and Re-exports** - For larger customers in the Middle East and beyond, we provide specialized sourcing and export services. We have a proven track record of engaging with large contracting companies, trading establishments and resellers in Middle East, Africa and Asian markets.
