## Major Products

---

Eeprom and Driver IC's

Industrial Fuse

IC Programmers and Adapters

High Voltage Capacitors

In-Interruptible Power Supply (UPS)

Contactors

Industrial Cables and Connectors

Timers

Solid State Relay

Sensor (Proximity, Infrared)

Timer Relays

IGBT & Power Thyristor Modules

Potentiometers

Components Tester

Switching Power Supply

Digital/Analog Trainers

Multimeters

Development Kits and Accessories for Arduino

Power Diodes

Elevator Spare Parts

Continuous enhancement of  
Quality, Reliability  
and Service.

## Vision

Shaping Tomorrow's Industry Today

## Mission

---

Empowering Industries with Precision and Power.

**At Next Power, we're dedicated to illuminating progress through top-tier industrial**

## Our Business

---

Welcome to Next Power, the beating heart of electronic innovation. We don't just trade components; we cultivate connections between circuits and dreams. As your foremost supplier, we house a symphony of IGBT Modules, Power Supplies, and a galaxy of components designed to illuminate industries, academies, and missions. Our warehouse isn't just a repository; it's a launchpad for ingenuity. Nestled in the crossroads of the Middle East, our strategic locale ignites speed, bringing your aspirations to fruition faster. From the ordinary to the elusive, our repertoire is your resource, and bespoke solutions are our specialty. We beckon creators, thinkers, and makers worldwide, as we dissolve boundaries to assemble the electronic puzzle. Questions on the uncharted? Demands for the extraordinary? In the realm of electronics, we're not just suppliers; we're partners, collaborators, and conductors of innovation. Step into the world where components are catalysts, and let New-wings orchestrate your electrifying journey."
