CHAIRMAN MESSAGE

As chairman and the managing director of Valencia International trading Co.W.L.L I am proud of our achievements as a company to date and am sure this company will continue to flourish. I first established this company in 2004 and have gone on to open up a second branch in 2010 located in Dubai. We, as a company, have also gone on to open an export company based in the UK and another distribution centre in Oman. All four companies are now running successfully with the grace of Allah. I would like to take this opportunity to thank companies from the airline industry, five star hotels and industrial bakeries for all their support over the years. My team of highly skilled and capable individuals have developed a reputation of being reliable, trust worthy and extremely professional. As we surge ahead with this new year our company remains focused on consolidating our presence in Qatar, UAE, Oman and UK, expanding internationally. We give priority to commitment of quality, cost efficiency, service and customer's satisfaction. At Valencia International our self-motivated team of employees strive to achieve this goal.

PARTNER MESSAGE

"We believe a business is not successful if it is only committed to profit. It has to be an activity which creates prosperity and well being for all those who are connected with it directly or indirectly. Profit is only a by-product reflecting how well we are carrying out the business activity.

Our commitment, firstly, is to the Customers we serve as we are in business because of them. Subsequently, we must ensure that the product gives the Customers the kind of performance and productivity that will enable our Customers to realize the full value of money paid. Our relationship with the Customers does not end with a sale but a journey just starts with it.
