FZCO

## ABOUT US

---

### GENERAL INFORMATION

RME Middle East FZCO is a member of international group RYWAL-RHC which is the biggest chain in Europe of welding stores and engineering companies, including:

**RYWAL-RHC Sp. z o.o.** in Poland

**SOLIK SK** - Slovakia

**RYWAL-LT** - Lithuania

**RIVAL-SVARKA** - Belarus

**RYWAL-RU** - Russia

**RYWAL-RHC Romania SRL** - Romania

RYWAL-RHC GROUP offers technology, machines and products used in processes that deal with joining and cutting materials by using heat (welding consumables, welding equipment, cutting and grinding machines, ventilation systems, personal protective equipment, technical chemistry products and robots). We cooperate with well - known suppliers from all over the world. At the same time, we also manufacture many products under our own brands: MOST, GOLD, ITS-ITM. Additionally our company provides accompanied to sale authorized guarantee and after-guarantee services, technical support and demo-shows of welding items.

### OUR BRANDS

---

## ABOUT RME MIDDLE EAST

Welcome to RME Middle East, a leading provider of cutting-edge technology, machinery, and products across the Middle East region. With a presence in key territories such as United Arab Emirates, Qatar, Kuwait, Saudi Arabia, Oman, and Bahrain, we specialize in offering innovative solutions for processes involving the joining and cutting of materials through heat application.

## OUR OFFERINGS

At RME Middle East, we pride ourselves on delivering the latest technology in welding consumables, welding equipment, cutting and grinding machines, ventilation systems, personal protective equipment, technical chemistry products, and robotics. Collaborating with renowned global suppliers such as LORCH and MAGSWITCH, we also manufacture a range of products under our own esteemed brands, MOST and GOLD.

## WHAT SETS US APART

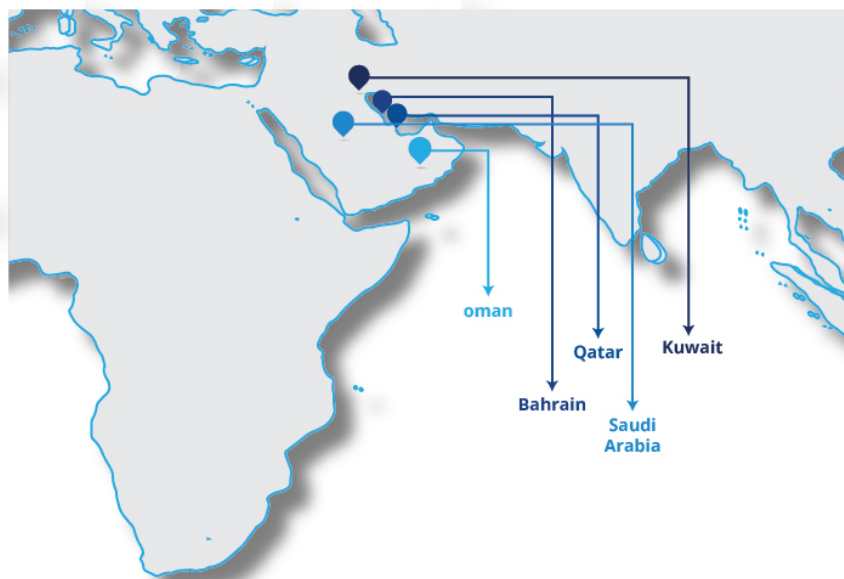

We provide high-quality welding consumables such as wires and electrodes at competitive prices without compromising on excellence. Our services extend beyond sales to encompass repair services for welding equipment, robots, abrasive machinery, and other appliances. Additionally, we offer authorized guarantee and after-guarantee services, technical support, and demo showcases of welding products to ensure customer satisfaction.

## INNOVATION AND SUPPORT

RME Middle East places a strong emphasis on the latest solutions in the industry, including laser welding machines, to support our customers in their welding endeavors. Our commitment to innovation ensures that working with us can lead to achieving exceptional results in welding projects.

At RME Middle East, we strive to be your trusted partner in providing cutting-edge technology and unwavering support for all your welding needs. Explore our diverse range of products and experience the difference with our top-tier services.

## WHERE WE ARE?

## WHY TO CHOOSE US?

**A Decade of Leadership:**  
Setting the Standard in Middle  
East's Welding Market.

**Driving Innovation:** Shaping  
the Future of Welding  
Solutions in the Middle East.

**RME Middle East:** Delivering
