

Company Profile

SAHIL AL KHALEEJ

General Trading LLC

Main company contact:

P.O. Box: 150773, Sharjah, UAE
Tel: 06-5237157 / Mob: 055-6435609
Fax: 06-5237167

BUSINESS, ADMINISTRATIVE & CONTACT INFORMATION

Business Name: Sahil Al Khaleej General Trading L.L.C (License No: 719047)

E-mail: info@sahil-alkhaleej.com,

Website: www.sahil-alkhaleej.com

ONE STOP SOLUTION for all your Industrial Needs.

Who We Are

Sahil Al Khaleej was formed in 2013; the formation of the company was an Addition of Trading co; in Multi dimensional Industrial equipments and instruments to the previous Business of Electro Mechanical and M.E.P Company which was established over 10 years ago.

What We Do

Our business is to provide a complete range of Industrial & Oil field Equipment's and Parts, Industrial and Oil field instruments & parts, Instrumentations, Software developments, Hardware and Tools, Electrical, Instrumentations and automations, M.E.P and other general trading products within United Arab Emirates and Gulf.

Vision Statement

To be the trusted name in Multi National Brands, any product sold by Sahil Al Khaleej will be a world class products and services to our clients. We strive to provide a complete Engineering and Automation Solution to Industrial, Construction and Oil field sectors. A commitment to raise our employee's standards by continues training and inspiration.

Mission Statement

Aim to provide cost effective, multidimensional, Innovative solutions and products matched only by Quality of Service.

Our aim to be known for Honesty, Integrity and highly professional organization. We are committed to our clients, staff and community.

Values

Trust, Quality, ethical teamwork and transparency in our communication with our customers and suppliers with a commitment to growth at all levels.

Business Goals & Objectives

To provide excellent customer service.

To promote a profitable and sustainable business activity that meets the customer's needs.

To increase the company's market share.

To gain the competitive edge.

ONE STOP SOLUTION for all your Industrial Needs.

Business Strategy

Provide a highly of quality service.

The company will develop key strategic alliances with major key industry organizations.

Provide a compelling service and products to encourage repeat visits.

Provide wide-range multidimensional industrial products to corporate sector with technical support and best after sales service.

Business Portfolio:

INDUSTRIAL

OIL FIELD

CONSTRUCTION

MACHINE & TOOLS

AIR COMPRESSOR (ALL TYPES)

FLOW METERS

LEVEL METERS

MULTI TYPE SENSORS

INSTRUMENTS

PROCESS CONTROLLERS

INDUSTRIAL PROCESS AUTOMATION

PUMPS

GEARE BOX & MOTORS

METERING PUMPS

PNEUMATIC

HYDRAULICS

Business Competitiveness

- An understanding and expertise in the wide range of Industrial, Construction and Oil Field products coupled with highly motivated technical sales team.

ONE STOP SOLUTION for all your Industrial Needs.

Specialized Trading:

- 1. Air Compressor:** Screw Air Compressor, (Stationary and Portable) and reciprocating (piston) Air Compressor for General use and Pet Industry. Air Dryers, Filters, tanks and accessories.
- 2. Flow Meters:** All Type of Flow meters like Mass, Electromagnetic, Turbine, vortex, PD Mechanical, ultrasonic, Oval Gear, Variable Area and Rotameter for industrial application and BTU Energy Meters for construction industry.
- 3. Pneumatic components:** FRL, solenoid Valves, Cylinders, Fittings, tubing & accessories.
- 4. Hydraulic:** Pumps, Directional control Valves, Cartridge valve).
- 5. Process Instruments:** Level, Pressure, Flow control & Measurements and process controllers. Tank level management system.
- 6. Steam & Thermal oil:** Steam and Thermal Oil Heater with complete services.
- 7. Gear Boxes & Motors:** All type of Gear box, Geared Motors for industrial, oil fields and process plants.
- 8. Metering and Dozing Pump system:** High and & Low Pressure Metering with flow control and measurements.
- 9. Batching & Inventory system for Lube oil Plants & others:** Fully auto control blending and batching control automation with customized Soft ware and SCADA Control for Lubricants blending and chemical process plants.
- 10. Chemical & Food processing Pumps, Hot Oil Circulation:** All type of process and transfer pumps.
- 11. Sensors, Gauges, Automation instruments and industrial process software design and implementation.**

