Company Profile

Crystal Petroleum is a Pioneer Company in the field of Lubricants and Greases. It was established back in 1997 in Middle East Trade-Hub - UAE. Within a span of few years, Crystal Petroleum has successfully and rapidly grown up with its business within the UAE and all other continents, mainly Africa & Asia. With its vast range of services and products with standard international specifications and the solid strength qualified staff, Crystal Petroleum is growing every day. Smart business people who aren't familiar about the Lubricants and Grease Market needs to approach quality suppliers as they use their other professional services suppliers, as trusted allies. Crystal Petroleum seeks to fulfill these needs and become one of the leaders in business of Lubricants and Grease market. We obtain our products from ISO Certified Manufacturers who are fully equipped with state of the art testing facilities. Where each product features an advanced blend of premium quality base oils and additives is carefully tested. Our customized business is spreaded all over Middle East due to the specifications that matches all the requirements of international standards either it is our own brand or in customer's customized brand. There all raw material is passed through quality test before commencing production, thus maintaining the high standards of products. In order to develop market for our products and services in your area we are looking for reputed parties, who are interested in long-term business.

Mission

Our focus is on quality control standards that ensures each shipment is continuously monitored that guarantee the integrity of our products. Our relationship with customers and suppliers is based on our ethics and manners and is conducted with integrity that reflects our commitment to excellence.

Vision

Keeping in mind our mission, our aim is to transport quality products to our local and overseas customers in the best condition, on time and the most reasonable cost to turn the new customers into repeat loyal customers that makes us unique in the field of lubricants and greases.

Values

We believe in building long term relationship with our customers and in career growth for our staff.

Petrol Engine Oil

Crystal Petrol Oil 20W50

High Quality

Crystal Petrol oil is mineral based engine oil for classic engines. High quality virgin base oils with latest technology performance additives and shear stable viscosity index improver. Use as received for engine lubrication of primarily vehicles, both petrol and diesel, which were developed on the multi-grade oils, incorporates modern additive technology with period viscometrics to provide the optimum lubrication characteristics for engines.

API SL/CF | Covers API SC, SD, SE, SF, SG, SH, SJ | ACEA A3-B3
CCMC G4 / D4 PD 2 | MIL-L-461521 | MB 229.1* | VW 501/505

Packing: 1Ltr, 4Ltrs, 20Ltrs, 25Ltrs, 200Ltrs, 208Ltrs

Crystal Petrol Oil 10W40

Semi-Synthetic

Crystal Semi-synthetic oil is suitable for fuel injection petrol engines fitted with 'blow-by' recirculation and catalytic converters. Also suitable for turbo charges and inter-cooled direct injection diesel engines fitted with blow-by recirculation, it works harder to protect then conventional motor oils by continuously preventing dirt and sludge build up. In addition to offering superior engine protection for all driving conditions. Crystal Semi-Synthetic oil cleans and protects for more responsiveness.

API SM/CF | ACEA A3/B4 | JASO'SG+'
VW 502 00/505 00 | FIAT 9.55535 G2

Packing: 1Ltr, 4Ltrs, 20Ltrs, 25Ltrs, 200Ltrs, 208Ltrs

Diesel Engine Oil

Crystal Diesel Oil 15W40

High Quality

It is high performance oil formulated for all heavy duty and light duty diesel engines operating under severe conditions. This is above average mainline oil, which is suitable for both middle aged and old heavy and light duty trucks and other equipments. It gives excellent protection against oxidation thickening, soot, and bore polish and piston deposits.

API CH-4/S | ACEA E2/A3/B3 | MB: 228.1/229.1

VOLVO VDS-2 | SCANIA LDF | CAT ECF-1-A

Packing: 1Ltr, 4Ltrs, 20Ltrs, 25Ltrs, 200Ltrs, 208Ltrs

Crystal Diesel Oil SAE50

Heavy Duty

Crystal diesel are high quality, multi-purpose heavy duty engine lubricants formulated from advance technology base oil and balanced additive system. They are specifically engineered for performance in turbo-charged and super-charged engines operating under severe on and off-highway conditions.

API CD/SF | MIL-L-2104-D | Allison C-4,C-3

MTU Type 2 | Caterpillar TO-2

Packing: 1Ltr, 4Ltrs, 20Ltrs, 25Ltrs, 200Ltrs, 208Ltrs

Gear Oil

Crystal Gear Oil SAE 90, 140

Manufactured from selected additives in high quality solvent refined mineral oil. Use as received for lubrication of transmission system which preclude the use of extreme pressure (EP) types . which allow maximum protection for the automotive gears, Crystal gear Oil are a range of heavy duty lubricants developed to meet or exceed international recognized specifications and classifications. Crystal Gear Oils are available in viscosities to cover all operating conditions.

API GL-1

Packing: 1L, 4Ltrs, 20Ltrs, 25Ltrs, 200Ltrs, 208Ltrs

Crystal Hydraulic Oil

ISO22,32, 37, 46, 68, 100, 150 to be energy conserving in pump startup mode while providing improved load protection to reduces wear during pump operation. The high viscosity index makes these products lighter and more energy efficient at room with high temperature and high loads operating, the stabilized of Crystal Hydraulic Oil Provides a high level of viscosity, crystal Hydraulic oil provides highest level of performance in a wide variety of transportation and stationary type equipment operating in broad ranges of environmental condition and which operating under severe conditions. It prevents rusting and corrosion recommended for use in hydraulic systems where low toxicity, high flash point and biodegradability properties are required or desired.

Packing: 20Ltrs, 208Ltrs
