Areas of our Expertise

Highly Qualified Placements

At “Expert Recruitments”, there is nothing we love more than the finding a candidate that is culturally aligned with your business objectives – our executive search and placement solutions are geared towards delivering your organization the results it needs.

Our consultative approach provides options that meet or exceed your expectations for filling positions at the boardroom or senior to mid-level leadership.

Agile & Flexible Workforce

Our contingent staffing services are developed with one goal in mind, enabling your organization to focus on its core business activities instead of worrying about finding and placing temporary workforce. We find the right people for your business as and when it needs.

When your business requires additional workforce to meet seasonal demands or special initiatives, our flexible workforce is available to meet the challenges.

Overseas Manpower Solutions

We have over a decade experience in finding skilled and unskilled labor from various countries across the global. We have strong alliances in India, Pakistan, Nepal, Philippines, Sri Lanka, Uganda, Nigeria, Egypt, Jordan, Ukraine, Russian and many East European Countries.

We provide skilled and unskilled labor for construction, retail, transportation, hospitality, facility management and security services companies.

We drive client relationships and deliver services that are transparent, thorough and on time.
