MD's Message

“We work relentlessly to provide a safe and sustainable environment for our clients”

At Red **Dot** Electromechanical LLC we are committed to provide the best world class Fire and Safety System to protect you and your property.

- 🎯 We are committed to provide international standard MEP Solutions to your Project.
- 🎯 We are committed to provide you with the best solution in IT – MDM Globally
- 🎯 We are committed to supply you with Safety Equipment's and other safety products.
- 🎯 Our well-trained team will provide you the best service always, which is improvised on an ongoing basis in conjunction with latest technologies in Fire & Safety. The effective combination of people, processes and technology, smart work practices and teamwork is the driving force in ensuring our competitive edge. We invite our stakeholders; employees, customers and principles to be inspired in our passion for continuous improvement.

We have more than 200 plus customers to place our intellectual assets (people), time & service ethos to add value to their life & property and providing higher efficiency and improved business delivery.

Mohamed Riyasudeen
Managing Director

About Us

OVERVIEW

Established in 2012, we at Red **Dot** Electromechanical L.L.C are committed to providing quality fire protection and safety services to our clients in the field of Contracting, Maintenance and Service that provides Fire Detection, Fire Protection and Security Systems across a broad spectrum of industries within the region.

We understand the importance of keeping your business and employees safe, and we work hard to ensure that you have the best fire protection and safety systems in place. Our team of experienced professionals specializes in the installation, maintenance and repair of fire suppression systems, smoke alarms, fire extinguishers, emergency lighting, and fire safety signage. We also offer comprehensive fire safety training to our clients, helping them learn how to respond to a fire emergency and how to use their fire safety equipment properly.

We strive to provide top-notch customer service and dedicated to exceeding the expectations of our clients. Our team is available 24/7 to assist with any fire or safety concerns you may have. We understand the importance of staying up-to-date with the latest fire safety technology, and we are always on the lookout for new products and services to better serve our clients. At Red **Dot** Electromechanical LLC, we are proud to be your go-to source for fire protection and safety services. We take our responsibility to keep your business and employees safe seriously, and we are committed to providing you with the best services possible.

Mission & Vision

Our Mission

Our Mission is to protect people, property, and the environment from the dangers of fire, natural disasters, and other hazardous occurrences. They strive to provide the highest level of fire safety and emergency service to their community. They also strive to foster public safety awareness and education to reduce the incidents of fire and other hazardous occurrences

Our Vision

Our vision is to be the leading provider of fire safety services in our region, setting the standard for excellence in fire prevention, protection and firefighting. We will strive to ensure the safety and well-being of our clients, our employees and the community by providing quality and cost effective services, while adhering to the highest ethical standards. We are committed to providing professional and innovative solutions to our clients, while advocating for the safety and health of our community.

Our Core Values

- 🎯 Professionalism
- 🎯 Integrity
- 🎯 Teamwork
- 🎯 Safety
- 🎯 Respect
- 🎯 Compassion
- 🎯 Accountability
- 🎯 Courage
- 🎯 Dedication
- 🎯 Loyalty

Contracting Capabilities

Project Manager

A Project Manager is appointed who has full responsibility of all activities from the time of order through installation, commissioning at site till the end of the guarantee period. Red **Dot** Electromechanical LLC. ensures that the work execution meets the requirements of the contract in terms of program of work, Inspection & Test Plan and Purchase Order requirements.

Planning

Where appropriate and practical, project personnel shall interface with the Estimating personnel to establish awareness of the scope of work. Project personnel shall ensure to report back to the concerned departments about problems with existing procedures on current projects and in previous projects. This will provide an important feedback loop for project planning and additionally help to ensure that all parties concerned are committed to the scope of work awarded.

Quality Assurance/Quality Control

A logical progression of the processes involved during contract execution is presented in a Quality Plan. Red **Dot** Electromechanical LLC develops project-specific Quality Plans based on the contract specifications and requirements, which enable the team to monitor engineering, procurement and manufacturing activities.

Red Dot Electromechanical offers

Design, Supply, Site installation, Site supervision, Own labor force, Full on-site commissioning, On-site training of clients/operators, Maintenance contracts,

Design Capabilities

Red **Dot** Electromechanical LLC has the capability to use client requirements and specifications as a basis to carry out full design and produce detailed working drawings using the latest computer-aided design software.

