## Navigation Lighting System

RPCT prides itself on providing prompt service, delivering quality products and making sure things are done right the first time everytime. We are specialized also in the trading of marine navigation lights and bridge lights. We offered system as per IALA standards and local authority standards.

## General Lighting (Indoor & Outdoor)

RPCT provides a wide range of decorative lighting fixtures sourced from the world leaders in Decorative Lighting. Over the years these Leaders has been able to provide unimaginable pieces and fixtures in order to satisfy its clients needs. These world-class products are complemented with RPCT' s vast experience in the lighting industry and a highly trained technical staff that provides high quality services.

Our customers include commercial and residential property developers, builders, roofing contractors, the merchant trade, and private, individual homeowners.

Decorative Lighting categories are:

- Flood Lights
- Chandeliers
- Spotlights
- Underwater Lights
- Landscape Lighting
- Down Lights
- Garden Lights

## Street & Road Lighting

RPCT provides a wide range of Street Lighting fixtures sourced from the world leaders in Street Lighting.

## Cables

RPCT do supply of all type of cables for Renewable Energy, Airport Lighting, Data Cable, Flexible Control Cable, Tailing Cables, Power & Security Cable, Spiral Cable, Marine Cable and Rubber Cables, when you need them. We pride ourselves on realistic lead times, competitive prices and outstanding levels of customer service.

Cables range from data cables and high temperature wires, signal and control cables and Belden alternatives in low smoke halogen free.

## Warning Sphere

RPCT do supply of Warning Spheres as per client's requirements. The warning sphere is a daylight beaconing installed on the high voltage lines and stays of pylons. Extremely light and very resistant to the weather, the warning sphere is available in Red, White and Orange. Can be adapted on every diameter of line.

Resins used for our warning spheres are styrenic polymers which enable to have:

- Weather resistant
- Physical property retention after UV exposure
- Colour stability
- Practical toughness and rigidity
- Resistant to common household cleaners
- Recyclable
- Easier installation thanks to its mounting system (mounting adapted to the cable)

## Spare Parts & Lamps

RPCT is specialized in supply of Spares and Lamps for Airport Lights, Helipad Lights and Aircraft Warning Lights. We stocks Incandescent Beacon Lamps, Obstruction Lamps, Flashtube, Lenses, Connectors, Windssocks and Windssock Frames for fast deliveries. With stock items there is no cut-off time for orders, if we can ship your order we will. Next working-day delivery to Abu Dhabi is standard. Please visit our web site for latest stock list.
