## CORODUR Germany

Corodur Fulldraht has been an industry leader in the area of wear protection for 35 years.

We specialize in the manufacture of high-quality consumables for arc-welding and for thermal spraying. The product range includes flux-cored wires for OPEN ARC (FCAW), MIG (MGAW) and submerged arc (SAW) welding and Wear Plates. Our standard production program include Wear Plates, Stick Electrodes of equivalent composition as well as a range of Tungsten Carbide products for the most extreme wear conditions. To complement our products, we also offer consultancy and a full service component surfacing facility using Corodur products.