Product and Services, **We offer**

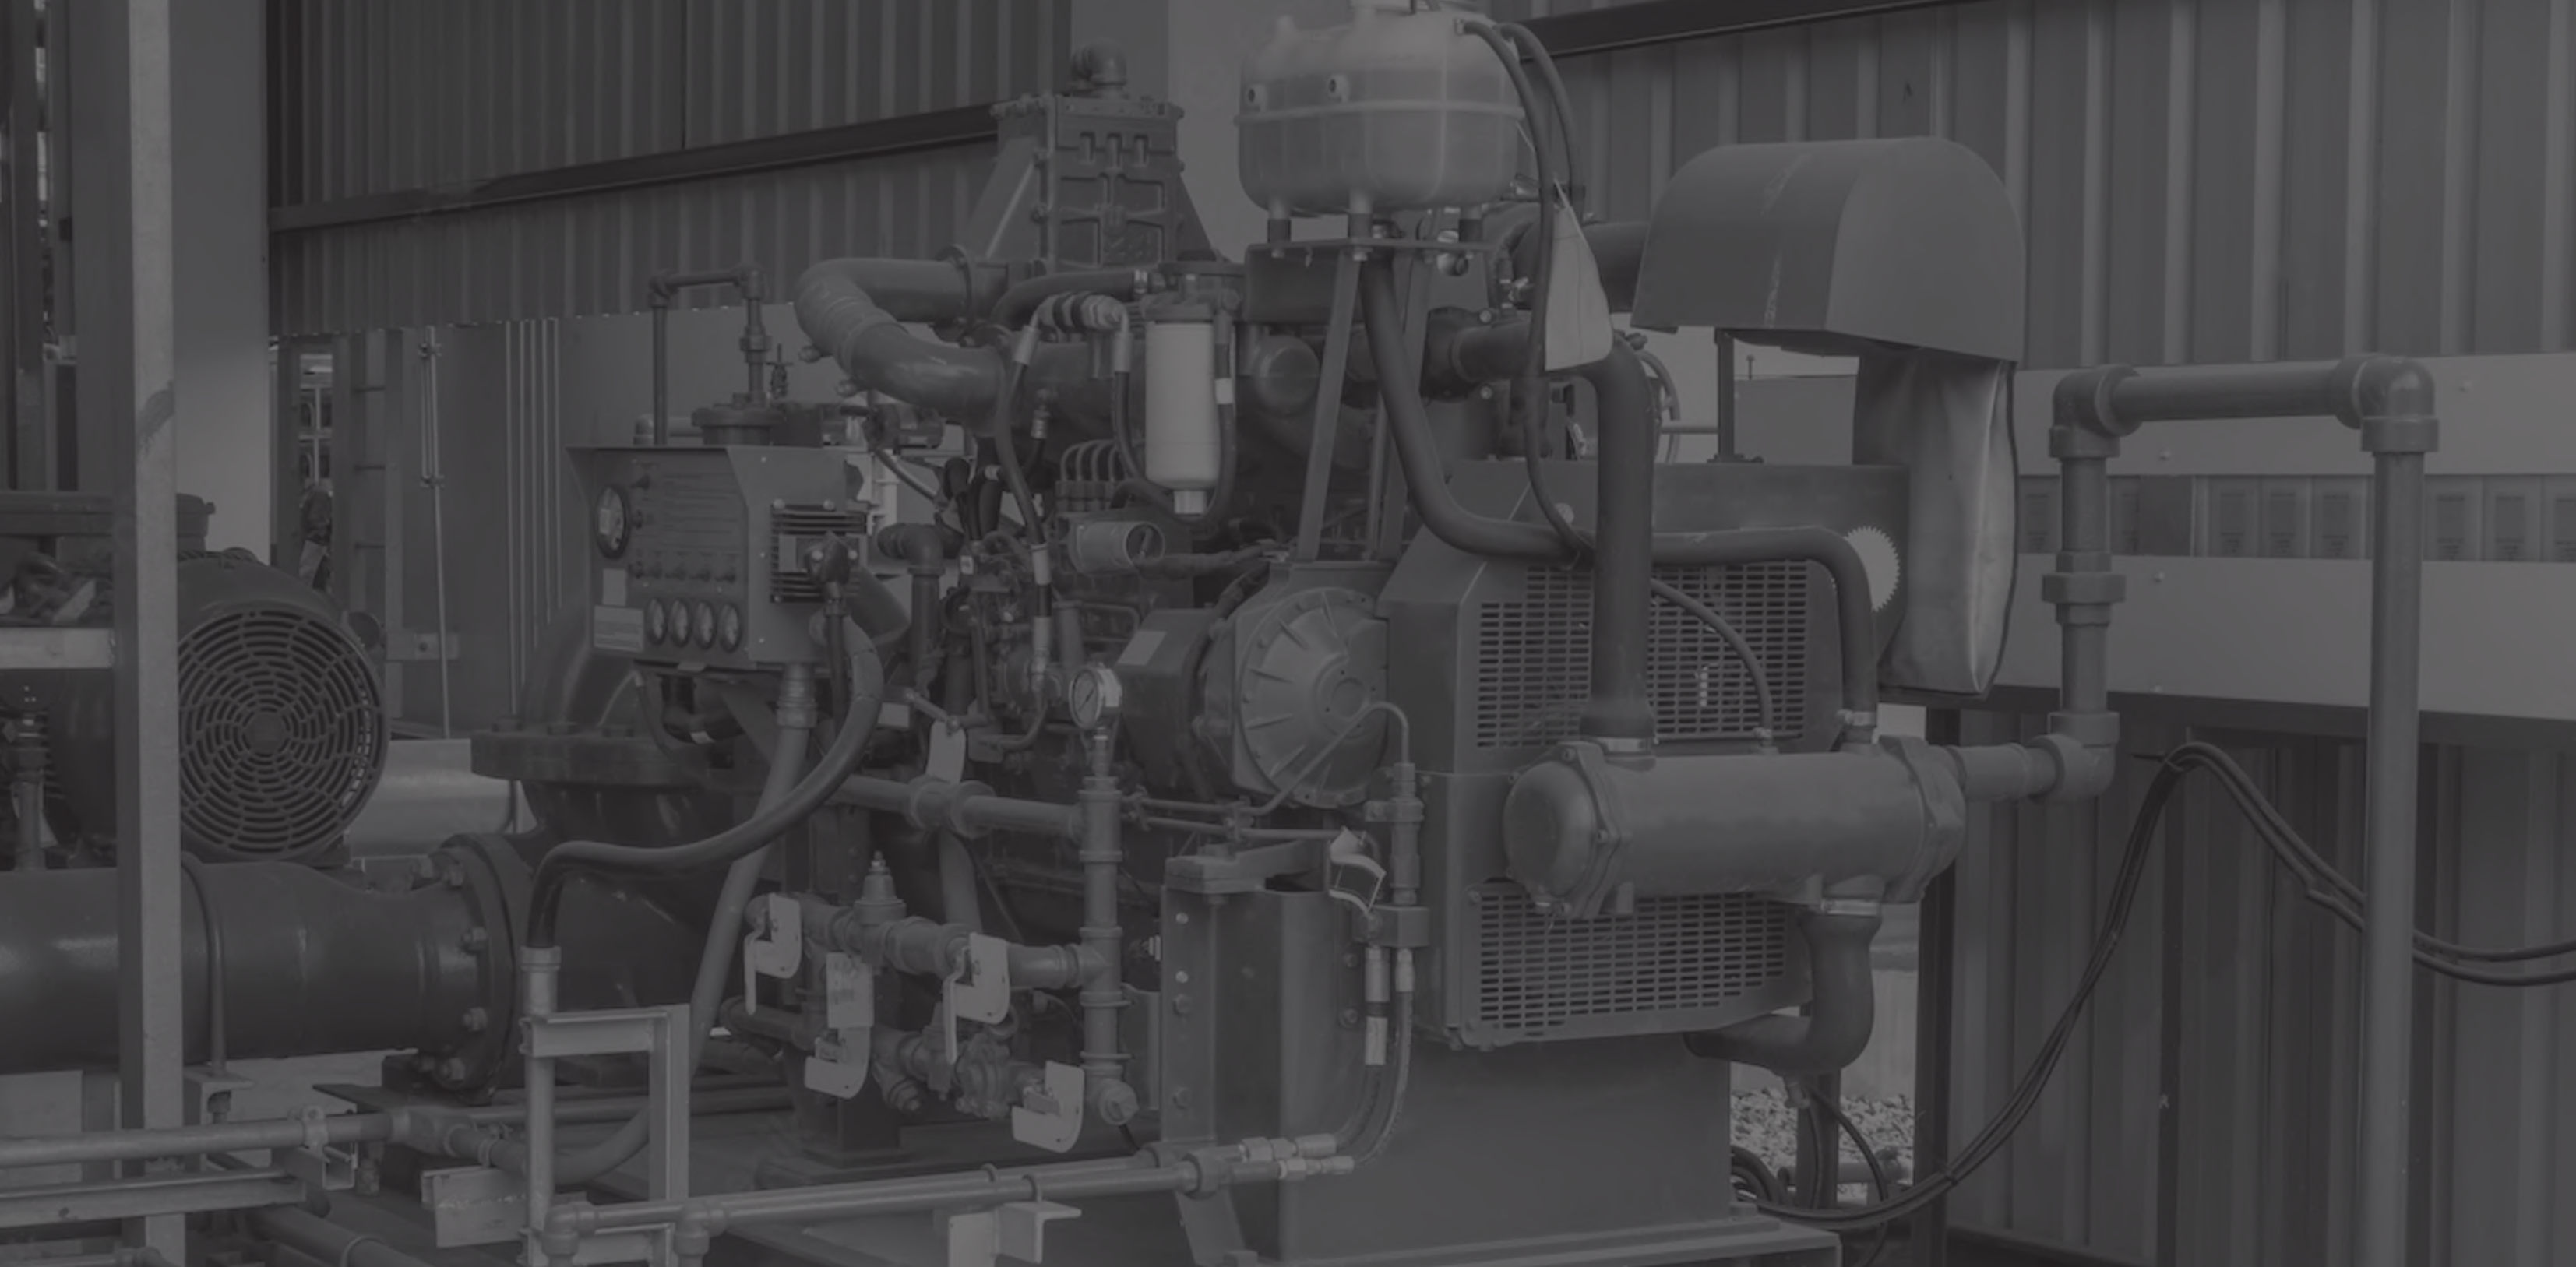

Dedicated teams of Service Engineers support Red **Dot** Electromechanical LLC customer-base to offer electrical, mechanical, preventative and reactive maintenance throughout all market sectors. Service Teams provide routine planned maintenance and urgent repairs. We also specialize in providing teams of Engineers who are able to carry out modifications or extensions to existing systems at short notice. Formal maintenance contracts are tailored to meet individual needs that may range from an annual service visit to permanently-manned sites. Service agreements cover all types of fixed Fire Protection and Detection Systems including Hand Extinguishers and Hose Reels.

