# ABOUT US

Westbrook Interiors specialises in delivering innovative and aesthetic interior design solutions that are both, functional and sustainable. We create inspiring work spaces that set you apart from the rest and leave a lasting impression of who you are and what you offer.

Equipped with in-house design, manufacturing and fabrications facilities manned by experienced designers, engineers and site managers, Westbrook Interiors has earned a reputation for consistently delivering quality projects on time, in budget and totally snag free.

# WHY WESTBROOK

- We offer end to end turnkey interior contracting services right from design to execution.
- We believe in "standing out from the rest" and apply the same principle when working for our clients.
- Our craftsmen include a fine blend of skilled and experienced designers, carpenters, electricians, painters, masons and technicians who breathe life into exotic drawings.
- We partner with companies in the Far East and Europe to bring quality furniture and fixtures to our client's spaces.

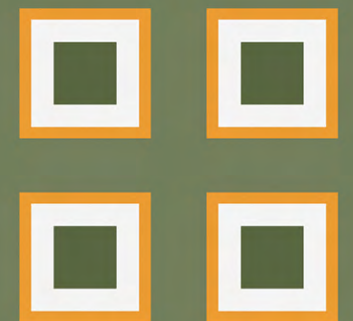

# SERVICES

We offer turnkey solutions to corporates, retail and hospitality sectors. Our areas of expertise are:

- Furniture
- Wall Finishes
- Floor Finishes
- Ceiling Finishes
- Electrical Solutions
- Customized Joinery Works
- IT Solutions
- Office Automation

# 1. FURNITURE

Furniture is not only about aesthetics but more about comfort. We bring together different skills to create solutions that are uniquely different. Be it classical or contemporary, our Far Eastern and European range of furniture offer optimal degrees of style and comfort.

# 2. WALL FINISHES

As they say "Walls speak Volumes". We put this saying into practice! It is our business to asses who will occupy these spaces and then we go about giving complimentary character to the walls surrounding the space with:

- Paint
- Stained / Painted Glass
- Wall Paper
- Wooden Paneling
- Marble
- Stone
- Ceramic
- Steel Cladding
- Fabric Cladding

### 3. FLOOR FINISHES

Floors need to be "Functional" and this is what we strive to provide by minutely evaluating client and industry related factors such as required endurance levels, noise insulation, cleaning comfort and last but not the least, budgetary restraints. We offer the following types of flooring:

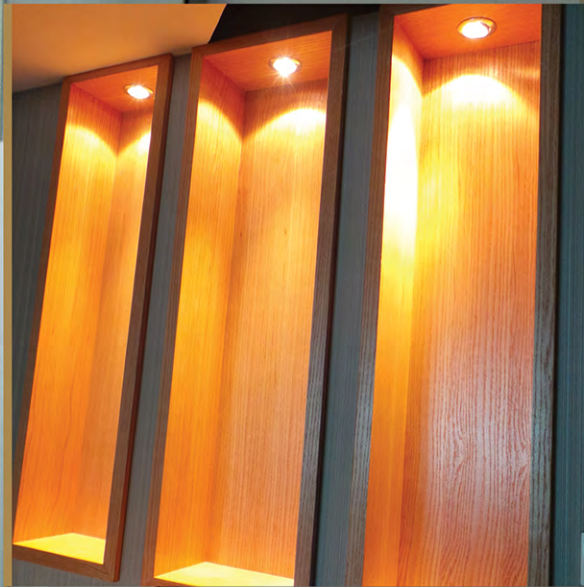

### 4. CEILING FINISHES

Ceilings may draw the least amount of attention but they certainly can't be ignored! We offer false ceilings in a variety of materials, sizes and thickness that can either fasten directly to the ceiling or fit into a grid system called suspension or drop ceiling. Here's a list of false ceiling solutions we provide:

- Ceiling Tiles
- Drop Ceiling
- Suspended Ceiling
- Metal Ceiling
- Wooden ceiling
- Acoustic ceiling

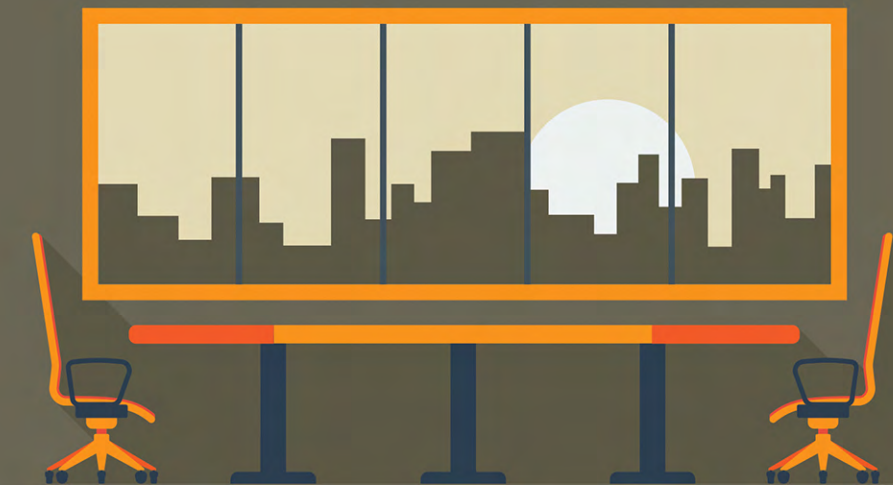

## 5. ELECTRICAL SOLUTIONS

We specialize in providing efficient electrical installations to commercial and corporate developments. We have a team of hands-on and experienced personnel who carry out electrical installations, cabling, switchboard, emergency and regular lighting and general power system works with both, efficiency and ease.

## 6. CUSTOMIZED JOINERY WORKS

We can safely boast of a team of finely skilled craftsmen manning our Joinery works section! These skilled hands with state-of-the-art equipment at their disposal have produced eye-catching work of art every time! Our final products are not only exquisitely designed and manufactured but are made from the highest quality of raw materials ensuring long term durability. We specialise in:

- Reception Counter
- Doors
- Flooring
- Ceiling
- Cabinets
- Workstations
- Executive Desk

## 7. IT SOLUTIONS

We provide a unique value addition by combining technology with spaces. We offer consultation, implementation and integration of total IT solutions encompassing communications, network design, hardware and software supply and licensing.

## 8. OFFICE AUTOMATION

Truly befitting our nature of providing turnkey solutions, we also offer a complete range of office automation which includes:

- CCTV
- Access Control System
- Projectors
- Printers
- Scanners
- Fax Machine
- IT Products
