

SMART OUTFITTERS (FZE)

Workwear designed to work as hard as you

INTRODUCTION

Smart Outfitters FZE, a leading manufacturer, exporter & supplier of uniforms, corporate clothing and protective apparels and accessories is a trusted name for industrial garments manufacturing. We are recognized for producing upgraded and innovative products. Smart Outfitters FZE is a young and dynamic organization, managed by professionals, determined to carve a niche for itself in its segment. We at Smart are extremely passionate about what we do; we are passion driven individuals making a difference in the uniforms and workwear industry.

Smart Outfitters FZE has an immaculate track record of manufacturing & supplying qualitative Industrial Safety Clothing, coveralls, Corporate Jacket and Trouser Set, Pharmaceutical dresses, Uniforms, safety shoes, eyewear, gloves. All our efforts are geared by a vision and aspiration to provide our clients a maximum value for money coupled with a prompt service. We have a proficient manufacturing facility with the latest machineries capable of meeting international quality standards in matters of safety uniforms. Our in house facilities for handling various processes of manufacturing and finishing enable us to integrate our production in a comprehensive manner thereby increasing efficiency and we have an exclusive array of specific industrial attires which have been stylized and created from special fabric types. These come in a wide variety of colors and sizes.

Smart mission is to keep people safe, comfortable and stylish at work. We are committed to delivering that goal through our core values. Our values are more than just statements. Our team of highly qualified experts, work on your requirements to offer practical, hassle-free products and services to ensure that your work place is safe and compliant. Our key goal is customer satisfaction; we are constantly striving to provide the best quality and the best service to our customers.

OUR TEAM

Management

Our Management consists of highly trained and experienced individuals who have a combined experience of over 70 years in the apparel industry. Our management holds strong the belief that “empowerment” comes from within, and has more to do with self-motivation and innate talent than with the acceptance of authority. They see business as a symbiosis where the most diverse firm is most likely to survive and thrive. Our teams are created so that they adapt easily to new markets and can quickly form partnerships with other companies, customers ... and even competitors.

Designing, Merchandising & Sales Team

All our merchandisers are fashion designers with excellent experience in the fashion and corporate work wear industry and hail from various parts of the world. Our merchandising & sales team take our customers from first contact through designing, development, production, delivery to after sales like a breeze. We believe that selling is communicating. Selling is explaining the logic and benefits of a decision or position. To us, Selling is convincing people to let us work with them. Our product speaks for itself. We speak through our service.

Production Team

Even with a production capacity of over 17,000 garments per month, our production team consisting of highly skilled craftsmen strongly believe that it is not just clothes for people that they stitch, but that each piece of garment is a glistening armor for a valiant knight. From our master cutters to our tailors, every ounce of effort is put into creating that perfect fit. We persist through trials and alterations to give you the perfect garment thus redefining the term “bespoke”.

Embroidery & Printing Team

Our embroidery and printing section has state of the art machinery to bring logos and designs to life. Embroidery is completely computerized with TAJIMA machines and run at ultra high speeds. For printing we employ the best machinery, processes and dyes. We also have a state of the art EPSON digital direct to garment printer for the best printing effects