Red **Dot** Electromechanical LLC also offer Maintenance and Support Services to the Power & Water, Industrial and Infrastructure market sectors, as we believe we can offer a service for multiple brands of systems from a single source, whereas the End-User would usually engage multiple vendors to complete the necessary service and support on a typical site.

Since we are in the market for past 12 years we also deal with major brands and provide end to end servicing for all the brands that we supply and install. We do complete scope of work from value engineering, Design Build, Evaluation, Estimation, Execution, As-build and yes we do Maintenance of all the systems.

We are very specialized in Active fire system which includes Fire Protection, Fire Detection, Smoke Management, Emergency & Exit Light and Specialized Fire Protection System

We are taking care of your Passive fire system in Supply and Installation of Smoke Management System Fire Door, Rolling Shutters, Overhead Doors , Fire Proof Painting , Fire Proof Sandwich Panels, Smoke Curtains etc.,

We are one of the leading Service providers in Fit-Out MEP, we do all kinds of MEP Service specially in fit-out project which include HVAC/Plumbing /Drainage/ Ducting / Exhaust System / Smoke Management System / Fire Protection System / Fire Detection System / Specialized Fire Protection System Etc.

- 🔥 Fire Protection System
- 🔥 Fire Detection System
- 🔥 Emergency & Exit Light System
- 🔥 Specialized Fire Protection System
- 🔥 Smoke Management System
- 🔥 Kitchen Exhaust System
- 🔥 Fire Doors
- 🔥 Fire Proofing
- 🔥 Fit-out MEP

Fire Protection System

Fire Protection system majorly play an important role to save the human life and their properties there are various types and kind of fire. Fire protection system which commonly use in all the sector, We at Red **Dot** Electromechanical LLC provide the complete range of services from the scratch to the end which includes design, Installation and we maintain the same in all of our projects which include.

- 🔥 Fire Fighting System
- 🔥 Fire Hydrant System
- 🔥 Fire Hose System
- 🔥 Stand Pipes System
- 🔥 Wet Raiser System
- 🔥 Dry Raiser System
- 🔥 Fire Pump UL and Non- UL System
- 🔥 Fire Hose Reel System
- 🔥 Fire Sprinkler System

Specialized Fire Protection System

Specialized System are designed and use for the particular area which will save the assets and human life there are some specific system which is ozone friendly and non-harmfull to human beings , Those which will play any important roles in various aspects , We Red **Dot** Electromechanical LLC provide the complete range of services from the scratch to the end which include Engineering design , Calculation, Supervision , Execution and Maintain the same in all of our project which include.

- 🔥 HFC227 FM200 System
- 🔥 IG54 Inergen Gas System
- 🔥 CO2 Systems
- 🔥 Dry Powder System
- 🔥 Water Mist System
- 🔥 Pre-Action System
- 🔥 VESDA System
- 🔥 Wet chemical System

Fire Detection Systems

Fire Detector systems are commonly known as alarm system which will help to give the early warning before the fire to evacuate from the place. There are various kinds and type of fire detection system we follow as mention below, We Red **Dot** Electromechanical LLC provide the complete range of services from the scratch to the end which include Engineering Design, Calculation, Supervision, Execution and Maintain the same in all of our project which include:

- 🔥 Alarm Addressable System
- 🔥 Fire Alarm Conventional System
- 🔥 Battery Operated Smoke Detectors

