Emerald Skyline General Trading LLC was incorporated as a trading company in September 2013 and started business during October in the same year.

Yousuf Motiwala, the managing partner is at all times ably assisted by his sales & admin team. Between them they have an extensive background in retailing, gained in part from a combined total of 25 years experience in the plumbing and sanitary ware retail & Projects market. ESGT stock high quality plumbing requisites and sanitary ware supplied by local and international plumbing manufacturers.

The company consists of the following divisions namely sales, procurement, operations and administration division. The sales team comprises of showroom/counter sales and a dedicated project team catering to the developers and contracting market. In addition to this ESGT partners with Namida FZ- LLC to offer engineering and technical consultancy to its customers.

ESGT operates from Floortec - Arabia, one location which incorporates all divisions of the business. The business is located in Al Nakhal Road Deira, in an area which is frequented by visitors to other shops in the complex and there is no shortage of feet. It is also very well situated with regard to parking for our customers as

ample parking is provided in front of the business. The company is committed to onsite and on time delivery to its customers.

ESGT has achieved an excellent reputation as a high quality **supplier of plumbing and sanitary ware**. We stock a comprehensive range of plumbing product that caters for the needs of the largest contractor to that of the general homeowner. Products are supplied for, amongst others, individual to mass housing, alterations / additions. Renovations of any magnitude, hospitals and clinics, schools and maintenance for Industry and Government.

New products were identified such as extending our product range to include a premium range of enhanced sanitary ware and also to stock replacement plumbing requisites that would fit well with our existing customer base.

Instead of just supplying **plumbing equipment** and sanitary ware, ESGT will look to supply its customers with a comprehensive solutions in the bathroom industry.

MISSION

To maintain our market leadership status by offering a full range of **plumbing requisites** and associated products and service solutions that enhance our customer's dominance in the plumbing business. To build our reputation in the market as the **plumbing experts** and to build our market share to 10%.

