

INTRODUCTION

**COMMANDER
DIESEL TRADING**

Commander Diesel Trading was established in 2012 as a leading Fuel Supply and Diesel Distributor in UAE. Our head office is located in Umm Al Quwain and branch in Abu Dhabi.

Commander Diesel Trading is proud of its regional relationship which enables it to move diesel almost anywhere in UAE. Although many factors contribute to the development of the company, the key to the firms' growth and success remains the quality of products & enthusiasm of its employees, in the ever fast moving world of diesel, to satisfy the client requirements with Professionalism and dedication.

OUR PRODUCTS

Our prime product is ADNOC, ENOC quality diesel fuel, which means that sulfur content is up to a maximum of 0.001% (10 PPM), strictly in accordance with the Ministry of Petroleum and natural Resources' rules and regulations. Constantly leading industry progress and setting benchmarks in the delivery of diesel fuel, Commander Diesel Trading strives to offer top quality and environment friendly products to meet customers' demands. We NEVER compromise quality over price, hence, we take pride towards the complete satisfaction of our working Partners.

Diesel Gas Oil 10 PPM
Diesel Gas Oil 500 PPM
Diesel Gas Oil High Sulphur

DIESEL IS AN IMPORTANT FUEL

Diesel fuel is important to the UAE economy. As a transportation fuel, diesel fuel offers a wide range of performance, efficiency, and safety features. Diesel fuel also has a greater energy density than other liquid fuels, so it provides more useful energy per unit of volume.

DIESEL FUEL IS USED FOR MANY FACILITIES

Our Diesel Fuel is used in diesel engine generators to generate electricity. Many industrial facilities, constructions sites, crushes, transport companies, hospitals and bunkering for backup and emergency power supply

CAPABILITIES FOR THE ACTIVITIES

We distribute Diesel to local market and bunkering field as well as construction companies, marine, cement factories, hotels and various industries

Accessibility

We operate with 12 fleet of road tankers to distribute the products to the local and bunker market. 16000 I.G, 13000 I.G, 5000 I.G, 1500 I.G which are ideal for accessing sites with limited space and difficult terrain.

Accurate Metering

All the tankers are fitted with L.C meters to ensure the accuracy in quantity. We have a storage facility of Two Hundred Thousand (200,000) Imperial Gallon with multiple filtering systems at Umm Al Quwain Terminal.

Vehicle Tracking

Fuel security, all vehicles are fitted with GPS vehicle tracking to monitor our fleet 24/7 improving safety and assisting with schedule of fuel deliveries.

Safety Equipment

Drivers are fully compliant with Environment, Health and Safety (EHS) and our trucks exceed all Petroleum Industry safety required compliance.

Man Power for Delivery

Our support representative are available 24/7 365 days to ensure that the supply chain is maintained & operated smoothly and to deliver prompt, accurate & cost effective responses to all customer requirement.
