

QUALITY SOLUTION FOR LABORATORY EQUIPMENT, MEASURING INSTRUMENT, BATCHING PLANT, MEDICAL LABORATORY DEVICES, FOOD TESTING LABORATORY & OIL FIELD TESTING DEVICES

WE DELIVER QUALITY
FAR BEYOND WHAT'S EXPECTED

QUALITY TECHNICAL SERVICE

Quality Technical Services is a professionally managed Calibration Services & Trading company in UAE, The Middle East and other countries. We take pride in the technical ability of our trained service engineers. Earning and retaining our customer's trust is everything. We go above and beyond to provide impeccable service paired with our full suite of test and measurement solutions to contribute for a long-term success.

CALIBRATION & TRADING SERVICES

We offer accredited calibration services you can trust for accuracy and consistency as well as a comprehensive range of test & measurement equipment for Construction, Oil & Gas, Pharmaceutical, Food & Packaging, and any other general-purpose laboratory items.

LABORATORY

Our Laboratory provides both Traceable Accredited Calibration, Certification & Repairing Services for Construction, Asphalt Testing Laboratories, Soil Testing Laboratories, and Concrete Testing Laboratories like Batching Plants, Compression Machines, and Electronic Weighing Machines as well as Calibration for Catering Companies, Hotels & Restaurants, Hospital, Clinics, Medical Centers, and Pharmacies.

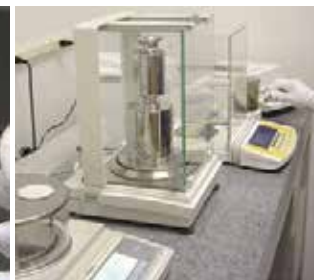

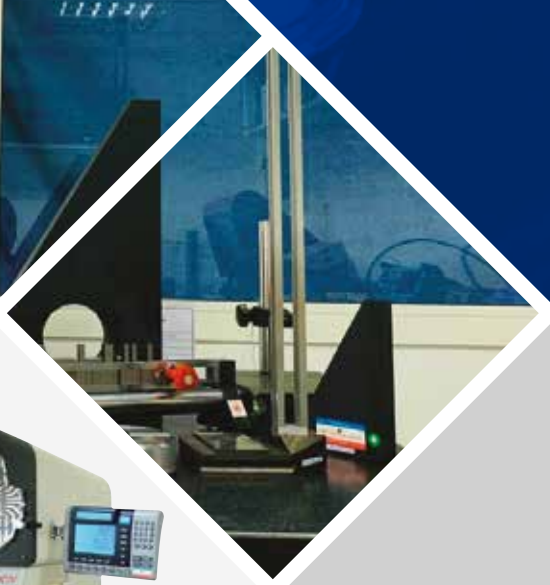

VISION

Our vision is to become one of the best service organization meeting global standards in the field of calibration, repair and maintenance of instruments in the Middle East.

MISSION

Our mission is to satisfy our customer by providing them high quality products and services through the consistent use of creative, innovative and dedicated teamwork to improve efficiencies and upgrading practices within the company.
