**COMPANY PROFILE**  
**2024**

## **ABOUT US**

**WESTERN HOME AUTOMATIC DOORS** was established in 2010 in Sharjah, United Arab Emirates. The company works under the umbrella of a well known group in the gulf with varied business interest in the service, manufacturing and hospitality sectors and many others. Western Home is the outcome of the group's intention to provide business solutions to its valuable customers by specializing in the supply, installation and maintenance of all type of home automation, designing intelligent control systems, solar energy system, block factory and concrete batching plant for business of all sizes. Western Home have spread its hands to other emirates to offer fast and dedicated service to its customers. We recently open our new Branch in Morocco and another Brach in Sharjah. More branches will be opened shortly to cater their various home automation needs.