AUTHORIZED DISTRIBUTIONS & AGENCIES:

We are continuously building our business relations with International industrial systems manufacturers and already acquired rights of distributions for UAE /Middle east as below:

- Screw Air compressors & Accessories:** stationary, Electric & Diesel Portable (**CHAMPION** , **BOTTARINI** By **Gardner Denver**).
- Reciprocating Air Compressor:** Oil Free High & Low Pressure reciprocating Air Compressor for multi industrial and general use. ( **AF Compressor**)
- Pneumatic:** Low pressure FRL, solenoid valves, Cylinders, Fitting and accessories (**Aircomp**  **Italy**).
High Pressure: FRL & Gases Regulator: High Pressure systems ( **Insert Deal Italy**)
- Flow Meters:** Mass Flow, Electromagnetic, Turbine, vortex, PD Mechanical, ultrasonic for liquid and Gas (**ABB** ,  **NITTO SEIKO**   **Brent Adler**)
- Instruments:** Level, Temperature, Pressure, Float switches, Level Transmitters, Transducers, Measurement and controls (**Brent Adler** , ).
- Actuators and control valve:** Pneumatic, Motorized, Pneumatic diaphragm actuators (**COVNA**, **MORC**, **hamtork**).
- Steam Boiler and Thermal Oil Heaters and accessories (**SAZ Boilers India**).
- Metering & dozing Pump and systems (**Ailipu**).

ONE STOP SOLUTION for all your Industrial Needs.

9. Pneumatic, Motorized and Diaphragm **Actuators** & Valves for general liquids, fuel and oils, steam, hot oil and water.
10. PLC, HDMI, VFD and CPU, Temp. Controller, sensors (**SIEMENS and DELTA**).
11. Blenders, Agitators, Heating Reactors and Batching system design and manufacturing.
12. **Wire and Yarn** Tension meters and Transducers (**Made in USA**).
13. **Measuring Equipment:** Anemometer, Belt tension Meter, Vibration Meter, Thickness Gauges, Sound Level Meter, Coating Thickness Gauge, Tacho Meter, infrared Temp; Meter and a lot.

BRAND LOGOS:

INVENTORY & MANAGEMENT CONTROL:

1. Thorough knowledge and experience of Bulk storage Oil and chemical terminals and storage.
2. Fully integrated Inventory control software supported with Edge cutting modern Electronic Technology.
3. Full Desktop control with site level indicators.

BATCHING & AUTOMATION SYSTEM & SOFTWARE:

1. Fully Computerized and digital control batching systems and plants design and implementation with supply of full range of Instruments, Flow Valve and Equipments.
2. Thorough Knowledge and experience in Chemicals, Lube Oil, Liquid Rubber, latex, Paints and resins.
3. Experience and Knowledge of ABB Design and system for Lube oil blending and packaging gained by highly qualified Operations Engineers from PSO, ENOC and ADNOC.
4. We have developed world first inline Lube Oil Blending Module, process and software to produce all type of lube oils at the rate of 2-3 times more production than a contemporary available system world over.

ONE STOP SOLUTION for all your Industrial Needs.

CLIENTS:

1. Falcon Chemicals Jabel Ali Industrial Area Dubai
2. MAG Lube Techno park Dubai.
3. Tricore Surfactants Hamriya Free Zone Sharjah.
4. United Grease and Lubricants Ajman.
5. Emirates international Lubricants Ind; Ajman.
6. Mehraj Adhesives and Chemicals UAQ.
7. Abu Dhabi National carpets factory ICAD: Abu Dhabi
8. General Petroleum Hamriya Free Zone Sharjah.
9. V.R. Global Industries HFZ Sharjah.
10. Kinetic Engineering Sharjah UAE.
11. DAHABASHIL group Africa.

MANAGEENT STRUCTURE

Main office in Sharjah which is managing the local and international business and marketing relations with Vendors and buyers headed by:

CEO: info@sahil-alkhaleej.com

Business Development: tofique@sahil-alkhaleej.com, agrientech@gmail.com

Sales/Mktg: sales@sahil-alkhaleej.com, info@sahil-alkhaleej.com

ONE STOP SOLUTION for all your Industrial Needs.