NOFER

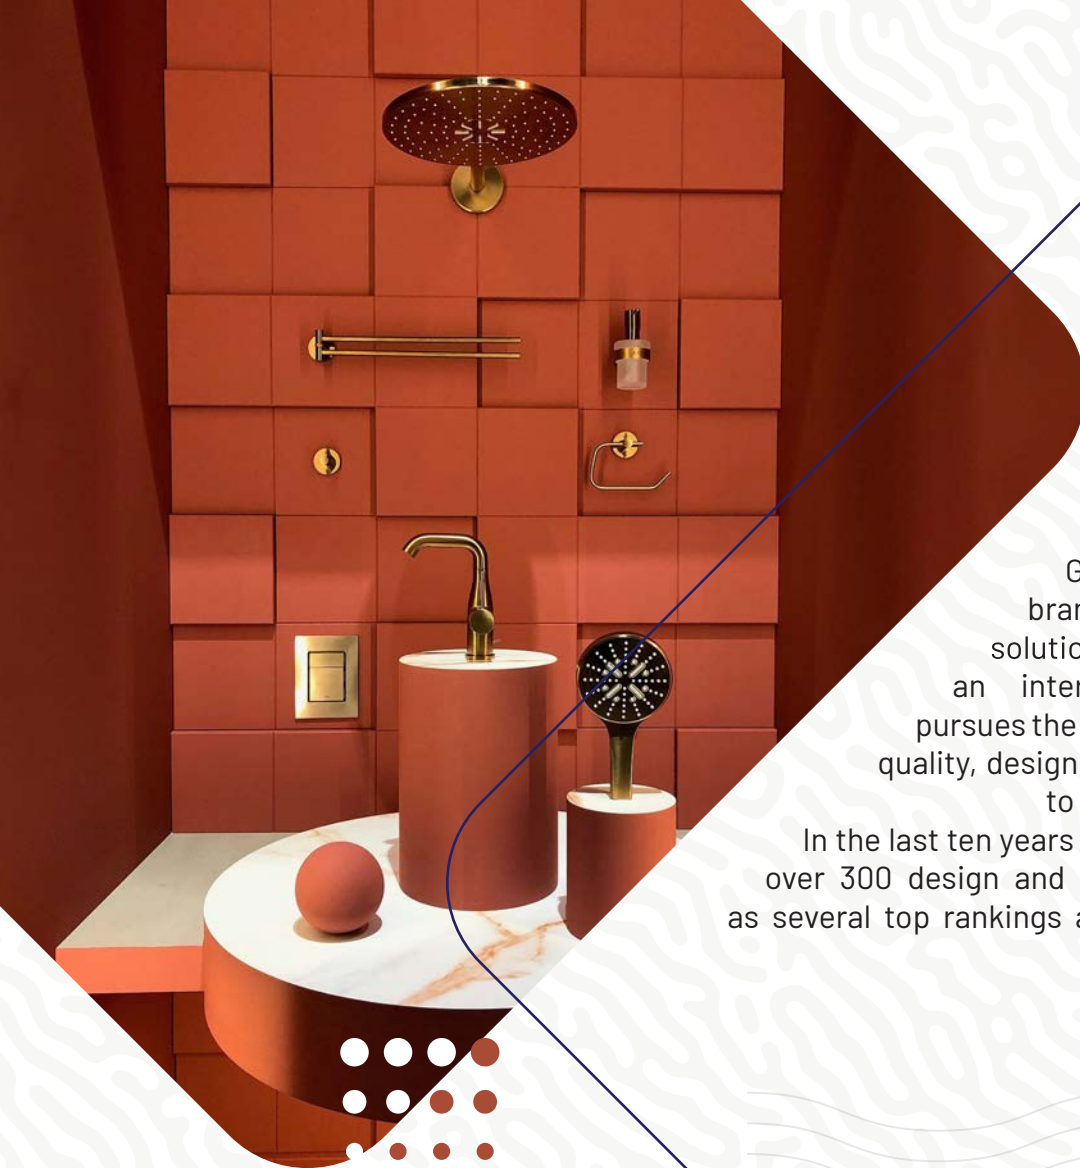

NOFER was set up in Barcelona, Spain, 50 years ago and now offers its products and expertise in over 50 countries around the world. The manufacturing facilities are in Barcelona, Spain, where over 1000 sanitary and stainless steel products are produced.

Innovation in product design and manufacturing has meant that NOFER now offers a wide range of products. The attention to detail and a focus on quality control to supply products that meet the customers' needs means that NOFER is now one of the leading suppliers for these types of products in the industry.

 **GEBERIT**

The globally operating Geberit Group is a European leader in the field of sanitary products. Geberit operates with a strong local presence in most European countries, providing unique added value when it comes to sanitary technology and bathroom ceramics.

GROHE is a leading global brand for complete bathroom solutions and kitchen fittings. As an international brand, GROHE pursues the brand values of technology, quality, design and sustainability, seeking to offer the "Pure joy of water"

In the last ten years alone, GROHE has received over 300 design and innovation awards as well as several top rankings as one of "Germany's most sustainable large brands"

DANIEL

Born in 1985, Daniel Rubinetterie is an Italian creative faucets manufacturer. From its factories located in the province of Milan, Daniel Rubinetterie has revolutionized the classic approach to faucets, creating patented decorative techniques and focusing on the originality of the creations. The aim of Daniel Rubinetterie is to offer an extremely customizable product, which can easily adapt to the specific needs of each customer and make itself the pure expression of every personal taste.

