INTRODUCTION

Smartway Switchgear Industries is a leading distributor of secondary power solutions for more than a decade in the United Arab Emirates. Specialized in Low Voltage panels. We are loyal Panel builders of ABB.

We assure a safe and reliable efficiency in every homes and businesses.

We are pleased to introduce ourselves as one of the leading Low Voltage Switchgear manufacturer, ISO & ASTA Certified in the UAE.

Member of SN Registrars (Holdings) Ltd

8327

ABOUT US

Smartway has been able to take advantage of the latest technologies in the switchgear field and provide customers with the most economical and updated solutions of the best quality.

All products are manufactured to individual customer requirements, in accordance with strict quality procedures, ensuring reliability and cost-effective solutions.

Our proficiency in switchgear and control systems remains at the forefront of latest technology. These results are from continuous research and development and being regularly specified by consulting engineering companies to participate in major electrical projects for the United Arab Emirates markets.

Accreditation to ISO 9001:2008 and ASTA certifications demand strict control and audit of the procedures used throughout every aspect of company operation.

OUR SOLUTIONS

Automation Solution

SCADA Stations

PLC & HMI Control Panel

Remote Terminal Unit (RTU)

Variable Frequency Drive Panels

Soft Starter Control Panel

HVAC Control Panels

Energy Monitoring and Management System

RO Control Panels

Switchgear Solution

- ⌚ Low Voltage Switchgear Panel up to 6300Amp
- ⌚ Main Distribution Board (MDB) Panel
- ⌚ Sub Main Distribution Board (SMDB) Panel
- ⌚ Final Distribution Board (FDB) Panel
- ⌚ Motor Control Center (MCC) Panel
- ⌚ Capacitor Bank
- ⌚ Generator Synchronizing Panel
- ⌚ Auto Transfer Switch (ATS) Panel
- ⌚ Star Delta Control Panel
- ⌚ DOL Control Panel
- ⌚ Pump Control Panels
- ⌚ Feeder Pillars
- ⌚ Street Light Control Panel
- ⌚ Manual Change Over Panel
- ⌚ Swimming Pool Control Panel

Service and Maintenance Packages:

Comprehensive Annual Maintenance Contract

Preventive Annual Maintenance Contract

Breakdown Service Contract

Service Maintenance Contract

We are specialized in developing, implementing, and service maintenance solutions for following

Low Voltage Switchgear Electrical Distribution Panels (MDB, SMDB, FDB)

Distribution Board Audit, Upgrade design, Retrofit, testing, and Commissioning

Electrical starter, MCC and distribution panels

Electrical maintenance services

Generator Control Panels

Capacitor Banks

Feeder installation and maintenance

Pump Control Panels

Automation Control Panel upgrade and Retrofit

Solar Pumping Solution