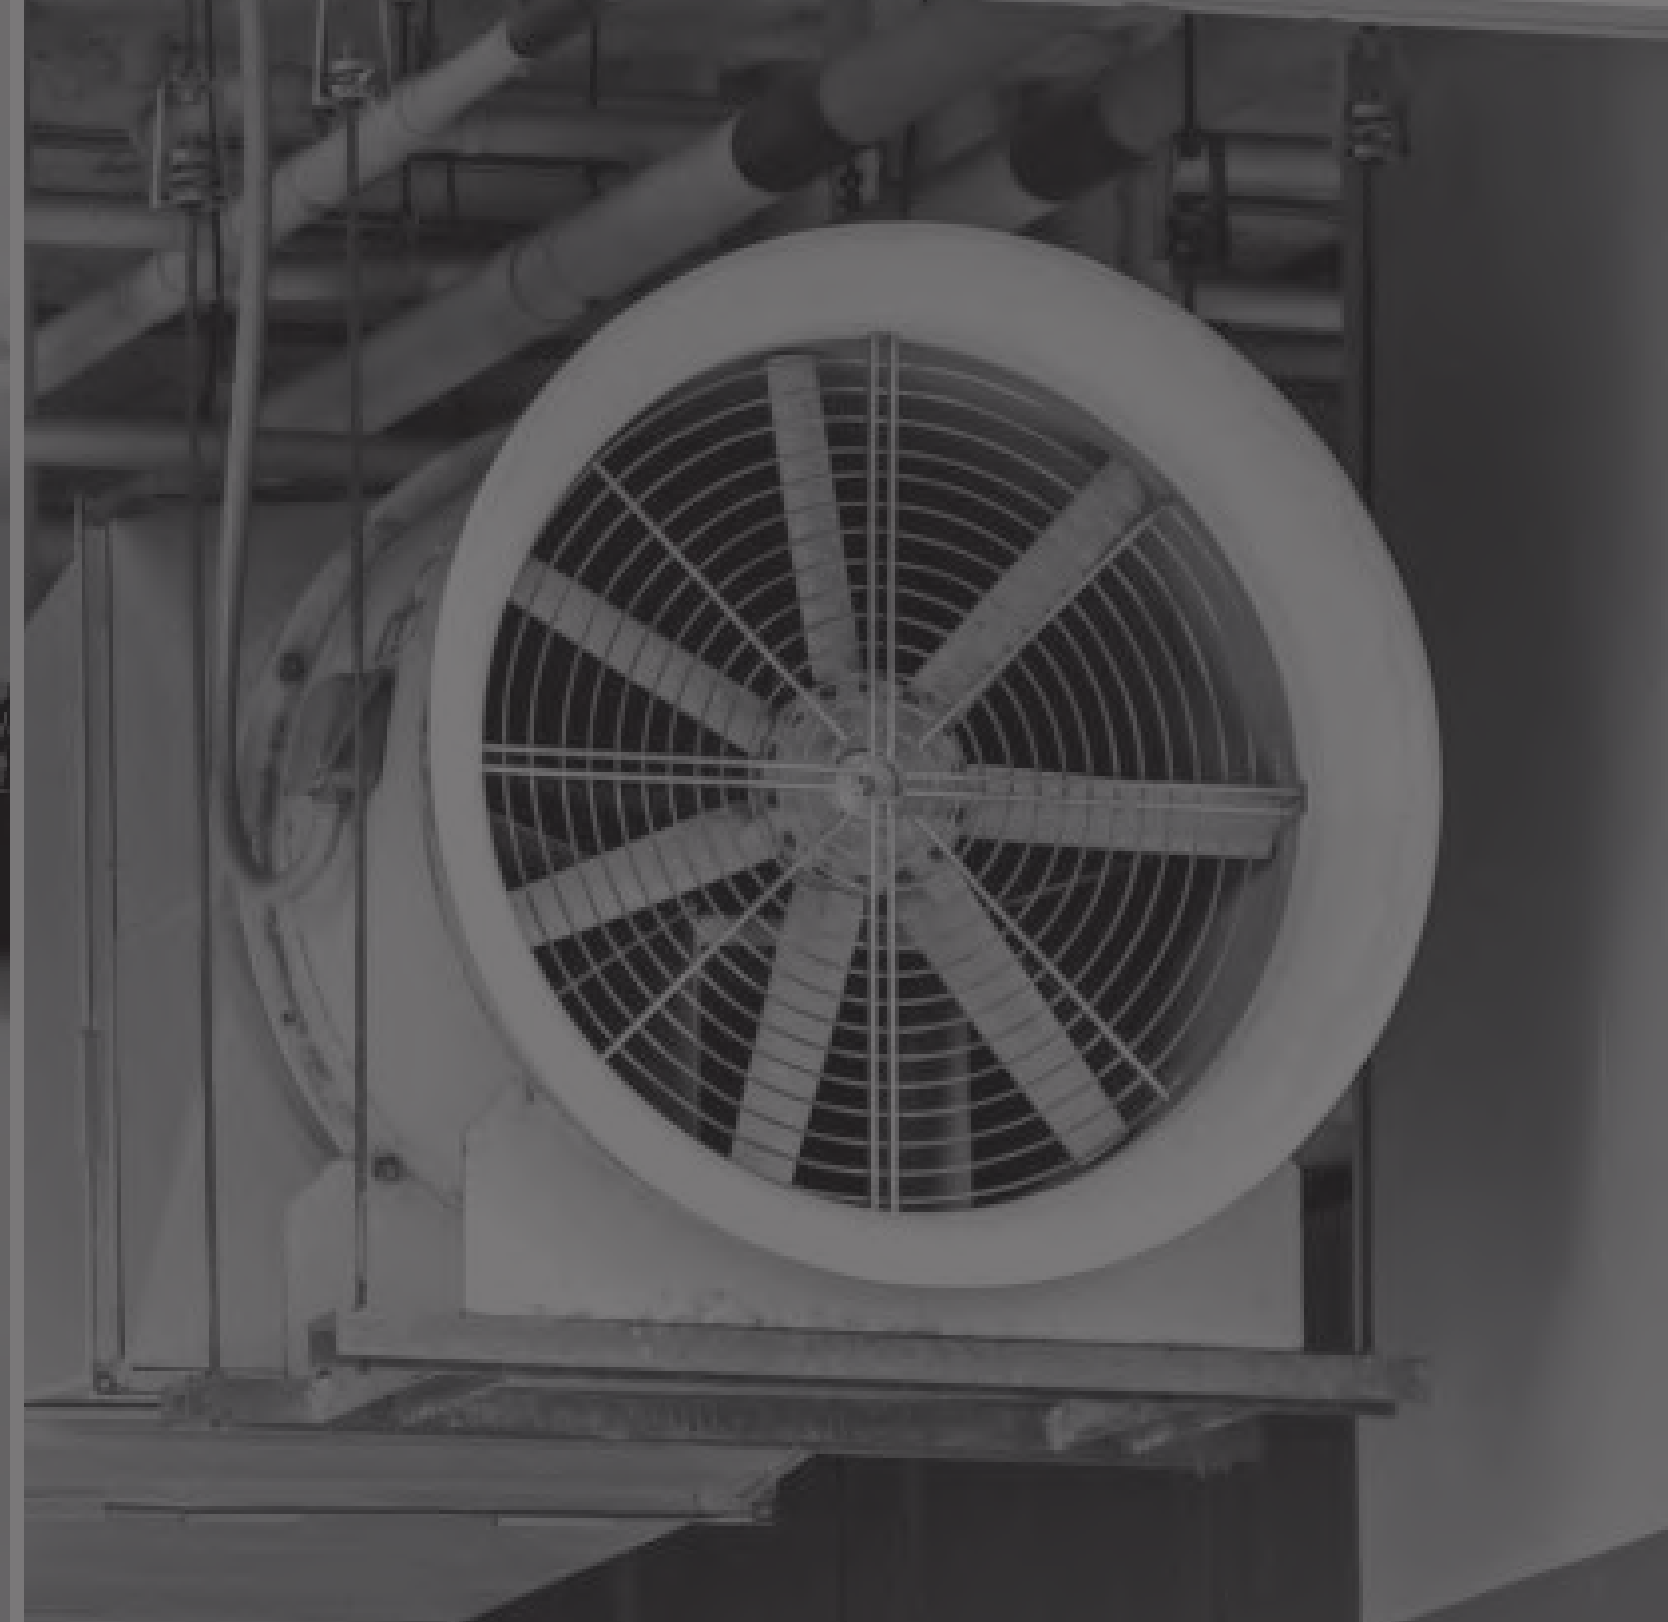

Emergency & Exit Light System

Emergency & Exit Light System are helps to evacuate the people during the power failure and Fire Incident which will help to save the accident and the human life, We Red **Dot** Electromechanical LLC. provide the complete range of services from the scratch to the end which include Engineering design, Calculation, Supervision, Execution and Maintain the same in all of our project which include.

- 🔥 Non-Monitoring Self Content System
- 🔥 Monitoring Addressable Self Content System
- 🔥 Central Battery System

Smoke Management System

Smoke management systems are used commonly for the medium and big size of project which will help to extract the smoke during the fire and emergency situation, SMS system will work automatically during the fire incident and the emergency situation and save human life. We Red Dot Electromechanical LLC provide the complete range of services from the scratch to the end which include Engineering design, Calculation, Supervision, Execution and Maintain the same in all of our project which include.

- 🔥 Pressurized Fan
- 🔥 Exhaust Fan
- 🔥 GI Ducting Work
- 🔥 Mild Steel Duct Work
- 🔥 Pre-Insulated Duct Works
- 🔥 Control Panels
- 🔥 Roof Top Exhaust Fan
- 🔥 Rockwool / Fire Glass Duct Insulation Work

Kitchen Exhaust System

Kitchen exhaust systems are commonly use in Big kitchen, Restaurant, cloud kitchen and centralized kitchen which will help you to exhausted the smoke from the cooking are and prevent from oil and greases. We Red Dot Electromechanical LLC provide the complete range of services from the scratch to the end which include Engineering design, Calculation, Supervision, and Execution and maintain the same in all of our project which include.

- 🔥 Exhaust Fan
- 🔥 Ecology Unit
- 🔥 MS Duct
- 🔥 SS Duct
- 🔥 Makeup Air Fans

Fire Proofing

Fire Proofing are play and vital role in Industrial sector as well as the commercial and residential sector it will help the building structures beams and columns and not getting any damages during fire incident, We Red Dot provide the complete range of services from the scratch to the end which include Engineering design, Calculation, Supervision, Execution and Maintain the same in all of our project which include.

- 🔥 Cementitious Fireproofing
- 🔥 Intumescent Fireproofing
- 🔥 Firestop Fireproofing

Fire Sealant

Fire sealing compound is designed to fill and seal gaps in openings where cables and pipes go through floors and walls in buildings.

