“

A journey of success always requires the qualities of foresight, strategy and preparedness. All these, along with the power of trust are at the core of all our operations. Our inspiration comes from your trust and willingness to believe in our capability to deliver.

As Chairman of COOL TECHNOLOGIES, I want to assure you that we will do everything in our power to conduct ourselves in a professional manner and be highly competitive and diligent in providing outstanding service to you in a timely, cost effective and quality manner. We stand behind our contractual commitments to our clients and we will work diligently to earn your trust and respect and deliver business and results with excellence.

Thanks to our precious Clients & loyal team of workers and professionals.

-GHALIB BADR SALEH OMAR ALKATHEERI

”

About Us

COOL TECHNOLOGIES, established in the emirate of Abu Dhabi (United Arab Emirates) by well-experienced industrial specialists, who got proven track record of providing solutions for air conditioning and refrigeration systems in the country. All our facilities are being governed by strict quality control procedures in order to meet the entire market quality standards.

We develop customer-focused cooling solutions tailored to meet your needs, whatever they may be. From our core range of products we can also provide fully customized solutions. In addition we offer a fully managed project installation service.

Our Clientele includes major construction and contracting companies, Govt. departments, Ruler's private departments, schools, mosques and hospitals, etc.

Even though, the company is having it's own product line in water coolers, chillers and water bottle dispensers, we are in a position to cater the requirement of the customer (Supply, Installation & Maintenance) on any brand of products or services related to the industry. We are confident to meet all kind of requirements in the specified area of business with the support of highly reputed principal partners. As the company is associated with well-known market leaders and with our commitment to offer the best product and services at comfortable terms and conditions, our focus is to meet and surpass the customer's expectations to reach long term healthy business relationships.

Our Mission

COOL TECHNOLOGIES has a team of experts who are fervently committed to recognize the needs of our clients and provide them the best results regarding their air-conditioning requirements. Our mission is to offer the efficient and reliable services to our customers. Our dedicated team puts in lot of efforts in order to cater the customer's requirement. Our Strategic objective is to provide customized services to our clients. Our mission is to ensure maximum customer contentment simultaneously granting the future generation an enhanced abode adhering to environmental friendly practices.
