Introduction

SAK is established in 2013 located in the United Arab Emirates.

SAK has accumulated a strong and healthy market covering the entire Gulf Region, Europe and Africa with our specialized operations.

SAK has different Business Division specialized with their core competencies to cater market.

SAK is among the leading distributors of Air Compressors, Electrical, Mechanical, Packaging and Industrial Chemical and Hardware products in the Gulf.

SAK has been providing support and services to all major industries/businesses and contractors in the region. Our genuine high commercial standard products and services are well known and highly placed in the competitive market for its quality and endurance, whereby our reputation has always been strongly and widely acclaimed by major Business / Industrial sectors.

Only aiming profit does not make business successful it has to be an activity which creates prosperity and well-being for all those who are connected with it directly or indirectly. Profit is only a by-product reflecting how well we are carrying out the business activity.

Our commitment, firstly, is to the Customers we serve as we are in business because of them. Our aim is to bring our Customers a quality product which is reliable and is best suited to Customers' requirements. Subsequently, we must ensure that the product gives the Customers the kind of performance and productivity that will enable them to realize the full value of money paid. Our relationship with the Customers does not end with a sale but a journey just starts with it.

It is to this end that SAK has developed its network across GCC and Africa with in very short time span. The underlying approach has always been to have a dealership which is well organized to deliver world class Customer support in line with the current and changing needs of the country. We believe in delivering the Best in Class support to our Customers.

SAK is able to bring to the country not only the finest quality products but also the expertise and know-how of a world leader in the productive use as well as equipment management.

UAE is striving towards progress and development. We are closely associated in supplying our quality products/services and delivering our Customer Support Services for the country's various businesses/industrial developmental activities - construction, air & sea ports expansion, power & water projects, irrigation, general construction, oil exploration & production, industries, health & hospitality, land forming, marine, quarrying, mining etc.

**Message from MD's
Desk**

Objective

Contribute in Industrial Automation and provide best Product and Services. Providing A Grade Quality Packaging Materials.

VISION