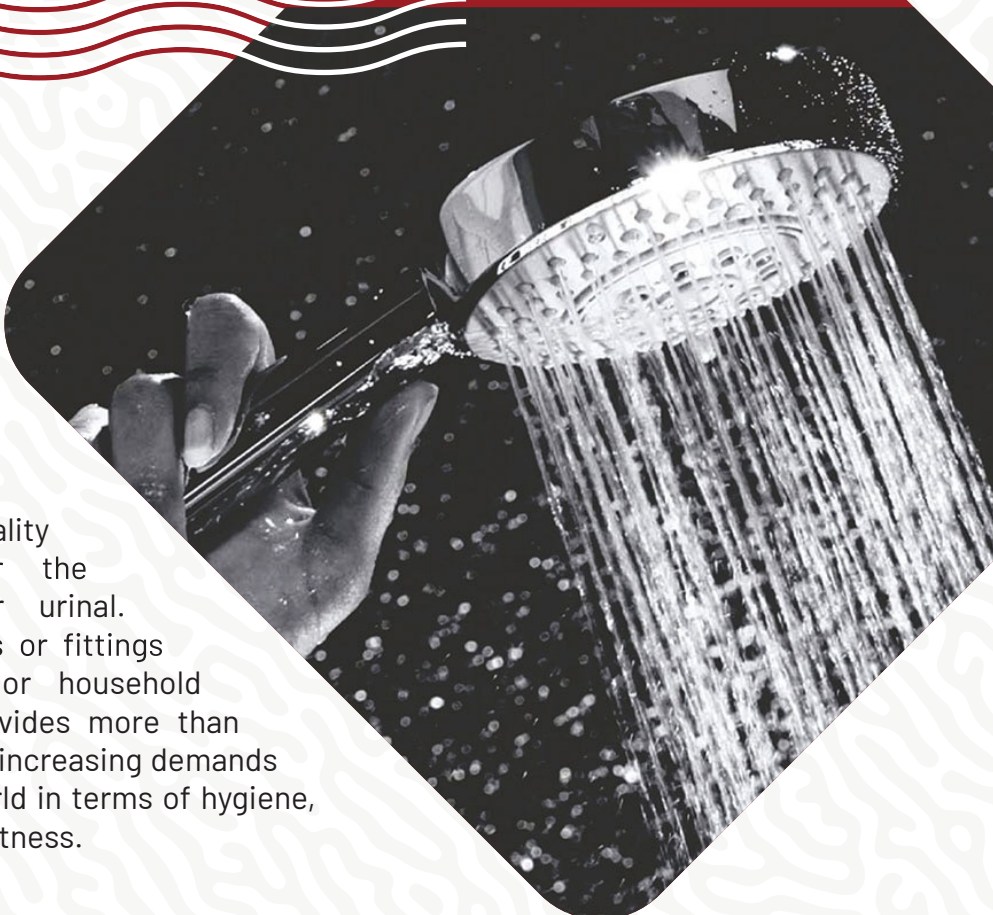

After six decades of manufacturing and development solutions for bath-room and kitchen, experience and innovation are the terms that best define MZ, faucets and plumbing products.

If it says SCHELL, there is quality inside. Whether fittings for the washbasin, shower, toilet or urinal. Whether regulating angle valves or fittings for connecting heating, gas or household appliances. Today, SCHELL provides more than 2,000 competent answers to the increasing demands of our customers around the world in terms of hygiene, water saving, reliability and robustness.

Deante is a Polish brand that for 30 years prospers on the market. Wide range of our assortment includes kitchen equipment, such as: mixers, kitchen sinks made of granite, steel and ceramics, as well as bathroom equipment, covering shower set and panels, shower trays, cabins, mixers and ceramics. The Deante Company cooperates with leading award-winning designers and young talents. Thanks to their creativity we are able to offer innovative products that are well recognized and award winning in many design competitions.

SINK

Unparalleled quality and eye catching design are trademarks of our sinks. Deante designers paid much attention to allow every client to find proper product to suit the size and style of his kitchen. Broad offer of Deante products include granite, steel and ceramic sinks. All models are equipped with universal 3.5 inch drain, as well as fittings that allow for easy assembly and installation of a washing machine or a dishwasher.

MIXERS

Mixers, an apple of the Deante designers' eye, they combine modern technology and design solutions with unparalleled quality of the finish. All our mixers are covered with 7 years warranty and are equipped with ceramic heads. Broad and diverse range of collections makes it easy to choose a product to best suit your own needs.