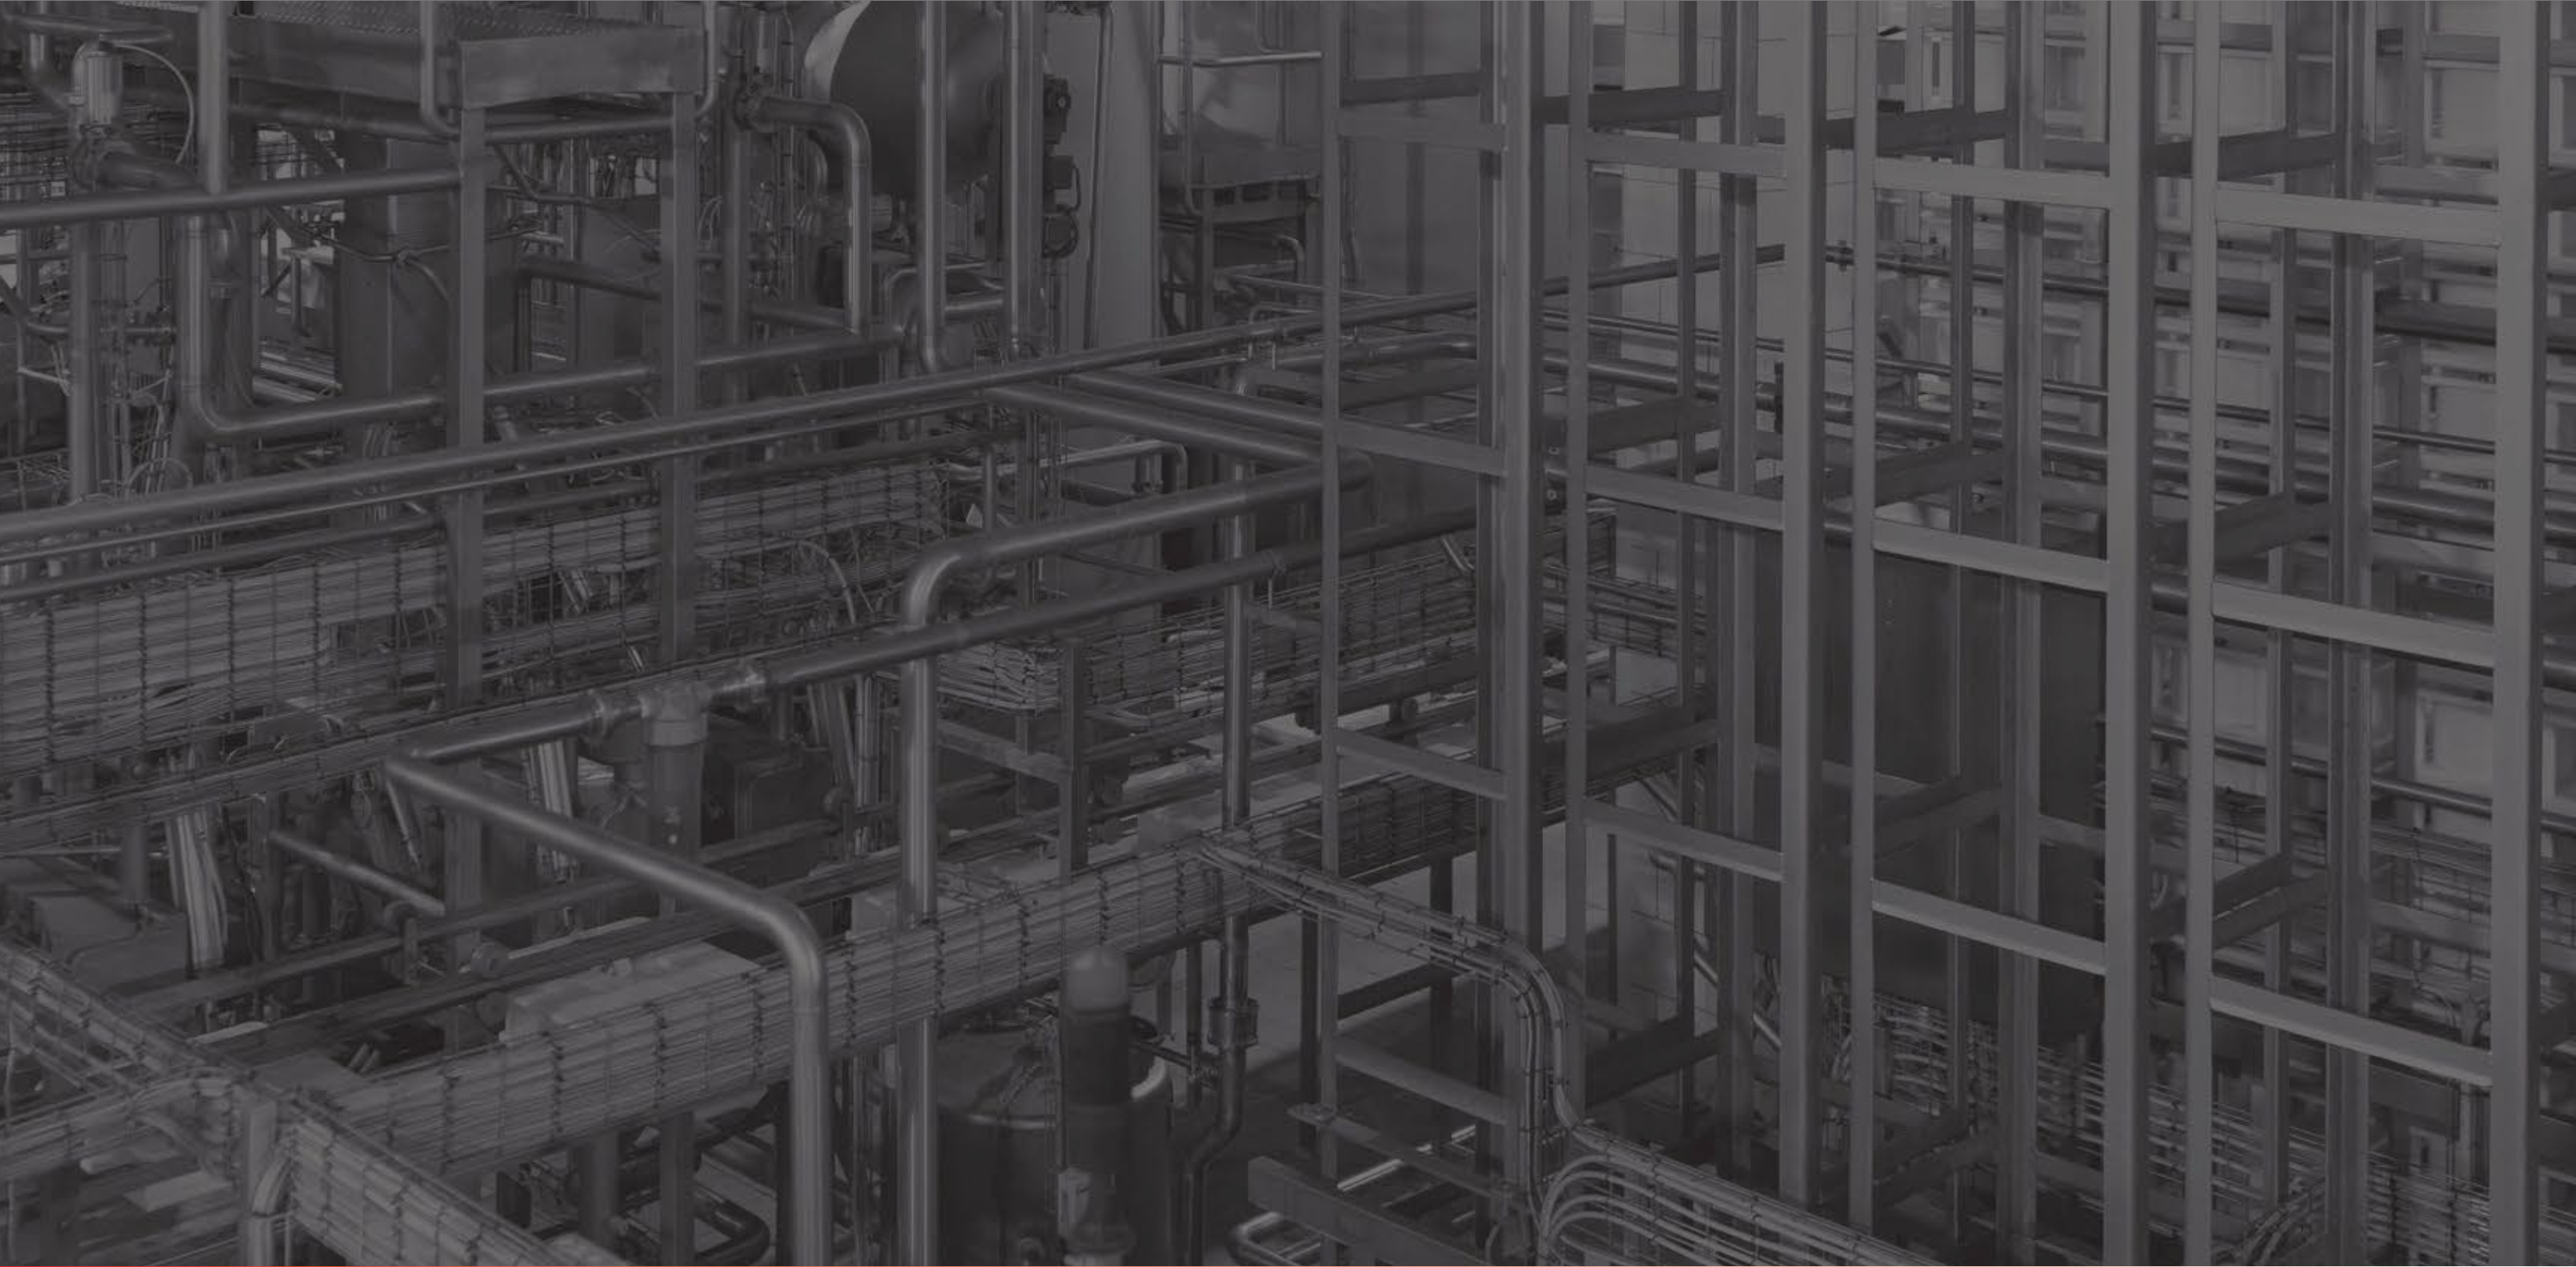

- 🔥 Civil Pipes Sealing
- 🔥 Ducts Sealing
- 🔥 Electrical Cable

Fire Doors

Fire Doors are used in various aspects of the project to prevent and stop the fire from one place to another place during the fire Incident, it will help you to save the human life and the properties of the owners. We Red Dot provide the complete range of services from the scratch to the end which include Engineering design, Calculation, Supervision, and Execution and maintain the same in all of our project which include.

- 🔥 Metals Doors
- 🔥 Wooden Doors
